

Master Locker Permits Issued

Portland, Aug. 10 (P)—Master locker permits and package class A licenses were issued yesterday by the Oregon liquor control commission.

Store licenses included: Class A—Floyd H. Hamstreet, North Commercial grocery, Salem; Argos Fisher, Roseburg; Eldon K. Edwards, Grant street grocery, Corvallis; Chester Lee Wilcox, Rhoads grocery, Roseburg.

Master locker permits went to Elks lodges in Corvallis, Eugene, Coos Bay, Astoria, and Hood River and the Eugene Country Club.

Marshall Plan Hits Applemen

Chicago, Aug. 10 (P)—The Marshall plan and high domestic freight rates bode no good for the apple-growing industry, shippers of the fruit were told yesterday.

J. Walter Hebert of Yakima, Wash., president of the international Apple Shippers association, said present business conditions are particularly unfavorable for continued concentration of growing in the state of Washington.

He addressed the opening session of the association which will remain in session here through tomorrow.

"This summer, for the first time since the depression of the 1930's, we have seen cars of the fruit sell for less than freight costs at eastern auctions," he said.

"We have seen thousands of tons left on the trees, tons which in other years of the past decade would have been harvested and sold at a profit. If rail carriers want to maintain fresh fruit tonnage, they must give consideration to what the traffic will bear."

He said Marshall plan funds were making it possible for foreign countries which formerly bought 12 per cent of the nation's apple crop, and 30 per cent of the northwest's output, to make bilateral agreements with each other for their fruit requirements.

Woodburn Man on Staff at Stanford

The appointment of Maurice E. Mills to the technical staff of the department of electrical engineering at Stanford Research Institute has been announced by Thomas H. Morrin, department chairman.

Mills, a native of Sisters, Ore., is the son of Mr. and Mrs. Joseph E. Mills of Woodburn, and spent his early youth in the vicinity of Salem. He attended the University of Idaho and has had extension studies at the University of California.

Before joining the staff of Stanford Research Institute, Mills was an electric technician at the University of California, Berkeley.

He will assist with the institute's program for the development of miniature electronic devices, vacuum tubes and aircraft radio systems.

French Provincial furniture now can be found in low-priced bedroom and dining pieces.

A new jewelry gimmick is scatter pin combinations which match wedding bands.

Now you know!

The answers to everyday insurance problems
By SID ROISE

QUESTION: I am a very careful person and it seems to me that if I am watchful of my property, it is very unlikely that an accident could occur which could be charged to my negligence. Why should I take on the needless expense of carrying a "Home Owner's Liability" insurance policy?

ANSWER: Certainly a person who is careful about the upkeep and repair of his property is much less likely to become liable for damages from an accident on that property. However, all your care may not keep someone from suing you for damages and even though you won the case, you might be forced to pay a great expense in just defending the suit. The proper insurance will not only handle your loss if the case goes against you but the insurance company will defend you in the suit itself.

"If you'll address your own insurance questions to this office, we'll try to give you the correct answers and there will be no charge or obligation of any kind."

Jimmy Stewart Weds!—Jimmy Stewart (left), long the holder of Hollywood's most eligible bachelor title, gained a wife, Gloria Hatrick McLean (right), and vacated his title at a small and private ceremony in the film capital. The couple are pictured here at a New York night club. (Acme Telephoto.)

Stewart Gets 'Frog in Throat' At Wedding Ceremony

Hollywood, Aug. 10 (P)—James Stewart, who gained film fame portraying the average guy, had an average American wedding—except for the crowd and the star-studded audience.

The actor married Gloria Hatrick McLean late yesterday and the ceremony almost fulfilled his hopes for a late quiet wedding untainted by the Hollywood touch.

The couple took their vows in the Brentwood Presbyterian church before 50 friends of the film colony while an orderly crowd of 500 waited outside.

Like the average bridegroom, Stewart was nervous. He fidgeted as he watched his socialite bride walk down the aisle in a cocktail dress of grey satin, carrying white orchids and a prayerbook.

Stewart's replies to Rev. Dean Osterberg could hardly be heard. "I got a frog in my throat," he said afterwards.

He murmured "I will" and slipped a plain gold band inscribed "Gloria and Jimmy 8-9-49" on the bride's finger.

