

## SOS Calls Busy Coast Guard

Seattle, Aug. 8 (AP)—Ten distress calls, two involving sick or injured seamen, kept the coast guard hopping over the weekend.

A hospital corpsman aboard the coast guard cutter Citrus treated John Wick, master of the fishing vessel California Rose, for a gashed leg last night. Wick received a five-inch cut from a rusty gaffhook while fishing in Tenkof bay, northwest of Ketchikan, Alaska. After treatment he stayed with the ship.

Another seaman, Delmore Marco, was taken to the Marine hospital here Saturday from the tug Magdal, believed suffering from blood poisoning.

Six persons aboard the cabin cruiser Donnie Lee were towed into Warrenton, Ore., when the 38-foot craft became disabled Sunday five miles west of the Columbia river mouth.

The pleasure craft Peggy M, disabled off Gedney island, was towed into Everett; a cracked cylinder head 12 miles off Yaquina Bay, Ore., necessitated taking the fishing boat W. A. West under tow to Depoe Bay; and the 52-foot fishing vessel Sea Breeze II was escorted into Astoria when it asked help at the Columbia river bar.

Saturday mercy runs included: fishing vessel Veronica, disabled north of Coos Bay, Ore., by engine failure, taken to Charleston, Ore.; the fishing vessel Jigger, reported sinking, was found to be taking some water off Cape Foulweather, Ore., given a salvage pump and escorted until safely under way; the 39-foot troller Badger, helpless with a disabled engine five miles northwest of Carroll island with two men aboard, was towed to the Quillayute river; the fishing vessel guard went aground north of the Columbia's south jetty and was pulled free.

## 16-Year-Old Boy Hits 3,000 Bottles

Pallsades Park, N.J., Aug. 8 (AP)—Sixteen-year-old Bobby Pritchard of Newark, N.J., stepped up to the amusement park baseball pitching concession yesterday for a try at winning a Kewpie doll.

When he walked away two hours later he had hundreds of them.

Pritchard knocked down 3000 consecutive milk bottles pyramided five at a time. He won 400 prizes, including dolls, stuffed animals, figurines and pieces of china. He cleaned off the shelves and the concession-

## Gifts Like This Really Count

Joe Zemon, free lance gardener and orchardist, is a man who believes in hospitalization preparedness, although he might not use the multi-syllable words to describe his attitude.

Zemon occupies a room at 840 Chemeketa street. He is without relatives in Salem.

Recently he was tending the yard of Mabel Robertson, 410 North Summer, a volunteer worker in the Salem Hospital Development program.

"Joe," Miss Robertson counseled, "you live alone. If you should become ill, one of Salem's hospitals would have to take care of you. The hospitals now are asking for money so that you and people like you can have better accommodations."

Miss Robertson went back inside her house. Minutes passed. The doorbell rang. It was Zemon.

"Here, Miss Robertson," he said, "is three dollars. Take it for the hospitals."

## Light Quake Hits S. F. Bay Region

San Francisco, Aug. 8 (AP)—A light earthquake shook the San Francisco bay region at 3 a.m. PST today.

The quake was felt immediately in San Francisco and in Oakland across the bay. No damage was reported. Don Tocher, seismologist at the University of California in Berkeley, also across the bay, estimated the epicenter was about 18 miles from the campus.

## Salem Chosen For Premier

Salem has been selected by Warner Bros. Pictures as one of the few cities in the nation for a premiere showing of the technicolor musical extravaganza, "Look for the Silver Lining," according to word received today by Manager Wallace Cowen of the Elsinore theater.

The picture, which stars June Haver, Ray Bolger and Gordon MacRae, will open its premiere showing Friday, August 12, at the Elsinore. It is the colorful story of the show world's glory girl, Marilyn Miller, portrayed by lovely Miss Haver.

Indicative of the importance of the event to Salem is Cowen's statement, "It is seldom that a city the size of Salem is selected for a premiere. Generally, premieres are restricted to theaters in the large metropolitan areas."

No prior showings of the picture in this area will be made, with Portland, Eugene and other cities scheduled to show it after the Salem engagement.

## Mad Man Stabs Aged N. Y. Man

Crystal Beach, Fla., Aug. 8 (AP)—A killer was loose today on the tourist-crammed Florida gulf coast, after stabbing an aged man so viciously that the knife broke off in his body.

Norman Young Browne, 75, a retired New Yorker, was killed and his wife and another couple injured by the young man who apparently went blood-mad yesterday afternoon.

Roads leading onto the Pinellas peninsula and the long causeway across Tampa bay, were blocked as state troopers and the police of coastal resorts moved in concerted action. At dawn there had been no sign of the curly-haired killer.

Police said that the blade of his knife broke off in Browne's side, in an assault that apparently took place as the victim lay tied to a bed. Mrs. Anna Browne, 60, was slashed and cruelly beaten.

## K. F. Man Urged For Judgeship

Klamath Falls, Aug. 8 (AP)—Mrs. Joada Leonard, vice chairman of the state democratic central committee, today declared her support for Edward C. Kelly of Medford for a third federal judgeship for Oregon.

Mrs. Leonard she is sending a letter to Senator J. Howard McGrath, democratic national committee chairman, supporting Kelly for the appointment for which Gus Solomon and Earl Latourette have also been prominently mentioned.

Kelly, Mrs. Leonard commented, comes from west of the Cascades, an area that has not been favored with federal judicial appointments, and she said she believes his appointment would be welcomed both upstate and in Multnomah county. She added that she feels sure the rank and file of democratic party workers would be pleased because of Kelly's record of "unstinting work for the party."

## of a BRAND-NEW IDEA

HERE is a hint of something wonderful that's coming your way. It is more than just the front end of the new Buick SPECIAL. It's a fresh new front end treatment—a "Buick first"—and it makes so much sense that it's safe to say it will start a new trend in styling.

Look it over and you'll see what we mean. Sturdy vertical bars, attached to the bumper, form the grille—and at the same time serve as bumper-guards, which makes it impossible for you to "lock horns" with the car ahead of you.

The bumper no longer projects beyond the grille—so inches are saved in the over-all length of the car. Parking lights are deeply recessed. The grille is made up of bars heavy enough to absorb all normal impact—and they're individually replaceable to cut repair costs in the unlikely event of damage.

Bumper, grille, bumper-guards and parking lights all become part of a single, unified design.

But—stunning as this brilliant bit of designing is—it's just a hint of all the new things you'll see when the new SPECIAL goes on display.

Even the price is good news. So watch for the full announcement—coming very soon—and you'll agree that more than ever, Buick's the one for you.
