Washington, Sept. 14 (U.P.

The agriculture department an-nounced today that only 75 per

cent of this year's prune produc-tion will be sold into regular

and efforts will be made to di-

ert it ito non-competitive out

The program for handling the

1949 prune production was es-

tablished under a federal mar-

ket order and agreement which became effective last month

California is the primary prune producing state. The sur

plus will be under the control

of a prune administrative com mittee set up under the market

ing order. It has approved the division of the prune supply announced by the department

Oysters of many varieties are

ound along almost every sea-

coast of the world where the

water temperature rises to degrees F, or more.
