Police Seeking Jewel Robbers

Le Cannet, France, Aug. 4 (AP)—Thousands of police today combed southern France for the four bandits who stole a fortune in jewels from the Aga Khan and his wife.

Roadblocks were thrown up from Mentone on the Italian border all along the Riviera—playground of the world's wealthy—to the sprawling port of Marseille, known as a criminal hideout.

Hundreds of cars were stopped. But no trace has been found of the robbers who yesterday held up the Aga Khan and the begum outside their villa here and grabbed about a half million dollars in jewels and 200,000 francs (\$600) in cash.

Police guards around the mansions of the rich have been doubled. Many of the millionaires here are reported hiring private detectives as an additional security.

In the past few days bandits have gotten away with about \$800,000 in the robbery of a bank at Aix-Le-Provence, the theft of jewelry in a store at Deauville and the robbery of the Aga Khan.

Police found the abandoned automobile used by the robbers of the Aga Khan near the scene of the crime.

SUCCESS PASTRY
Sift flour before measuring. Use level measurements for all ingredients. Measure into a large mixing bowl—
1 1/2 cups high grade vegetable shortening
2 teaspoons salt
1/2 cup cold water

Blend ingredients together with a large fork until shortening is creamy and absorbs part of water. Then add, all at once—
4 cups sifted Sperry Drifted Snow "Home-Perfected" Enriched Flour

Stir, with a circular motion, until pastry holds its shape and forms a ball. Store pastry or use as directed in any desired recipe.

Store Pastry in the coldest part of the refrigerator. For easy future use, mark dough into 4 even-size pieces—each piece enough for a single 9-inch pie shell or 6 large tart shells.

Dough may be stored in a tightly covered container, or sealed in aluminum foil, or wrapped in a clean cloth and then in heavy wax paper. For mechanical refrigerator storage dampen the cloth; for ice refrigerator use a dry cloth.

For easy handling of chilled pastry, remove required amount from refrigerator, cover with a cloth, and let stand 1/2 hour before rolling out.
