

Laundry Forum Scheduled Here

With new low prices for automatic laundering equipment, a laundry as modern as present-day kitchens is now possible for every home.

But even with your present equipment, the laundering job can be made easier and better by applying a few of the practical suggestions to be given the home makers that attend the "Laundry Forum" being sponsored by Ralph Johnson Appliances.

Two forums will be given, one at 2:30 on Thursday afternoon, July 14, and the other that evening at 8.

The forums will be conducted by Miss Frances Alexander, regional home service director for Bendix home appliances. Miss Alexander, who considers Oregon home though she had headquarters in San Francisco, represents the Bendix Home Laundry Institute in the 11 western states.

Mrs. Eva Cruzen, home service director for the Bendix distributor in Oregon will assist with the meetings.

Liberty Dedicates Church With Crowd

Liberty—About 300 persons attended the dedication services Sunday afternoon at the Liberty Christian Church of Christ. A loud speaker system accommodated persons seated in the basement during the services, and many were turned away due to the seating capacity and the heat. The collection was \$651.35.

Mr. and Mrs. Cecil Sergeant of Santa Cruz, Calif., attended the services. Mr. Sergeant organized the Liberty church 12

years ago. Flower arrangements were sent by different organizations. Sunday school was held for the first time in the new building with an attendance of 103 and during the morning worship 32 were consecrated to membership.

British Leaders Would Trim Funds

London, July 13 (U.P.)—Finance ministers of the British commonwealth countries began a conference today to trim the empire's dollar expenditures, especially American imports.

They gathered first with British Prime Minister Clement R. Attlee at 10 Downing street, then were scheduled to adjourn to the nearby British treasury building for a prolonged study of the empire's dollar shortage and ways to overcome it.

The conference may last several weeks, treasury sources said.

British Chancellor of the Exchequer Sir Stafford Cripps is expected to submit some concrete suggestions for cutting down American imports. He also will fill in his commonwealth colleagues on his recent conversations with U. S. Secretary of the Treasury John W. Snyder.

HISTORIC MEDICAL HIGHLIGHTS—NO. 42

605 FAILURES

For two years Paul Ehrlich experimented with the powerful, arsenic-containing drug, Atoxyl, seeking some modification of it which would kill the deadly corkscrew parasites, Trypanosomes. 605 of the resulting compounds failed. In the 606th there was magic. It destroyed every Trypanosome in infected mice and restored them to health almost at once. Noting the similarity between Trypanosomes and the bacteria causing Syphilis, Ehrlich successfully tried his compound on the latter and found the first known effective cure for Syphilis.

MAKES A BUSINESS OF BICYCLING

Thousands of Seaside's annual vacationists ride rented bicycles enthusiastically as a beach pastime. Energetic Gordon Shaw in 1935 foresaw this popularity; decided to serve the public's fancy. He quit law school and started his South Prom Bike Shop near the Lewis and Clark turn-around. Business grew slowly, but today Shaw must hire assistants to help meet demands for bikes, tandems, tricycles and baby strollers. Shaw, active Seaside Chamber of Commerce official, also finds time to operate his large "Prom" apartment building. He's a long-time customer of First National's Seaside affiliate, the Clatsop County Bank.

TURNING JUNIPERS INTO DOLLARS

In 1930, Vearl and Elsie Lehrman of Bend began making novelties from Central Oregon's juniper trees. With a gift lathe, powered by their washing machine motor, Lehrman turned out colorfully-grained items of his own design. Today their Western Juniper Novelty Co. is in a new building, with living quarters, modern shop and display room. They have mastered the individualistic wood, learned the public's souvenir tastes and developed far-flung sales outlets. "Ours is a product typical of Oregon which First National helped us develop," Lehrman says.

BUILDING OREGON TOGETHER

In all parts of Oregon people are working to better themselves—and in the process keep our state growing. We introduce some of them here. In each case they've made effective use of the constructive services of our First National Group banking offices. We believe that by helping individuals toward prosperity, we help build Oregon—family by family, farm by farm, business by business. Whether your financial needs are large or small, come in and talk over your situation with us. —"Let's Build Oregon Together."

MEET JIM THOMPSON, STAR FARMER

Jim Thompson of Salem was Star Farmer of America in 1942. In high school he ran a 120-acre ranch, starting by purchasing 50 acres. Sheep, hogs and cows brought him profits. A prized memento of his Future Farmer of America title is his Oregon Bankers' Association trophy. After FFA days Jim raised beef cattle. Now he's developing an orchard and seed crop ranch in Salem's Waldo Hills district. Jim's wife is his schoolgirl sweetheart, Eunice Johnson—and their are Donna, 6, and Dickie, 3. Says this topnotch farmer: "I especially appreciate the help First National gave me as a youngster."
