2 U. S. Students Held in Prison

Hamburg, Germany, Sept. 28 (AP)—Two American students said today Russian authorities held them prisoners in "dungeons" for two months because they thought they were spies.

United States authorities brought the two youths from the Russian zone of Germany to Hamburg in the British zone this afternoon after obtaining their release in Magdeburg.

Warren Oelsner, Jr., 20, of Oyster Bay, N.Y., was returned with his father in Hamburg. The other youth is Peter Sellers, 19, of Radnor, Pa.

The senior Oelsner arranged immediate airline passage to take his son and Sellers home.

The two young men were escorted from Magdeburg by Brig. Gen. W. W. Hess, chief of the American military mission at Potsdam, who negotiated with the Russians.

The tall and lanky boys were pale apparently from long confinement and said they could "stand a good meal."

Oelsner explained that he and Sellers thought they could bicycle to Berlin through the Soviet zone "and we did not realize how serious this was."

Mayor Lee to Speak Monday

With Dorothy McCullough Lee, mayor of Portland, as the speaker, the Chamber of Commerce expects the luncheon meeting next Monday, which starts the 1949-1950 luncheon season, to be one of the biggest meetings of the year.

Mayor Lee will speak on a subject of general nature. It will be Business and Professional Women's club day, but it is understood the mayor will not talk on that subject. She will be introduced by Mrs. John Versteeg, president of the Salem chapter of the B&P.W.

Special guests Monday will include David M. Brown of Cincinnati and Cicero Hogan of Washington, D. C., respectively national commander and national director of claims for the Disabled American Veterans. They will be introduced by Dr. Roy Reynolds, executive officer of the Salem post of the D.A.V.

Greider Outlines Aims of Local YMCA

Carlton Greider, membership secretary of the Salem YMCA, outlined the history of the organization and the aims of the local unit Wednesday for members of the Salem Exchange club.

He urged the clubmen to take an interest in the Salem Y to help guide the organization and aid in having it meet the needs of their children.

Blinded during the war, Greider, who was formerly employed by the state employment service, preceded his talk on the Y with comments on "national employ the physically handicapped week" which has been designated as the first week in October.

Greider emphasized that the ability of physically handicapped persons should never be underestimated.

Scout Troop 13 Now Reorganized

Troop 13, Boy Scouts of America, sponsored by the First Methodist church, has been reorganized with Charles L. Brunk holding the position of scoutmaster, according to announcement by Gordon Gilmore, scout executive. The troop is one of the older ones in the council.

Associated with the scoutmaster will be Arnold Westphal, William A. Hamilton and James P. Purdy, assistant scoutmasters; Arthur Lamka and Gilbert Jones, institutional representatives; Harry W. Scott and Fred Humphrey, troop committeemen.

Charter scout members: Larry Rhodes, Edwin Boal, Bob Hamilton, Eugene Miller, Allan Brunk, Gene Andel, Carl Haynes, Jimmy Kellogg, Donald Brunk, Edward Schridel, Fenton Lockenour, Larry Johnson, Gary Pierpoint and Craig Scott. The troop meets at the First Methodist church each Monday night at 7:30.

Pleasantdale—Mr. and Mrs. Bert McFarlane have returned home after several days vacation spent at Redmond.

Radars Defense On Both Coasts

Washington, Sept. 28 (AP)—The air force said today radar air defense systems are operating on both coasts of the United States and in Alaska.

Beyond confirming their existence, however, the air force declined to give any details on the radar stations along the northwest and northeast coastal areas.

Operation of the Pacific Northwest system was first disclosed in Seattle on Monday by newspaper reporters and Rep. Jackson (D., Wash.) who made a tour of defense posts. The air force, in response to questions today, said a similar setup is working in the northeastern area.

Although there was no direct indication of the scope and efficiency of the radar spotting areas in detecting a possible sneak approach of hostile planes, it is significant that the air force refers to them only as "systems."

Air force experts recently have emphasized that there is a decided difference between a system and a true network. A network, they explained, is a solid fence of radar stations, with their range so overlapped that any air craft coming across it would be detected.

A system can be a network with holes in it—that is it is made up of radar units for guarding only certain areas.

Eagles' Iron Lung Fund Shy \$1800

Vick Withrow, chairman of the special committee of the Fraternal Order of Eagles that is raising a fund for purchase of an "iron lung" for the community, said Wednesday the fund is about \$1800 short of completion.

In actual cash the lodge has raised approximately \$2200, but several donations are known to be ready but have not yet been turned in. The campaign has been in progress about five weeks.

The "lung" will be presented to the Marion county chapter of the Polio Foundation.

New Polio Case—Bruce Gottfried, 9 years old, son of Mr. and Mrs. Leonard P. Gottfried, 1355 Pearl street, was taken to Salem Memorial hospital Wednesday, suffering from poliomyelitis or infantile paralysis. Observation indicated, it was said, that the disease is of the severe type. The boy is not confined in the "iron lung."

