

### To Reconsider Long Beach Cut

Washington, Aug. 29 (AP)—Rep. Doyle (D., Calif.), said today navy department officials have agreed to reconsider orders shutting down the Long Beach (Calif.) naval shipyard.

The Long Beach congressman requested the reconsideration in a conference today with Undersecretary of Navy Dan Kimball and Rear Adm. Charles D. Wheelock, assistant chief of the bureau of ships.

Doyle told a reporter he did not receive "too much encouragement."

However, he said, the officials promised to reconsider the move and discuss it with Capt. W. E. Sullivan, commandant of the shipyard, who is in Washington.

Doyle said a decision was promised late this week.

The congressman said Kimball advised him that because of changing work loads, personnel cuts will be greater on the west coast than elsewhere.

Doyle urged that any necessary personnel reduction at Long Beach be spread over an 18-month period. The navy, he said, already had agreed to spread the reduction over a year, instead of the originally planned four months.

### Vets Applying For Dividends

Washington, Aug. 29 (AP)—This is dividend application day for 16,000,000 veterans of World War II.

Postoffices and veterans offices throughout the nation and U. S. foreign service offices throughout the world start handing out dividend application forms to the ex-GI's today.

Actual dividend payments will not start until next January.

The forms will signify the veteran's desire to share in the \$2,800,000,000 dividend to be paid next year on about 20,000,000 national service life insurance policies.

The policies are those taken out during Oct. 8, 1940, and Jan. 1, 1948, and which were effective for three months or longer.

Beneficiaries of veteran-policies who have died also will receive dividend checks next year, but they should not apply. Their payments are being handled under a different system.

In Salem veterans early in the morning began getting their application blanks from the offices where they were available. The demand, however, was not as great as mid-morning as had been anticipated and the local Veterans Administration office on South Commercial street estimated that there might be calls by evening for approximately 100 application cards.

The applications, a simplified card form, were available not only at the VA office but at the local post office at both the general delivery and stamp window, at the Marion county veterans' service officer's office, the state department of veterans' affairs and from service officers of the various veterans' organizations.

### Neuberger Wants Referendum on CVA

Portland, Aug. 29 (AP)—A special legislative session to set up a Columbia valley administration ballot referendum was suggested today by State Senator Richard L. Neuberger.

The democratic legislator made public a letter he had sent to Governor McKay on the subject. The CVA proposal is now before congress and congressional hearings are due later this year in the region.

Sen. Neuberger pointed to McKay's statement that the people in the territory to be affected by CVA had a right to express their approval or disapproval at the polls.

The Multnomah county legislator suggested the governor call a special legislative session to put the CVA on the 1950 general election ballot. The session, limited to the CVA topic, would be inexpensive, Neuberger said.

Potato sprouting can be prevented by a hormone sold in powder form under several trade names.

Boys Board Bus—Capital Journal carriers are pictured here just before climbing aboard Hamman Stage Lines bus for trip to Portland Saturday night to see the Shrine all-star high school football game and a two-hour visit to Jantzen beach. The carriers earned the trip by each selling a prescribed number of new Journal subscriptions in the last four weeks.

### 35 Capital Journal Carriers Enjoy Shrine All-Star Game

The kids had their night Saturday. Thirty-four Capital Journal carrier boys, one carrier girl, two men from the Journal's circulation department and one reporter packed themselves into a bus Saturday night for a trip to Portland and the Shrine all-star high school football game. They capped the evening with a two-hour visit to Jantzen beach.

The carriers had earned the trip by each selling seven new subscriptions to the Capital Journal in a period of four weeks.

From the time the Hamman Bus Lines chartered bus left the Trailways depot at 6 p.m., until the same bus pulled into Salem in the wee hours of the next morning, the gang of kids never let up in their funmaking.

If you're not well-versed in such subjects as the location and description of the best swimming and fishing holes, the disposition of certain Salem grade school teachers, the merits of various brands of squirt-guns and the lives of western movie stars, a ride to Portland with a bus load of eager, talking boys will soon bring you up to date on all of them.

Watching the Portland-Upstate all-star football game actually tended to quiet the kids down; when the team you're rooting for is losing 19-0, you just don't have much to yell about.

After the game, the bus transported the Capital Journal party to Portland's million-dollar playground, Jantzen beach. There, courtesy of the Jantzen administration, each carrier was given a book good for eight free rides.

They frolicked for two hours throughout Jantzen's 40-acre amusement area, which includes 24 thrill rides, five of them made in Salem. They rode the world's largest merry-go-round, once owned by Charlie Chaplin movie productions and containing 96 horses.

Chaperones Millard Hodges and John Slanchik had as much fun as the kids. Hodges is city supervisor of the Journal, while Slanchik, a Willamette university football star, is district manager.