The pair appeared in front of the small neighborhood church after the ceremony and were greeted by cheers from the crowd. Jimmy grinned broadly and heeded photographers' requests by kissing his bride three times.

"Feel fine," he smiled.

The crowd began gathering in midafternoon before the new church, which Stewart, a member for two years, helped build. Many came from the nearby beach in bathing suits and one girl watched astride a horse.

The couple will stay in town until Friday, when they leave to attend the Soapbox Derby in Akron.

The bride, 31, was formerly married to Ned McClean, son of the late Evelyn Wash McClean, owner of the Hope diamond. She has two young sons, who did not attend the festivities.

Stewart, 41, was long Hollywood's most noted bachelor. He is now, as he recently put it, "past the point of no return."

Scheiman Clan Gathers
Gates—The annual meeting of the Scheiman clan was held Sunday in Avery park in Corvallis with 26 members in attendance. Mrs. Jack Baker of Salem was elected to act as president and secretary for the coming year. A picnic dinner was served to Mr. and Mrs. Jack Baker and family, Mr. and Mrs. George Patterson, Mr. and Mrs. Vern D. Mathis of Portland, and three grandchildren.

Dr. Scudder Dies at Farm

Professor H. D. Scudder who retired from Oregon State college in 1945, after 38 years of service, died at his Sheridan farm home early Monday morning. He had suffered a stroke three weeks previously.

Professor Scudder was the first man hired for the staff at OESC by the late Dr. William J. Kerr, and came to Corvallis in September, 1907, as professor of agronomy. He was in charge of all the Oregon agricultural experiment stations in the state. During his 38 years of teaching and research, he wrote over 100 bulletins in the fields of farm management and land use.

Professor Scudder was born in Moberly, Mo., on December 17, 1881, and graduated from the University of Illinois in 1902. The funeral service will be Thursday, August 11, at the Riverview chapel, Portland, cremation to follow. Rev. Edward B. Hart, pastor of the First Baptist church, Corvallis, will be in charge of the service.

He is survived by his widow, Mrs. Leila K. Scudder, a son, Robert D. Scudder of Crescent City, Calif., a daughter, Mrs. Vern D. Mathis of Portland, and three grandchildren.

Three Salem Teachers Resign; Vacancies Filled

Resignations of three teachers in the Salem school system were accepted by the school board during its regular meeting at the administration office Tuesday night.

Leaving their teaching positions, effective immediately, are Alma Kjersten, second grade teacher at West Salem; Alta Baranovich, Leslie junior high school; and Harriett Robbins, a special teacher.

Lyda Halvorsen was appointed to fill the vacancy created at Leslie, while Mrs. Bess Egan Thompson, who has been teaching at Liberty, will move to West Salem. Mrs. Thompson's position at Liberty will be filled by Agnes E. Palmer.

A leave of absence for the first semester of the upcoming school year was granted to Neva Munding, a teacher at Garfield grade school.

The school board accepted a series of bids from Warrington Northwest company for laying asphalt on 11 elementary school grounds, an area at Salem high school, and driveways and bicycle parking area at Parrish junior high.

The bids were accepted in terms of cost per square yard, and Superintendent of Schools Frank B. Bennett estimates the total cost of asphalt for all jobs will be approximately \$14,000.

A. L. Cummins company of Salem was awarded a contract for the installation of an oil heating system at Pringle school. The successful bid was \$2,470, which is more than \$1000 less than the highest bid submitted, also by a Salem firm. The system is to be ready for use by August 31.

A bid for \$4,115 from Minneapolis Honeywell Corp. for the installation of a thermostat control system for Leslie junior high was accepted. Thermostats will be placed in 26 rooms at the south Salem school.

Guitar Pupils to Compete in Chicago

Leaving for the international guitar league festival in Chicago where they will appear in all

Capital Journal, Salem, Ore., Wednesday, Aug. 10, 1949—3

competition August 15 to 17 were Mrs. Helen L. Kelley, Jefferson, and two of her steel guitar pupils, Carolyn Turnidge, Gales and Barbara Koehler, Philomath. Mrs. Hollis Turnidge, Gales, is driving the party east.
