

### Cite Lawyer For Contempt

New York, Sept. 14 (AP)—Federal Judge Harold R. Medina today held a defense lawyer in contempt of court for the first time since the conspiracy trial of 11 top communists began.

The lawyer cited was George W. Crockett, Jr., a Negro, of Detroit.

Five defendants previously have been jailed for contempt and Medina has threatened to take action against various defense lawyers after the trial ends.

No immediate sentence was pronounced against Crockett.

What led to the judge's crack-down on Crockett was this: The government sought to place in evidence a Los Angeles birth certificate issued after the birth of a daughter to the wife of Carl Winter. Winter is one of the defendants.

Defense lawyers objected to the whole certificate's being placed in evidence. The prosecution agreed that only parts of it would be put into the record.

Medina then read from the certificate Winter's name, age, period of residence in California, birthplace and occupation.

Crockett interposed: "In view of your honor's seemingly unintentional reading—"

Medina paled as he told Crockett the statement was one of the most contemptuous he had ever heard.

"I now adjudge you in contempt for that," he said.

Before the incident, Winter admitted under cross-examination that he might have used the name Carl Weisberg as late as 1932.

### Russia Purges Japan Envoys

Tokyo, Sept. 14 (AP)—The politburo, Russia's supreme political organ, apparently has ousted Nikolai Voznesensky, who advocated a firm anti-west policy, and appointed five new members, informed sources here said today.

These sources said the Russian people are aware of the changes although the politburo itself has remained silent on them.

Voznesensky's name has not appeared in print prominently since the supreme council announced on March 14 his resignation as chairman of the nation plan council and as vice chairman of the council of ministers.

Information reaching here was that he did not appear at a welcome party held in honor of Albanian Premier M. Hoxa's visit to Moscow. His name also failed to appear on a message of condolence the politburo sent to the funeral of the late Bulgarian Premier G. Dimitrov, who died in Moscow in July.

Informants also noted the Voznesensky's popular book, "War Economy of the USSR," no longer is being circulated.

### Schools Start At Mill City

Mill City—Mill City public schools opened Monday morning with 391 students enrolled the first day, and more expected during the week. Students registering in the high school were 91 with a comparison of 78 as of last year and students enrolling in the grade school were 300. Enrollment was 234 last year.

In the high school there are 18 seniors this year; 15 juniors; 27 sophomores and 31 freshmen. The first student body meeting was called by the student body president, Ernest Podrabsky. Added to the list of school subjects available to students this year has been bookkeeping, also applied math and chemistry and Principal Bayless stated that one or two more elective subjects may be added. High school faculty includes: Vernon Todd, school superintendent; Henry Bayless, principal, Edith Mason, Hope Baney, Fredrick Rugh and Burton Burroughs.

Grade school pupils this year were thrilled and excited upon entering their new and modern school building. Entire work on the building has not been entirely completed, however, all class rooms were ready for use Monday. Most of the desks from the old school building were moved into the new school and some new desks are being used.

In the eighth grade this year, with Miss Evangeline Shattuck as teacher, there are 23 students, seventh grade with Forrest Hollaman as teacher—30 students, sixth grade with Mrs. Dora Rogers as teacher—34 students; fifth grade—Mrs. Fern Sletto as teacher, 37 students; fourth grade, Miss Alice Smith teacher, 35 students; third grade, Miss Sigrid Grimstad and Miss Marion Schwartz as teachers—83 students; second grade with Miss Zeta Prichard as teacher—39 students; first grade with Mrs. Catherine Lyon as teacher—43 students. Mrs. Ed Stafford has been contracted to teach the overflow of students from the first and second grades, and Mrs. John Feely will teach the overflow from the upper grades.

Albany Rent Controls  
Governor Douglas McKay recommended today that rent controls be ended in Albany. The recommendation, which must be sent to the national housing expediter, virtually amounts to rent decontrol.

Although Mt. McKinley in Alaska reaches up above 20,000 feet, its timber line is low, only 3,000 feet above its base.

### World Series Opens October 5

New York, Sept. 14 (AP)—The 1949 world series will open in the park of the American league pennant winner on Oct. 5, barring any playoffs, it was decided today at a meeting between Baseball Commissioner Chandler and representatives of the contending clubs.

The first two games will be played in the park of the American league pennant winner, the next three in the National league club's park and the sixth and seventh games, if necessary, in the American league club's home grounds.

Chandler announced that there would be no increase in ticket prices.

Should any playoff games be necessary to decide a pennant winner, the series opener would be set back accordingly. If there is a tie in the American league a single game will decide the winner; if in the National league there will be a best two out of three series.

### Greek Attack on Albania Looms

Athens, Sept. 14 (AP)—Greece will invade Albania "in self defense" if any new attacks are launched by communist guerrillas from the Albanian side, a responsible Greek source said yesterday.

He said his country would notify the United Nations of its plan of action at the coming U.N. general assembly. The source, a ranking delegate to the assembly, said Greece had decided on this action to put an end to the guerrilla threat on the Greek-Albanian border.