Sweetheart of the trip was blonde, 15-year-old Joann Finney, who rode the wildest rides at Jantzen beach and laughed all the while. Most girls refuse to even climb aboard the more sensational rides, and those that do get on scream all the way.

After the last candy-cotton stand had closed for the night and the roller-coaster had completed its final run of the evening, the Journal carriers boarded the Hamman bus and started back for Salem.

The youths were not quite as energetic on the return trip as they were riding toward Portland several hours earlier, but they still were having fun.

Boys will be boys. Making the trip were carriers Joann Finney, Eddie Syring, Charles Shank, Marline Bibbelhelmer, David Socolofsky, Ronald Stettler, Clay Rambo, Howard Clemens, Donald White, Bob Dixon, Ralph Dixon, Michael Craig, Bob Campbell, Alan Casey, James Merrill, Eldon Harms, Kenneth Schreder, Alvin Aydelott, Bob McCandlish, Don Wichmann, Bill Vasby, Mike Skaling, Donald PicKell, Robert Carr, Gerald Baker, Jimmy Purvis, Donald Walton, Dennis Alley, Arnold Singleton, Lloyd Hagen, Jack Gorman, Kenneth Van Cleave and Kenneth Stevens; Millard Hodges, city supervisor; John Slanchik, district manager; and Chris Kowitz, Jr., reporter.

### To Let Nations Build Own Arms

Washington, Aug. 29 (AP)—Two senate committees voted today to let European members of the Atlantic pact use part of President Truman's proposed \$1,450,000,000 arms aid fund to build up their own arms production.

Senator Connally (D-Tex.) told reporters the combined foreign relations and armed services committees voted 11 to 9 to permit use of the money to buy tools, equipment and raw materials to produce weapons in their own factories.

Connally said the vote came on an amendment by Chairman Tydings (D-Md) of the arms services committee.

Senator Vandenberg (R-Mich.) had argued against the proposed outlay of \$155,000,000 to stimulate arms production in the European countries.

Vandenberg contends such assistance should await the formation of a defense council under the Atlantic alliance and adoption by the council of an overall defense plan.

The two committees still have to act on an amendment by Vandenberg and Senator Dulles (R-NY) to limit to \$1,000,000,000 the total amount of money for arms aid to western Europe.

They propose a reduction of \$160,990,000 in the amount requested by President Truman for this purpose.

### McKay Cold to Extra Session

Governor Douglas McKay indicated today he doesn't think much of the idea of calling a special legislative session to set up a referendum on the proposed Columbia Valley authority.

The governor said he hasn't received the letter from State Sen. Richard L. Neuberger, Portland democrat, and CVA advocate. Neuberger wants the special session called.

Governor McKay didn't say yes, and he didn't say no. But he pointed out that a special session of the legislature would cost \$75,000. And he said the law provides for initiative and referendum so the people could get issues on the ballot without special sessions of the legislature.

The governor opposes the CVA.

### Canby Gymnasium Construction Starts

Aurora — Construction of a new gymnasium addition to the Canby grade school will be started about September 1 under direction of John Koehler, Canby builder.

Three walls for the building already are up as they form a portion of the new grade school structure. Board members said the new gymnasium probably would be ready for use in mid-winter. Koehler was hired to supervise construction after a call for bids on the work was spurned by contractors. A. L. Beck, city school superintendent, said a total of \$48,000 would be spent this year for major improvements in the school district. A new 60-passenger bus already has been acquired.

Initial claims declined in 40 states. Also filed, however, were 7,533 claims from veterans who had been filing under the servicemen's readjustment benefit program. This program expired for most veterans July 25.

### Mrs. Roosevelt Tells About AYC

New York, Aug. 29 (AP)—Mrs. Franklin D. Roosevelt said today she knew for a long time that the American Youth Congress followed the communist line but worked with it just the same.

Her purpose in doing so, she wrote in McCall's magazine, was to change the organization's course.

The former first lady said the experience "was of infinite value to me in understanding some of the tactics I have had to grapple with in the United Nations."

Mrs. Roosevelt's article was fourth installment of a new series of memoirs.

Of the depression-born AYC, she said:

"I had great sympathy for these young people, even though they annoyed me. In that critical period, growing up was much more difficult than it had been at any previous time any of us could remember. I have never felt the slightest bitterness toward any of them and, as a matter of fact, I am extremely grateful for my experience with them.

"I learned what communist tactics are. I know how infiltration of an organization is accomplished. I understand how communists get themselves into positions of importance. I understand all their methods of objection and delay, the effort to tire out the rest of the group, then carry the vote when all their opponents have gone home. These tactics are all familiar to me. I know, too, that no defeat is final.

"In fact, I think my work with the American Youth Congress was of infinite value to me in understanding some of the tactics I have had to grapple with in the United Nations."

