## Lightning Hits Group Of Children; 2 Killed

Du Bois, Pa., Sept. 24 (AP)—A bolt of lightning crashed into a group of children playing in a grade school yard during the noon lunch recess. Two were killed and four were stunned by the bolt.

The victims were Jimmy Proke, 11, and John Hillard, 11. Deputy Coroner F. I. Gillung said the lightning went down the school chimney and then traveled out on the wet grass of the playground where the children were playing yesterday.

The bolt struck following a heavy rainstorm.

## Jackson County Demos Defy State Leaders

Medford, Sept. 24 (AP)—The Jackson county democratic central committee will not go along with state party leaders in a plan to increase financing for state-wide activities.

The group here said yesterday it had been decided to keep all money raised in Jackson county within the area. The only exception will be the county's share of the salary of the state executive secretary.

State party leaders had proposed that all money raised go into a common fund with 25 per cent going back to the counties.

## Vishinsky Peace Speech Studied

Flushing, N.Y., Sept. 24 (AP)—Top American and British officials studied a surprise Soviet proposal for a five-power peace pact today in light of the reported atomic explosion in Russia.

Soviet Foreign Minister Andrei Vishinsky coupled this proposal with another demand for destruction of all atomic stockpiles in a 30-minute address before the United Nations general assembly yesterday.

Vishinsky's speech started out on a familiar note of denunciation of the western powers and ended with a plea for peace pact among the U.S., Britain, China, France and Russia.

Some American and British sources were inclined to dismiss Vishinsky's proposal as another Soviet propaganda move, but official reaction was withheld while the four governments studied the Soviet proposal.

French Foreign Minister Robert Schuman indicated the negative trend of thinking when he told reporters "it will not be easy to carry out the proposal after such a speech."

Vishinsky described the western powers as saboteurs of the UN, destroyers of Europe's economy through the Marshall plan, war mongers, instigators of armament races and obstructionists to agreement on outlawing the atomic bomb and controlling atomic energy.

## Magnuson Denies 'Pressure' for CVA

Washington, Sept. 24 (AP)—Sen. Warren G. Magnuson, D., Wash., today denied what he called "disturbing reports" that attempts have been made to win approval for the Columbia valley administration by stalling a coordinated northwest development program.

Magnuson's denial followed a strongly-worded statement from Sen. Wayne Morse, D., Ore., accusing the administration of using "political blackmail" to insure congressional enactment of a CVA bill.

Magnuson, a CVA sponsor, said he also favored speedy approval of the army engineer-reclamation bureau program for Columbia river development. He said he believed the president's budget bureau has had "sufficient time" to act on the coordinated program.

It was the bureau's statement that it had not yet formulated a recommendation on the program that led to Morse's criticism. The bureau suggested that

## Pineapple Ship At The Dalles

The Hawaiian Tug Ono and its barge load of pineapple, denied longshore unloading help at coastal ports, was headed here today. CIO longshore pickets were waiting.

The tug and barge played a game of hide-and-seek early this week after leaving Tacoma. Longshoremen said they would trail it with a seaplane if necessary to put pickets at its next port.

Unloading was prevented both at Seattle and Tacoma, because of the Hawaiian longshore strike.

The Ono entered the Columbia river some time yesterday and passed Longview, Wash., at 8 p.m. Matt Meehan, international secretary of the longshoremen's union, said today. It apparently was slowed during the night by fog and had not reached the Bonneville dam locks early today.

Meehan said a Portland tug with the Ono and would replace it on the pull above the dam because the Ono draws too much water for the river channel. He said the dock commission here had a contract to permit the barge to tie up here and unload its cargo.

Lyle Hickok, head of the dock commission, said there was no contract but rather an agreement, revocable if any labor trouble developed. Will there be any trouble? Hickok said that was anybody's guess, but "Meehan says there will be plenty of pickets here from Portland and Jack Estabrook says he doesn't care."

Doll Shop Opened

Woodburn—Mrs. Effie Behlmer and her daughter, Jewel, formerly of Moro Bay, Calif., have opened the Wee Wolly Doll Shop at the intersection of East Lincoln street and the Pacific highway, which is a temporary location. They operated a similar shop in Moro Bay before coming to Woodburn last month.

Lookouts are posted in 3,200 watch towers in U. S. national forests during the fire season.

## Military Pay Bill up Monday

Washington, Sept. 24 (AP)—The senate has put off until Monday a vote on a proposed \$300,000,000 military pay boost.

The house approved a similar bill June 15. It would raise the pay of almost every rank from private to major general.

Speaking in support of the measure yesterday, Senator Chapman (D., Ky.) told his colleagues that "we still stand in the shadow of war" and therefore must be prepared.

He said there will be a progressive decline in the caliber of the nation's defense forces unless the pay is made more attractive.

The bill is expected to meet only scattered opposition when it comes up for a vote.

Other legislation to boost salaries of cabinet members and government workers making over \$5,000 is scheduled for senate consideration as soon as the military pay bill is out of the way. Strong opposition to this already has appeared.

## Mercy Killing By Daughter

Stamford, Conn., Sept. 24 (AP)—A police sergeant died today in his hospital bed after being shot by his 20-year-old daughter because he was hopelessly ill with cancer.

"She didn't want to see him suffer," said Police Chief John B. Brennan.

Sgt. Carl Paight, 50, died at Stamford hospital of a head wound. Brennan said the daughter, Carol, shot her father with his own service revolver yesterday a few hours after she learned his case was inoperable.

No one in the hospital heard

## Smoke Haze Due to Many Slash Burnings

Portland, Sept. 24 (AP)—Oregonians keep asking where the forest fire is—but it's just clean-up work.

A heavy smoke haze has been covering much of western Oregon because of burning of slash in logging operations.

The heaviest clouds of smoke of the year drifted over Astoria, and ships reported difficulty locating the Columbia river entrance.
