

Weather Hits Polk Logging

Dallas, July 14 — Successful in preventing all forest fires to date with good cooperation of the public, W. M. Curtis, district forest warden with headquarters in Dallas, states that he is waiting with his "fingers crossed" for something to break.

The hot weather of the past week has driven loggers out of the woods intermittently. Most crews went out at noon Tuesday with a fall in humidity, but they all went back Wednesday morning. Threat of another sizzling day indicated that they would not be able to work the full day.

Curtis states that he has hesitated to close Polk county forests because of inconvenience that it would cause those who must use the woods and his office. The public has been cooperative so far in this, a very hazardous summer season, and he is asking for continued awareness of the acute danger of fire involved.

Opening of a road from Val-

set to Toledo in Lincoln county adds something more of a hazard, because it opens another road to the coast through forested area. The increased number of travelers brings that much more likelihood of someone's carelessness, Curtis states.

While temperature in Dallas reached a high point of 91 degrees, that on Friday, not a drop of rain has fallen during the month of July and only .53 inch was recorded in June.

Doctor Will Study Independence—Dr. J. A. Rom-bough will leave Saturday for Chicago, Ill., to attend a post graduate course as presented by the National college.

Palmistry Readings
Will tell your past present and future. Will advise on love, marriage and business. Answers all questions. Are you worried? Why be in doubt? Special Readings.
