

### Four-H Club Work now Open To Girls and Boys of Salem

Four-H club work has come to the city. Boys and girls between the ages of 9 and 21 who live within the city limits of Salem may have their own 4-H club program, James Bishop, recently appointed urban extension agent, reports.

### Bumper Wheat Crop in Europe

Paris, Sept. 26 (AP)—Europe looks forward to a bumper 1949 wheat crop, approaching the yield of prewar years. An Associated Press survey of 14 countries disclosed that experts estimate the current harvest will top even last year's crop, despite long summer droughts.

Only two eastern European countries were included in the survey, because most iron curtain countries have made it a crime to disclose crop estimates. "Earlier this summer," one American expert here said, "we figured this year's crops probably five percent below last year's. The figures coming in now make us think that it may be even better than 1948."

Europe's wheat production in 1948 was 36,800,000 tons. This was 86.5 percent of the 1934-38 average total. Both totals exclude Russia which refuses to furnish figures.

A break-down by countries showed the following estimates in metric tons: France: An estimated 7,849,000 tons of wheat, 200,000 more than last year.

Italy: 8,860,000 tons—a gain of 12 percent.

Britain: Expects about 34 bushels per acre for some 1,900,000 acres—bigger yield per acre but smaller total because of reduced plantings.

Western Germany: Expects even larger crop than last year's which set a postwar record.

Belgium: One of biggest harvests in history.

Portugal: Dropped badly because of long drought.

### Stocks Decline After Advance

New York, Sept. 26 (AP)—Stocks lost ground after an early advance today in a moderately active market.

Trading was at the rate of 1,100,000 shares for the day. The total was boosted by opening sales of several large blocks of stock, particularly Commonwealth & Southern.

Early gains were in the range of fractions to around a point with some pushing forward as much as 2 points.

Aircraft stood out on the top side and held a substantial portion of their rise.

Rails turned backward with a few exceptions, and steels, motors, oils and chemicals all slumped slightly.

Gold shares were in the plus column the better part of the day but slid away into losses.

On the higher side were Douglas Aircraft, Boeing, Texas Co., General Motors, International Nickel and Hudson Motors.

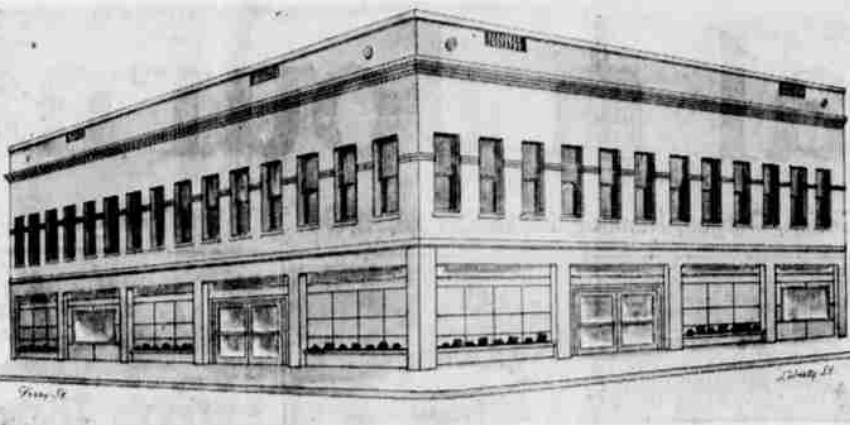

Lower were U.S. Steel, Studebaker, U.S. Rubber, Woolworth, Montgomery Ward, Eastman Kodak, American Woolen, Loew's and U.S. Gypsum.

### Big Baby to Observe Second Birthday

William James Bannister, the boy who weighed 11 pounds, 9 ounces at birth, will observe his second birthday October 6—tipping the scales now at 34 pounds and measuring 38 inches in height.

He is to have two birthday parties. One will be on the anniversary, October 6, at the home of his parents, Mr. and Mrs. Gilbert Bannister, 110 Birch, Troutdale; the second one to be October 8 at the home of his grandparents, Mr. and Mrs. R. L. Daniel, 420 South 25th, Salem. The little boy was born on the wedding anniversary of his parents and the date also is the birthday of his grandfather.

Leaving for Iowa. Stayton—Mrs. A. Schermacher who formerly operated the Tip Top grocery near Marion, held an auction sale of her household goods Sunday and will go to Crescent, Iowa, to make her home with her daughter.

