

Can't Miss, Says Director

Proclaiming that it is her best show in five years, Producer Helene Hughes of San Francisco told Manager Leo Spitzbart by long distance telephone this week that the 1949 Oregon State Fair stage revue "can't miss."

Miss Hughes, whose production played to capacity houses throughout the 1948 exposition, said, "the talent I have lined up is without a doubt the most outstanding to ever play in the Pacific Northwest."

One of the top billings will go to Arthur Lee Simpkins, recent singing sensation with the Los Angeles police show, who will leave following the state fair for engagements in the bigger eastern showplaces.

Heading the comedy section will be the Nonchalants, currently appearing at the Music Hall theater in New York. Miss Hughes had attempted three previous years to bring the group west without avail.

Another laugh act will be the Mastin trio, which features Sam Davis, Jr., and a group that has recently been featured with Frank Sinatra at the Paramount in New York.

O'Donnell and Blair, proteges of Milton Berle and currently appearing in one of the comedian's picture efforts, are coming north for the first time. Miss Hughes labels this duo as a "sure show stopper."

The revue, to be staged each evening of the fair, Sept. 5 to 11, in front of the racing grandstand, will be supported by George Bruns and his orchestra of Portland and the precision Helene Hughes dancers, a line of 12 girls direct from San Francisco theater engagements.

Couple Gets Married On Ocean Bottom

Atlantic City, N.J., Aug. 25 (AP)—A 21-year-old machinist and his pretty blonde bride said today that they had a guarantee against divorce by having a marriage to remember—one performed at the bottom of the ocean.

Louis Villani and Ruth Ehlers, a 17-year-old North Bergen, N.J., sparkplug assembler, were married Tuesday in a 4½-ton commercial diving bell off Atlantic City's steel pier.

A fortune teller told us to have an unusual wedding so we wouldn't forget the occasion so soon," Mrs. Villani said. "We met in the diving bell a year ago and Louis proposed to me in it last June, so it was the natural place for the wedding."

Neighbor Woman Saves Small Boy

Albany, Aug. 25 (AP)—A neighbor woman was credited today with saving four-year-old Billy Larking from strangling in a prune tree.

The boy became entangled in a limb crotch. Screams of playmates brought Mrs. Hugh O. Ragle to the scene. She climbed a ladder to lift Billy's weight until firemen arrived 15 minutes later and extricated the boy.

The Pacific ocean has an area of 68,634,000 square miles.

DP's Amazed At U. S. Autos

Newberg, Aug. 25 (AP)—Amazement at the number of automobiles and the New York skyline were impressions of a Russian family now settled on a farm near here.

Josef Svichar, his wife, two daughters and a son arrived yesterday at the farm of W. G. Putnam as displaced Europeans admitted to the United States.

Daughter Antonian, age 16, spoke in uncertain English in describing the family's impressions of America. She explained they had been routed from their Russian home by invading Nazi troops, sent to a concentration camp and later to a displaced persons camp. They were former land owners in Russia and lost their property in the Soviet collectivization of the farms.

They were among a few Russians allowed entrance into the U.S. because their political views were acceptable, she said.

Putnam said he has asked for a displaced family a year ago. He plans to get Svichar established as manager of his farm and then plans to move to the Oregon coast to start another dairy farm.

Truman Places Pact in Effect

Washington, Aug. 25 (AP)—The North Atlantic treaty became effective today and President Truman assured the world that no nation need "fear the results of... cooperation" by the 12 signatory nations.

The Chief Executive witnessed the deposit of the ratifications by Denmark, France, Italy and Portugal—the last of the 12.

Then, at a solemn White House ceremony, he signed a proclamation stating that the treaty is now an operating actuality.

He emphasized, in a statement that the purpose of the pact is to establish freedom from aggression and force in the North Atlantic community and thus to promote and preserve peace throughout the world.

"As his treaty comes into effect," Mr. Truman said, "it seems particularly appropriate to dedicate ourselves to the carrying out of the great task we have set for ourselves,—the preservation of stability and peace."

"No nation need fear the results of our cooperation toward this end. On the contrary, the more closely the nations of the Atlantic community can work together for peace, the better for all people everywhere."