Extensive Training — Carol Ann Beery, 16, the adopted daughter of the late actor Wallace Beery, as she appeared in a Los Angeles court to obtain approval of an allowance. The court directed that \$500 a month be paid to Carol Ann for her own personal use, since the \$500 "pocket money" will be good training for her, as she is well trained one-third of the late actor's \$2,075,858 estate. ### Jobless Aid Drops To '49 Low Level

Washington, Aug. 29 (AP)—New applications for jobless payments have dropped to the lowest level since last November.

The bureau of employment security said yesterday a steady slackening "in the rate of new industrial layoffs," is indicated in sharp drops in new unemployment since mid-July.

Initial claims indicating new unemployment numbered 259,207 during the week ended Aug. 20, the report said. This was a drop of 31,893 from the number filed the previous week.

Initial claims declined in 40 states. Also filed, however, were 7,533 claims from veterans who had been filing under the servicemen's readjustment benefit program. This program expired for most veterans July 25.

### North Marion County Fair Plans Start at Woodburn

Woodburn—The 1949 North Marion county fair in Woodburn will be a three-day affair this year, September 22, 23 and 24, instead of two days as formerly. This was decided by the fair board at a recent meeting and it is expected that the additional day will make it possible to secure a number of carnival features for the event.

Gene Malecki of Salem, who managed the fair last year, has been hired by the board to be manager again this year. The board also decided to furnish a premium list for prospective exhibitors.

Contacts are now being made with several carnival companies and it is expected that a number of carnival features will be on hand for a fair midway. No gambling devices will be permitted. Plans are also being made for another children's pet parade, a saddle club exhibition, and at least one more popular entertainment feature.

Letters have been sent out to Grange, Farmer Unions and Garden clubs of Marion county inviting them to prepare booths for the fair. Present indications are that there will be a large number of Future Farmers of America and 4-H club exhibits.

A new feature to be inaugurated this year will be the livestock exhibits by the FFA and 4-H clubs. Burton F. Beck, new vocational agriculture instructor at Woodburn high school, will be in charge of this division. The animals are to be exhibited for the day they are exhibited in the play shed at the Lincoln school. Shed is also considering conducting a tractor driving contest for FFA members.

Divisions tentatively set for the event are: Grange and Farmer Union booths; grains and vegetables; horticulture, cut glowers, fine arts, foods, textiles, agricultural novelties, garden clubs and juvenile organizations. A number of commercial exhibits and concessions are planned.

A total of \$1,750 in premiums is planned for the fair according to Leonard Hewitt, chairman. The funds are being provided from the county fair fund.

Bean Picking Continues  
Wheatland—About two weeks picking will finish the pole bean harvest at the Arnold Braat farm in the Wheatland district. He has an average of 100 pickers, about 75 coming by bus from Salem and 25 are local pickers.

### British Cabinet Approves Plan

London, Aug. 29 (AP)—Prime Minister Attlee's labor cabinet approved today a 15,000-word plan for dealing with Britain's economic crisis.

Sir Stafford Cripps, chancellor of the exchequer, and Foreign Secretary Ernest Bevin will take the plan to Washington this week for talks with U. S. and Canadian leaders on the dollar problem.

Just what specific steps Britain will propose for joint action in bolstering her sagging economy remained secret. It was not disclosed whether the cabinet made any substantial changes in the plan as drafted by treasury, board of trade and foreign office experts.

The ministers met for four hours and 10 minutes, with a break for lunch.

John Strachey, minister of food, and Hugh Gaitskell, minister of fuel, took part in the cabinet meeting, although they are not members of the cabinet.

This led to speculation that cuts in dollar purchases of gasoline and food were being discussed.

### Democrats Meet At Klamath Falls

Klamath Falls, Aug. 29 (AP)—Some 500 democrats gathered in Moore park here yesterday for the Klamath county democratic picnic, described by local party officials as the opening gun in the 1950 political campaign.

Principal speakers were Senator Austin Flegel of Multnomah county, expected to run for governor or United States senator next year, and State Treasurer Walter Pearson.

Pearson declared the party is on the upsurge, and is strong enough to win the governorship, two seats in congress and a majority in the legislature.

Flegel called for a fight with republicans on such issues as the Columbia valley authority, labor and social rights. He warned that the party "hasn't any room for poor candidates, for dishonesty or incompetence."

### Steel Fact-Finders Extend Report Time

New York, Aug. 29 (AP)—The fact-finding board in the steel industry dispute announced today that President Truman had extended the time for submission of its report to Sept. 10.

The original deadline was tomorrow, but the board had to ask for the extension because submission of the evidence took longer than was at first expected.

Chairman Carroll R. Daugherty made no announcement about extension of the 60-day truce deadline, which is Sept. 14, but board members said earlier they did not believe this would be changed.

They said privately that the CIO Steelworkers union and the companies probably would decide in a short time whether they would accept the panel's recommendations.
