Charles Hall

## Charles Hall Dies in Portland

Portland, July 18 (AP)—Charles Hall, 68, for 16 years an Oregon state senator and three times a candidate for the republican gubernatorial nomination, died of a heart attack Saturday. Funeral services will be held at the Portland crematorium tomorrow at 2 p.m.

He was a senator from Coos and Curry counties. He ran for the gubernatorial nomination in 1922 and 1930, and in 1934 withdrew after formally announcing his candidacy.

A native of Pennsylvania, he came to Oregon in 1901, taught school and operated a drug store in Columbia county. Later he had a drug store at Hood River and organized the Oregon and Washington Telephone company.

He moved to Coos county in 1914 and engaged in lumbering, shipping and founded another telephone firm. He organized the Bank of Southwest Oregon there in 1917 and in 1921 became president of the First National Bank of Klamath Falls.

His public service included memberships in the state fish and game commissions and the state land settlement commission. He was a 32nd degree Mason, a Shriner and member of the Elks lodge.

His widow, Ann, and two daughters and two sons survive. One son is Charles W. Hall, Salem.

## CAB to Hear All Evidence Offered on Salem Airport

All interested parties will have an opportunity of presenting evidence in support of United Air Lines service in Salem and that evidence will be carefully weighed by the civil aeronautics board. Oregon's Rep. Walter Norblad was given this information last week by the acting chairman of the board, Oswald Ryan. The information was contained in a letter sent the congressman in response to his protests made to the CAB since word of the board's proposal to substitute West Coast Airline service in Salem for that of United Air Lines was received.

In the communique to Norblad Ryan stated: "As you doubtless are aware the board on June 29, 1949, issued an order in Docket No. 3966 against United to show cause why its service to Salem should not be suspended. This order will be the subject of a full public hearing at which time all interested parties will have an opportunity of presenting evidence in support of a continuance of the United service."

The proposal for substitution for discontinuance of United service and its replacement by West Coast, has received continued protests from businesses in Salem and surrounding territory and brought the suggestion that both airlines be permitted to service Salem.

West Coast Airlines officials Tuesday afternoon are slated to visit Salem and present information on their company and its operations to representatives of the Chamber of Commerce, the city and other interested persons.

The four representatives of the company, slated to arrive late in the afternoon aboard one of their new planes after visits to other Oregon cities with the plane, will be met at the airport by Mayor Robert L. Elfstrom; City Manager J. L. Franzen; Claire Brown, vice president of the Chamber of Commerce; Clay Cochran, secretary of the Chamber of Commerce; Jack Bartlett of the state board of aeronautics; and representatives of the Salem newspapers. The meeting with the four will follow their arrival.

In the group will be H. A. Munter, executive vice president; Bob England, general traffic and sales manager; E. B. Code, operations manager; and Russell Bath, chief pilot.

## 30 Days Jail for Stealing Auto Robe

An ex-convict from Arizona and Arkansas, Joe Nathan Flowers, was sentenced to 30 days in the Marion county jail Monday after he pleaded guilty to the theft of a car robe.

Flowers was arrested by Salem police on a drunk charge. In his possession at the time was a car robe and other articles.

Shortly after he was booked, Rod Martin, 1145 Saginaw, reported to police that an auto robe had been stolen from his car while it was parked in downtown Salem. He identified the robe as belonging to Joe Nathan Flowers and in his possession when arrested as one removed from his car.

**Alarm Sounds** — Police investigated the sounding of a burglar alarm at the Clifford W. Brown Hop Supply office in the 100 block on North Front street, but found the building locked.

## Lions Open '49 Convention

New York, July 18 (AP)—Delegates from 26 countries, many of them in colorful costumes, today formally opened the 32nd annual convention of Lions International.

They heard Gov. Thomas E. Dewey urge that western Europe be made into one large area for the free exchange of goods and services as in the United States.

Admiral W. H. P. Blandy, commander-in-chief of the Atlantic fleet, told the delegates that "the atom bomb will not destroy civilization."

Registrations for the five-day convention indicated an attendance of at least 30,000 delegates. Families, in many instances, accompany the delegates to Lions conventions and the program includes special entertainment features for the women and children.

One of the colorful numbers on today's program was the annual presentation of flags of all 26 countries in which there are Lions clubs, with young women dressed in native costumes representing each country.

Governor Dewey, in his address of welcome, said it was important that the senate, "with real enthusiasm," ratify the North Atlantic treaty.

Admiral Blandy, speaking on the subject "Is the Atom Bomb Overrated?" drew these four main conclusions in his summary:

"1. The statement that 'there is no defense against the atom bomb' is an exaggeration."  
"2. The atom bomb will not destroy civilization."  
"3. The atom bomb is a major deterrent to war; but it will not retain this distinction indefinitely."  
"4. The atom bomb is an immensely potent engine of destruction; but it is not the absolute weapon of decision."

Janice Harvell, 17-year-old blonde school girl of Carolina Beach, N. C., was adjudged "Queen of the United States."

## Wallowa Lakes Fishing Good

Snow-filled canyons still prevent making the circuit of the upper lakes in the Wallowa district but fishing is highly satisfactory, according to Carl W. Wood, 570 Judson, Salem representative of the Mutual Life Insurance company of New York, who returned over the week-end from a trip to that area with five other insurance men.

The group made its base camp at Wallowa lake and made a two-day packhorse trip to the upper lakes, being the first party in that area this season. There are some mosquitos and snow banks are general around the lakes.

