Hop Board Sets Limits

Independence, Aug. 9.—At the meetings of the newly established 18-man hop control board where Dean Walwer was elected chairman, it was agreed that a salable quota of 195,000 bales of hops be recommended as the limit of this year's harvest, and this quota be allotted to the growers.

The estimated harvest from the three Pacific coast states, the largest producers, and Idaho is 250,000 bales. The suggested quota cut of about 20 percent will be submitted to U. S. secretary of agriculture and will be subject to his approval.

The meeting of the U. S. Hop Growers control board was combined with meetings of the U. S. Hop Growers association, the U. S. Brewers foundation and the Small Brewers association.

Office of the board will be in Salem. Other officers include Paul Rowell, Salem, secretary and manager of the board; Ralph Williams, vice president; and William Walton, Salem, treasurer.

Also attending the meetings

were E. T. Rooney, Sacramento, Calif., president of the U. S. Hop Growers association; Edward V. Lahey, New Bedford, Mass., president of the U. S. Brewers foundation; William O'Shea, executive secretary of the Small Brewers association; Ed Markell, San Francisco, secretary and manager of the U. S. Hop Growers association; and members of their organizations.

Ex-Con Admits Killing Couple

San Francisco, Aug. 9 (AP)—A 33-year-old ex-convict, arrested here by the FBI, has admitted killing an elderly Tacoma couple last month. Special FBI Agent Harry M. Kimball said today.

He is John Edward Summers, a former neighbor of the victims, Howard Easley, 62, and his wife, Elizabeth, 57. He surrendered without resistance late yesterday at a Gough street rooming house where he had been living under the name John Skinnere.

Kimball said the man, a farm laborer and dishwasher, agreed to removal to Washington state, where he is charged with first degree murder.

The Easleys were shot and killed at their Tacoma home on July 16. Berry pickers near Chinook Pass found the bodies four days later. Easley's automobile was sold to a Portland dealer on July 21.

A bicycling craze in the 1890's brought a demand for better roads.