Face-Lifting for Salem Building—This is the way the Crystal Gardens, at Ferry and Liberty streets, will look after the current remodeling is completed. The building was sold to William D. Gwynn of Salem by A. T. Klett, brother of the late Otto Klett. Remodeling will cost \$30,000.

### Woman Claims Altitude Record

Reading, Pa., Sept. 26 (AP)—A 27-year-old Reading mother's claim to a new world's altitude record for light planes today awaited official confirmation of the National Aeronautics association.

For about eight years Marr was night patrol officer for private businesses in Salem and at the same time was employed by the Salem school board as truant officer and census taker. From 1920 until 1944, when he retired from active business, he owned and operated the Capital City Collection Agency here.

Marr had been a member of the Presbyterian church for 35 years.

Surviving are the widow, the former Johanna McRobb to whom he was married December 9, 1891; a daughter, Mrs. Carl Fischer of Monmouth, Oregon; four sons, James Marr of New York City, John G. Marr of Salem, Charles Marr of Portland and Edward B. Marr of Tillamook, Oregon; seven grandchildren and four great grandchildren.

Hubbard Boys Hurt. Hubbard — Larry Kenaston, fifth grader son of Mr. and Mrs. Lawrence Kenaston, received a painful kidney injury while playing football at school. "Bobby" Fyock, eighth grade, son of Mr. and Mrs. Paul Fyock, broke his arm near the shoulder while playing football at school.

Funeral services will be held Wednesday afternoon at 3 o'clock at the Golden chapel for John Marr, Salem resident for many years, who died Monday morning at the Salem Nursing Home. Rev. Earl P. Parker will officiate at the rites which will be followed by interment in the City View cemetery.

Marr, a late resident of 1215 North 19th street, was born at Keith, Scotland in 1866 and for 27 years was employed by the

GNSR railroad. He came to America in 1909 and on coming to Salem his first position here was as superintendent for the Burns Construction company which contracted for laying the sewers in the north and north-east section of Salem.

The old record of 21,900 feet was set at Miami, Fla., last June by Betty Skelton, of Tampa.

The sealed instruments used by Mrs. Zimmerman in yesterday's attempt were dispatched to Washington for inspection and official confirmation of the new record by the NAA.

### Bevin Outlines British Position

New York, Sept. 26 (AP)—British Foreign Secretary Ernest Bevin made clear today that Britain would not agree to ban atomic weapons until adequate control machinery is set up.

Bevin told the United Nations assembly his government has consistently favored the prohibition of atomic weapons but that Russia had blocked agreement by refusing to agree to workable controls.

He said there was nothing new in the proposals made by Soviet Foreign Minister Andrei V. Vishinsky last Friday for an immediate ban on atomic bombs.

Bevin said Vishinsky's charges that the western powers were to blame for delay were stupid.

The assembly's steering committee meanwhile voted to put Russia's big five peace pact proposals on the decision schedule.

All the big powers besides Russia and many smaller ones are expected to oppose the Soviet proposals in committee debate on the ground that it lacks sincerity.

Bevin spoke after Assembly President Carlos P. Romulo indicated a drive to break the deadlock on atomic energy control would be pressed in the UN.

"I am a chronic optimist," Romulo told a special news conference.

### Mainella Held To Grand Jury

A Portland youth—Joe Mainella—pleaded guilty Monday in district court to the holdup of the Graen grocery on South 12th street last Tuesday.

Mainella was ordered held for grand jury action on the charge of assault and robbery while armed with a dangerous weapon.

The arrest was made Friday in Portland at the youth's home. He was returned to Salem Saturday by city detectives.

Meanwhile a hunt was still being pressed for his two companions who entered the grocery store and took a cash register containing \$75 from W. L. Graen, the proprietor, while he, his daughter and a customer were held at bay with a revolver.

The trio had been in the Salem vicinity for several weeks prior to the holdup and had been working and living at a hop yard.

### Truman Urges Pay Increases

Washington, Sept. 26 (AP)—President Truman prodded the senate today to vote pay raises for his cabinet and top-ranking government lieutenants.

In a letter to Vice President Barkley, Mr. Truman said he was surprised to hear reports of opposition to increasing the salaries of officials in executive positions.

"I urge the senate," the president wrote, "to act favorably upon this legislation which will do so much to help me in properly discharging the duties of my office."

Barkley had the letter read to the senate at the opening of the day's session.

