Methodist church will hold the first service for the opening of the new church as a place of worship Sunday morning at 11 o'clock.

The building, located on Young street on the site of the old church, destroyed by fire in April, 1948, is being used for the first time Sunday. Although the building is not completed enough work had been done so that meetings may be held in it.

Charles Ogle, a member of the local church longer than anyone else here, has been asked by the official board to ring the bell for the opening service. Ogle joined the church in 1891 and attended the first and last services in the old church. The bell in the new building is the one that hung in the old church.

# Banish **Cancer Fears**

By By J. H. WILLETT of the Capital Drug Store

No one will deny that cancer

is a dreaded disease, least of all the medical profession who deal with it constantly. But fearing cancer will not prevent it, while physical examinations regularly will. Cancer is usually of long growth, and pain is not felt in the early stages. Symptoms however are usually present and for this reason a doctor should be told about any changes in bodily function when he is consulted for examination.

Doctors are anxious to do everything possible to reduce unnecessary deaths from this disease. You will relieve yourself of needless worry if you entrust your health to them.
