Several of the county consta bles are going to have to file re-ports and make turnover of fees before September 1 if they wish to get their September salary warrant, the county court decid-

warrant, the county court decided Monday.

A report to the court by County Treasurer S. J. Butler said that a number of the constables had not been making their reports and returns on fees. Under the law putting all the constables on a salary basis fees are supposed to be turned over to the county treasurer, it was stated.

The court decided to send out the salary warrants as usual this month but with a note attached advising that if the reports are not in the salary warrants for next month will not be forwarded until adjustment is made.
