

## Highway Planning Held Up Awaiting Source of Funds

Silverton, Aug. 16—Until the amount of funds available is known it is impossible for the state highway commission to plan future programs, R. H. Baldock, state highway engineer, told members of the Cascade Highway association and the Chamber of Commerce Monday night. Post-war costs are 65 percent above those of the pre-war period, he said.

Subpoenaed — Harry Hoffman (above), Milwaukee advertising man, has been subpoenaed by a senate investigating committee which is conducting an inquiry into a capital "five percenters." Hoffman was linked with the gift of deep freeze units to Maj. Gen. Harry Vaughan, presidential military aide who called him an "old friend." (AP Wirephoto.)

## Bus Drivers Reject Offer

Seattle, Aug. 16 (AP) — The nine-week-old strike against north coast Greyhound lines continued today as union headquarters announced an overwhelming rejection of the company's latest offer.

Striking employees rejected the offer, submitted last week, by a vote of 349 to 19, the announcement said. Balloting was conducted by AFL Motor Coach Employers' union, local 1384, in Bellingham, Seattle, Auburn, Chehalis and Portland.

William G. Hosie of the federal conciliation service scheduled another meeting today between company and union representatives. But union officials said that inasmuch as the company offer had been submitted to members at the request of Acting Seattle Mayor David Levine, they would report back to him before holding further meetings.

## Hoffman Chides Europe's Trades

Paris, Aug. 16 (AP)—Marshall Aid Chief Paul G. Hoffman told European trade leaders today their countries are doing less than they should to earn their U.S. dollars.

Hoffman said he saw no way to meet Europe's chronic dollar shortage except by earning dollars through exports. He had found, he added, little evidence that this fact is being squarely faced except by one or two countries.

## State Gets \$71,200 From Horse Racing

The state racing commission has turned over to the state treasurer a total of \$71,200, the state's take in betting on horse racing from Oct. 20, 1948, to Aug. 12, 1949. The money will be distributed to Oregon counties to help finance county fairs. Each county got \$1,977.78.

## Gervais Woman Drowns in River

St. Paul, Aug. 16—Mrs. Lawrence Charboneau, Gervais Rt. 1, was drowned in the Willamette river four miles north of here about 3 o'clock Monday afternoon. Her body was recovered an hour and a half later.

Mrs. Charboneau was a member of a swimming party including her husband. She was considered a good swimmer and had swum to a log raft, riding it down stream. A few minutes after she again entered the water she was heard to scream but before others in the group could reach her she had sunk.

The body was recovered from the immediate vicinity and treatment given by a crew manning a Newberg pulmotor for more than an hour. D. A. Hodson, Yamhill county deputy coroner, took charge of the body. The Charboneaus, who were recently married, had started work Monday in the Ray hop yard.

Following discovery of an empty boat floating near Darling's landing in Silteos lake south of Florence, the body of Jean Skelly, 26, former resident of Hubbard but lately living near Newport, was taken from the lake. State police report that her companion, Walter Simpkins, Newport, may also be a victim. His automobile was found parked nearby on the shore of the lake.

While attempting to run Martins rapids in the McKenzie river Saturday, Floyd Poole, 25, Springfield, was drowned. With him was Lloyd Comer, Kings Valley. The boat lost its propeller and swamped in the swift water. Poole's body was recovered Sunday.

### County Fair Interests

Grand Island — Fitting their livestock in preparation for the Yamhill county junior fair to be held at McMinnville August 24, 25 and 26 are members of the Grand Island 4-H club.

## B-36 Probers Move to West

Washington, Aug. 16 (AP)—Active investigation of the B-36 bomber and its history switched today from Capitol hill to the west coast.

A house armed services subcommittee headed by Rep. Price (D-Ill.) left for California to talk to Gen. Henry H. "Hap" Arnold, who was chief of the air force during the war, and to several airplane manufacturers. Committee staff members were with the congressmen.

The full committee is investigating informal reports that political favoritism and business relationships may have had more to do with the success of the giant six-engine bomber than did its value as a military plane. There were four days of public hearings last week.
