Honolulu, Aug. 13 (AP)—Hawaii's new waterfront boss told the islands 540,000 residents last night the government would begin unloading strikebound ships early next week.

Harbor Manager Ben F. Rush likewise told the striking CIO International longshoremen's union the territorial government would brook no interference in operating the seized docks.

Shortly before Rush spoke in a radio broadcast, the striking longshoremen met and unanimously voted approval of a motion condemning the "strike-breaking law."

That meant the emergency law would be invoked if some maritime unions carry out their plans to walk off ships in Hawaii out of respect to ILWU picket lines.

The law provides for injunction action against interference with government dock operations. It also provides penalties of a \$500 fine and three months in jail for interference.

# Urges Speed for Hoover Plan

Washington, Aug. 13 (AP)—Senate leaders today stepped up action on two government reorganization plans after President Truman tartly urged their approval as a sign of good faith by congress.

In a strongly-worded letter to Vice President Barkley yesterday, Mr. Truman observed: "The action taken on these plans will demonstrate whether the many recent professions of support for increased efficiency and economy in government are to be taken seriously or are to be written off as political oratory."

The two proposals—one to set up a cabinet-rank department of welfare, the other to transfer two employment agencies from the federal security agency to the labor department—have received thumbs-down treatment from the senate expenditures committee.

The president said senate objections to the plans "appear to me to be ill-founded and mistaken." And he added that congressional failure to approve the proposals would imperil "the whole great endeavor" of government reorganization.

Senate Democratic Leader Lucas (Ill.) announced yesterday that he will set aside the money bill for the interior department to take up the welfare department reorganization plan on Tuesday.

# British Aviatrix In Greenland

Halifax, N. S., Aug. 13 (AP)—A pretty British housewife neared the end of a globe-circling flight today after piloting her little plane from Labrador to Greenland in defiance of Canadian air regulations.

Mrs. Richarda Morrow-Tait, 26 made the 700-mile flight with her navigator yesterday. Only two more overwater hops—from Greenland to Iceland to Britain—stand in the way of fulfilling her dream of being the first woman to pilot a single-engine plane around the world.

Canadian aviation authorities, who had forbidden the transatlantic flight as unsafe for single-engine civilian planes, had ordered Mrs. Morrow-Tait to fly back to Bangor, Me.

She took off at 7 a. m. (est) yesterday, ostensibly for Bangor, then changed course and landed six and one half hours later at Blue West one, the U. S. air base in southern Greenland.

Canadian officials said Mrs. Morrow-Tait was now outside Canadian jurisdiction. They would not speculate on whether the British woman would have further trouble with U. S. authorities at the Greenland base.

Waiting in England for the world flier are her husband and two-year-old daughter. She saw them last on Aug. 18, 1948, when she took off on her eastward trip.

She had hard luck most of the way. Her little plane hit a ditch in Marseilles, France, and had engine trouble at Calcutta, India. Last November the plane crashed near the Alaska highway, 235 miles south of Fairbanks.

Summers admitted the double slaying when brought before a U. S. commissioner in San Francisco, but he contended the shooting was accidental. He had been living with a benefactress near the Easleys.

Sheriff's Capt. John Kenders, one of the three officers who brought Summers north, said the Washington state prison parolee was quiet and agreeable during the trip.

# West Germans Vote on Sunday

Frankfurt, Germany, Aug. 13 (AP)—Germans who had been held as war prisoners in Russia broke up two communist election rallies today and beat one speaker so severely he was removed on a stretcher.

An estimated 20,000,000 voters in the three western zones of Germany will go to the polls tomorrow in the country's first free parliamentary election since 1933.

At Walsrode, in the British zone, a group of former war prisoners rushed the platform at a communist rally and attacked the speaker. The crowd dispersed.

There was no violence at the communist rally in nearby Bentheim, but a single former war prisoner in tattered garments pushed away a communist orator and shouted to the mob: "No body dare tell us P. W.'s anything about Russia. This is the way Soviet Russia released us. We know the situation there only too well."

He said the rags he wore had been given him in Russia when he was about to be repatriated.

The election will choose the 400 members of the lower house (Bundestag) of the parliament of the new "federal republic of Germany."