The business before the senate was legislation authorizing the first general pay boost for the armed services in 40 years. The senate had agreed to vote at 2 p.m. (PST) and there was every indication the measure would be passed.

### Counter Damage Suit Filed In Amusement Device Case

In his answer to the complaint of Jack R. Moore Co., in circuit court here, E. William Miller, the defendant, asks \$10,000 general damages and \$10,000 punitive damage and also alleges that agreements whereby the defendant was to purchase certain amusement merchandise are "usurious with an attempt to circumvent" interest at a rate greater than 10 per cent on unpaid balances and that the agreements are null and void and the debts represented should revert to the state of Oregon, according to the statutes "in such cases provided."

The answer says that the Jack R. Moore Co., is a dealer in pinball machines and various other amusement devices and says that the defendant already has made payment to plaintiff of sums of money due and owing under the agreements by way of money, by credit of the return and transfer of certain personal property of defendant to plaintiff and by alleged overpayment of interest monies charged against the defendant which, the complaint alleges, "are of usurious nature."

The answer further alleges the plaintiff has attempted to make it impossible for the defendant to perform his part of the agreements by attempting to gain control of defendant's amusement routes through Marion, Polk and Linn counties. It charges that the plaintiff has attempted to harass defendant by repossession actions filed in the three counties and attempting to foreclose on defendant's amusement equipment "well knowing that defendant was not delinquent in payment of said agreements."

He further alleges plaintiff has informed defendant if he would assign a half interest in his amusement equipment and route to one Lonnie Logsden and without consideration therefor, that

plaintiff would not attempt to foreclose on defendant's equipment.

In addition to the \$20,000 damages asked, defendant further asked the court direct the debts represented by the agreements revert to the state for benefit of the common school fund and that plaintiff be "required to make payment thereof accordingly."

In its complaint the Jack R. Moore company asked repossession of 19 different devices including phonographs, shuffleboards, Bally Hyrolls and others with \$500 damages of alleged detention.

Truman Broadcast Tuesday. Washington, Sept. 26 (AP)—President Truman will broadcast a 10-minute speech tomorrow from the White House in observance of democratic women's day. The program on which the president will speak will begin at 3 p.m.

*Noted Throat Specialists report on 30-Day Test of Camel Smokers...*

# NOT ONE SINGLE CASE OF THROAT IRRITATION due to smoking CAMELS!

Yes, these were the findings of noted throat specialists after a total of 2,470 weekly examinations of hundreds of men and women who smoked Camels—and only Camels—for 30 consecutive days.

Long Island housewife EDNA WRIGHT made the 30-Day Test. Her throat specialist reported no sign of throat irritation due to smoking Camels.

MY DOCTOR'S REPORT WAS NO SURPRISE TO ME...CAMELS AGREED WITH MY THROAT RIGHT FROM THE START! AND CAMELS MAKE SMOKING SUCH WONDERFUL FUN!

THOUSANDS MORE AGREE!

"The 30-Day Test opened my eyes! Smoking is really fun when I smoke Camels!" Skater Jinx Clark.

"How long have I smoked Camels? Years! Camels suit me to a T!" Adam Toney, bridge maintenance.

"Camels passed my smoking test 100%!" They agree with my throat and taste so good!" Pilot Mary Morrison.

"My test of Camels has been going on for years! And Camels cheers my taste!" Golfer Gene Sarazen.

"Camels gave me a lesson in smoking pleasure. They taste good and mild!" Telephone operator Rita Edwards.

"Mildest cigarette I ever smoked! A change to Camels was for the better!" Billiard star Willie Mosconi.

"I made my own test. I found Camels the mildest, best-tasting cigarette!" Mary Goodfellow, hat designer.

"I never knew how enjoyable smoking could be until I changed to Camels!" Gladys Swarthout, opera star.

"I changed my ideas about smoking enjoyment when I changed to Camels. They taste so good!" Mrs. Orson Muam, Jr., socialia.

"Personally, I've found the answer to a milder, better-tasting smoke. I'd walk a mile for a Camel!" Aqua-ski star Bill Hatfield.

Start your own 30-Day Camel Mildness Test Today!

You have the word of Camel smokers... of noted throat specialists, too... but prove it for yourself. Smoke Camels for 30 days. Compare them in your "T-Zone" (T for taste, T for throat). See if you don't agree that Camels are the mildest, best-tasting cigarette you ever smoked!