All fish taken were eastern brook and average around 8 1/2 inches with the largest hooked being 11 1/2 inches. Most of these were caught by fly in the early morning and evening with deep trolling on spinners and worms bringing results during mid-day. The group caught a little over 100 fish during the week.

Others in the party with Wood were Don Bean and Bill Roheffs, both assistant managers at Portland; Al Herman, assistant manager at Eugene; James Martin, office manager and Wilbur K. Hood, agency manager, both of Portland.

## Gambling Raids

The attorney contended that condemnation proceedings were underway in federal court for the Detroit area and that on July 12, U. S. District Court Judge James Alger Fee had moved for immediate possession of the land under condemnation.

The federal government is the plaintiff in that case with over 350 defendants. Small claimed that on most federal reservations, state and county law enforcement agencies are not entitled to act.

He will file a brief on this and a second demurrer to the case within 10 days. In the second demurrer, Small contends that the warrants for Johnson and Manasco were served illegally in that they were served on Sunday. Misdemeanor warrants cannot be served on Sunday without court permission according to state law.

**Want U. S. to Take Over** — On the suggestion that the federal government may take possession of the land, Sheriff Young commented: "If this is true, we'll have to pull all our deputies and enforcement out of there. That's all these tavern operators have been waiting for. They've been telling my deputies for some time that they'd have it easy when the government took over."

The district attorney said he had no information concerning the condemnation proceedings or the future status of law enforcement in the area. He said he would seek information from other federal construction sites to determine how law enforcement operated in other sections of the state. He expressed doubt that the county would be denied the right to deal with law violators.

Sheriff Young pointed out that the county cooperated with federal agents in enforcement of law in the Mongold camp area.

Whether the federal government would permit wide-open gambling activities as predicted by some residents and businessmen of the area still was unsettled by Attorney Small's intentions.

Even in Nevada where gambling is legal under state law, Boulder City, in the federal area surrounding Hoover dam, gambling is taboo.

## Weather Over Nation Normal

Chicago, July 18 (AP)—Mid-summer is behaving a little better than average over most of where they were around normal and promising, in some sections, to become cooler.

A broad cool air front had come down from Canada into the nation today.

Temperatures continued high in the southern states but else Montana and North Dakota today with enough momentum to carry as far south as Iowa and Nebraska and eastward across Minnesota and Wisconsin to the Great Lakes region.

The mercury had climbed into the 90s over most of the mid-west over the week-end but the arrival of the cooler air over the northern plains states was expected to hold it within the 70-80 degree ranges there late today and tomorrow.

**Classmen Called** — The annual picnic of the Thomas - Bilyeu - Shelton families will be held at Wilson park near Scio Sunday. Letha Sommer, secretary, will welcome all relatives and friends of the families.

**To Balboa**  
Chief Boatswain's Mate L. L. Turner of Salem was one of those men departing from San Francisco Saturday for Balboa, C. Z., as a member of the crew of heavy cruiser USS Toledo on a cruise for 420 midshipmen for the Naval Reserve Officer Training Corps.

## Salem Airport

(Continued from Page 1)  
Later pilots made a statement to the effect that landings would not be made in Salem during hazardous weather after October, 1949, unless at least an H facility was installed here.

## Plan Reunion of Cody Family

The Cody family reunion, which is an international and not a local affair, will meet this year in Salem. The dates are September 17 and 18.

A member of this famous family was the late William F. (Buffalo Bill) Cody of Indian scouting and wild west circus fame. A Salem descendant of Buffalo Bill, and member of the family instrumental in bringing the reunion to Salem is Mrs. Frank Doolittle.

Bulletins to be issued soon announcing the reunion will be signed by Ernest William Cody of London, Ontario, secretary-treasurer of the organization. It is estimated that visitors here for the event will number from 100 to 150. Last year the reunion was held at Oberlin, Ohio.

The reunion will start with a business meeting, and on the evening of Saturday, Sept. 17, there will be a banquet, probably at the Chamber of Commerce. A program of entertainment will be arranged.

## Wheat Same, Corn Is Weaker

Chicago, July 18 (AP)—Although grains failed to hold their best gains, most contracts managed to end higher on the board of trade today. The market started out strong in active trading. But around mid-morning the steam went out of the advance and prices thereafter backed down.

Lard and oats, just about the weakest commodities over the past several weeks, displayed the most strength.

Wheat was unchanged to 1/4 higher, July \$1.98 1/2-3/4, corn was 1/4 lower to 1 1/2 higher, July \$1.40 3/4-1/2, oats were 1/4-1/2 higher, July 60 3/4-3/8, rye was 1/4 to 1 cent higher, July \$1.55 1/2, soybeans were 1/4 lower to 1 cent higher, July \$2.58 1/2-3/4, and lard was 15 to 23 cents a hundred pounds higher, July \$10.95.

## Trapman to Head 41st Division Vets

Portland, July 18 (AP)—Michael A. Trapman, Portland, was elected president of the 41st Infantry Division association at a week-end reunion of the Sunset veterans.

Portland was named the 1950 convention site for the second annual association meeting. The Jungeleers organized in Japan soon after V-J day and the week-end meeting here was their first since Pacific service.

Among 22 elected to the board of governors were Jerry Simpson and H. J. Malson, Salem; Ronald Carter and Kenneth Downing, Seattle; Marion J. Porterfield, Gooding, Idaho.

Fifty-two U.S. insurance companies have home offices in Connecticut and more than two million dollars in cash premiums pour into the state daily.