Lindbeck Sent To Eugene Post

Appointment of Lt. Comdr. John Lindbeck as inspector-instructor Naval Reserves at Eugene, Oregon, was announced this week by Capt. C. F. Galpin, director of Naval Reserves, 13th Naval district.

Comdr. Lindbeck, now in Salem spending part of his leave with his parents, Mr. and Mrs. A. L. Lindbeck, will report to Seattle about October 5 for a week's indoctrination training in the Naval Reserve program prior to taking over his new assignment. He replaces Lt. Martin S. Hunting.

A graduate of Salem high school and a former student at Willamette university, Lindbeck was graduated from the U. S. Naval Academy at Annapolis in December, 1941, and is a member of the class of 1942 of the academy. The Eugene assignment will be his first shore duty since his graduation from the academy.

For the past two years he has been executive officer aboard the USS Rogers, DDR876, and only recently returned from the Far East where his ship was under the command of the Naval Forces Western Pacific. He had been in the Far East since January.

During the war Lindbeck served on the USS Raleigh, CL7, and the USS Springfield, CL66. He was in the Aleutians for a year and a half and after that with the Fifth Task Force of Adm. Halsey and the Third Task Force. After the war he served on the USS Toledo, CA123, on which he was gunnery officer and the first lieutenant.

Candy Making Plant To Open in Salem

A candy manufacturing and wholesale company that may occupy a new building expects to locate in Salem early the coming year, the Chamber of Commerce said Wednesday. The factory, it is said, will employ 60 or 70 persons. It wants ground floor space in a building about 200 by 200 feet, and the chamber is now on the lookout for a building or a location where such a building can be constructed.

If a new building is necessary the company is prepared either to put up the building itself or lease from another owner.

The company will be equipped to make seven tons of candy a day.

Junior Patrolmen—Members of the Salem school boy patrol learn the finer points of handling traffic from patrolman Herman M. Doney at a class conducted in the Salem city council chamber Saturday. Seated in the front row are the school captains for the junior patrol. Captains, left to right, are Donald Sim, Washington school; Jerry Walden, Bush; Gary Braden, Highland; Bobby Carr, Grant; Don Wichman, St. Joseph's; Raymond Kronser, Parrish; Jack Baker, McKinley; Billy McDonald, Garfield.

68 Girl Scout Leaders in Session

Sixty-eight Girl Scout leaders from all over Oregon are holding their annual convention in Salem Wednesday and Thursday, with Marguerite Hall, representative of the national organization as the main speaker.

The sessions started Wednesday morning at the Chamber of Commerce, but because of repairing being done there, moved to the First Methodist church for the remaining sessions.

The meeting is known as a troop program development institute and Miss Hall spoke on troop program training.

The organization's participation in the Community Chest program was discussed. Exhibits are on display.

Blue Lake Packers Join Corn Canners

Affiliation with the Associated Independence Corn Canners is announced by the Blue Lake Packers, Inc. The Canners is organized in 15 states and has as its purpose meeting the competition of national brand advertising, according to O. E. Snider, manager at Blue Lake. The affiliation will not affect any company policies on the local level, he states, adding that the national organization is now undertaking a national promotional and merchandising campaign to increase demand for members' canned corn.

Hawaiian Dock Work Upheld

Honolulu, Sept. 28 (AP)—A two-judge federal court panel today denied a petition for an injunction to stop the territorial government from operating the strike-bound waterfront. The decision, in effect, upheld validity of territorial laws which permitted the government to hire longshoremen to handle cargo which had been tied up since the International Longshoremen's and Warehousemen's union (CIO) went on strike 150 days ago.

The judges divided, hence the union's petition for an injunction failed of approval. Judge Delbert E. Metzger was in favor of granting the petition on grounds the emergency laws passed by the territorial legislature were unconstitutional. Judge Frank J. McLaughlin was against granting the petition.

"I profoundly regret my associate and I cannot agree," Metzger said, "but we are so far apart in our views that there is no middle ground."

Since the territory seized the docks August 15, government-hired longshoremen have unloaded 120,000 tons of food and other cargo and loaded 125,000 tons of sugar and pineapple.

Case Answers Demo Smear

Portland, Sept. 28 (AP)—Monroe Sweetland, democratic national committeeman, asked Gov. Douglas McKay today to make public the amount of money a Portland author received for helping prepare the 1948 legislative highway interim report.

Sweetland said that Robert Ormond Case received \$1,000 plus "additional sums of taxpayers' money, which was relayed through a Los Angeles organization known as Executive Research."

"Sweetland's suggestion of published the engineering report for Oregon, Washington and California, and hired him to do the preliminary work on the Washington report and all magazine for the same services," of the Oregon report.

something sinister is ridiculous," Executive Research, he said, retorted Case. He said the \$1,000 was paid him for two months' work, and was "less than half the amount I would have charged a national magazine for the same services."

Executive Research, he said, published the engineering report for Oregon, Washington and California, and hired him to do the preliminary work on the Washington report and all magazine for the same services."
