Huddleless Bearcats Await Chico Contest

Huddleles football will be | reintroduced to the spectators around Sweetland field at 2 o'clock Saturday afternoon when Willamette's Bearcats go into battle against the Chico State college Wildcats.

Coach Chester Stackhouse operates his "T" formation without sending his players into a huddle prior to each scrimmage.

With everybody in good physical condition with the possible exception of John Slanchik, powerful punter, the Bearcats squad has been able to function on a 100 percent basis during this week's practice sessions.
Since nobody from the cam-

pus was able to observe the Wildcats in their game of last week, the Californias are coming here pretty much of an unknown outfit. They are members of the Far Western conference, a loop that also in-cludes Humboldt State, California Aggies, Southern Ore-gon College of Education and San Francisco State.

Sharp-featured Murry Dickson was traded by the Cards last winter over the vehement and even bitter protests of Manager Eddie Dyer. Since then Dyer many times has felt the need for this curve-ball cutie when the Redbird pitching staff sagged.

He could have used Dickson very much last night, for example, when the Pittsburgh as it is, the Dodgers now are

"but it's a peculiar sort of sprain. It may take longer to heal than we think."

Shorn of his No. 1 fullback, Coach Howie Odell quickly shifted Left Halfback Roland Kirkby into the middle slot as insurance. He isn't expected to see too much action from that spot, however, unless something happens to Hank Tiedemann and Kenny Dunn. Tiedemann is nursing an assortment of minor allments now but is expected to be on hand Saturday.