The delegate said the general assembly would be told Greece will invoke article 51 of the U.N. charter if there are any future guerrilla attacks from the Albanian side. The articles sustains the right of self-defense if an armed attack occurs against a U. N. member.

Recently there has been an almost unanimous demand in the Greek press for drastic action if the communists start any new

### Chinese Reds In Pincer Drive

Canton, China, Sept. 14 (AP)—Ten Chinese communist armies today pushed a giant pincer movement through West Hunan and South Kiangsi provinces which appeared to be aimed at nationalist forces around Hengyang, 265 miles north of Canton.

An official military spokesman confirmed that four communist armies had struck out to the west and southwest of Changteh in the direction of Shaoyang.

The move appeared to be aimed at making nationalist Gen. Pai Chung-Hsi move west from Yongyang in an attempt to cut off the Reds of face the prospect of being isolated from the south.

In South Kiangsi, six communist armies continued westward toward Chensien and Ichang, apparently for the same purpose—to force Gen. Pai to fight or risk isolation.

Despite the fact that practically all the communist troops in Hunan and Kiangsi were on the move, nationalist officials asserted that available nationalist forces were capable of holding the communists out of Kwangtung province.

To Try Channel Swim  
Amsterdam, The Netherlands, Sept. 14 (AP)—Tiny Jonker of Zaandam, a pretty 18-year-old florist's assistant, will try to swim the English channel from Britain to France on Friday, she said today.

Only five persons have made the west-east crossing. Miss Jonker left yesterday for Britain by boat.

### Highway Meet Next Tuesday

A delegation from Salem and Marion county will appear before the state highway commission next Tuesday afternoon to urge needed highway improvements in this area.

Mayor Robert Elfstrom will represent the city and present signed agreement for the Bal-dock traffic relief plan for Salem and West Salem.

Roy Harland, president of the Salem Chamber of Commerce will urge several other projects for the area while members of the county court will also be present.

The Chamber committee will endorse the Wilsonville cutoff project, although it is not believed that sufficient money is available at this time to inaugurate work on this improvement. Some relief of congestion on 99E, just north of Salem, will be urged by the group.

### Landing Strip on Beach at Netarts

Immediate action upon a proposed landing strip for light planes on the beach at Netarts is sought of the state board of aeronautics by the Portland aviation commission. Request for the trip has been approved by the state highway department.

The campaign for permission to land on the beach at Netarts was started by the Oregon Sportsmen-Pilots. The aviation commission has also urged the highway commission, which has jurisdiction over all beaches, to set aside other beach landing strips wherever the public will not be endangered.

Approval of the state board of aeronautics is the last step before the beach landing strip becomes a reality.

Spawning among oysters occurs when the water in which they live reaches a temperature of 68 to 70 degrees F.

### Polk Clubbers Display Wares

Dallas—Polk county 4-H'ers in home economics were well represented in the State Fair awards, states Miss Elsie Marco, county extension agent (home economics).

Sally Dodge, 13, of Valsetz, was awarded a blue ribbon for her best wool dress. She also received a red ribbon in the style review. Sally's wool dress was selected for the Pacific International Exposition.

Rosie Mae Alsip, 13, of Monmouth was awarded a white ribbon on her best cotton wool dress. There were 90 entries in this class. Rosie also received a champion award in Canning II and will exhibit at the Pacific International Exposition. She received a blue ribbon at the State Fair.

Tommy Alsip of Monmouth exhibited a prize winning sponge cake. He was competing with many contestants and Tommy demonstrated to the judges that he can hold his own when it comes to baking a sponge cake. He was awarded a blue ribbon.

Bob Stewart, 11, of Rickreall, also demonstrated his skill and art in baking. He was awarded a red ribbon for his vanilla drop cookies.

Virginia Classen, 14, of Dallas was awarded a red ribbon for her bread. There were many contestants to compete with for honors and it definitely proved that 4-H'ers are enthusiastic about bread baking. It is encouraging to see that bread baking is not a lost art among 4-H'ers in the state.

Raymond DeJong, 9, of Amity demonstrated his ability to make prize winning baking biscuits. He received a red ribbon.

Sandra Emerson, 12, and Sharon Ralph, 14, of Sheridan, received white ribbons for their ability to judge cookery. In cooking the contestants were required to judge eight classes including light bread, angel food cake, drop cookies, baking powder biscuits, table setting; a day's meal, muffins and cup cakes.

'Friendly Divorce'—Faye Emerson (above), 32, actress wife of Elliot Roosevelt, announced in New York that she would seek a "friendly divorce" from the second son of the late president. She said she planned a divorce "when I have finished my current motion picture." (Acme Photo)

### Railroad Strikers To Offer Proposal

St. Louis, Sept. 14 (AP)—A union spokesman announced today officers of the four brotherhoods on strike against the Missouri Pacific are considering a new management proposal to end the strike, now in its sixth day.

R. E. Davidson, speaking for the brotherhoods, made the announcement as another negotiating session was concluded: "Progress is still being made," Davidson said.
