

Kathryn Grayson introduces her singing truck-driver friend, Mario Lanza, to musical conductor Jose Iturbi—with unexpected results for all three in M-G-M's new Technicolor musical, "That Midnight Kiss." Ethel Barrymore and Keenan Wynn are also prominently cast in the tuneful romance, opening today at the Elsinore theater.

Senate Passes Postal Pay Hike

Washington, Sept. 1 (AP)—The senate today passed by voice a bill calling for a \$100-a-year pay increase for almost all of the 500,000 postal employees.

The measure — estimated to cost \$61,000,000 a year—goes now to the house. Earlier this week, the house approved a bill authorizing a postal pay hike of \$180,000,000 a year.

The senate bill would give almost all regular employees a flat \$100 a year in addition to their annual salaries. Hourly wage workers would receive a two and one-half cent an hour increase. Fourth class postmasters would receive a two and one-half per cent increase in their basic pay.

The senate bill would also wipe out the two lower grades of postal employes and set most starting salaries at \$2,800 a year. The starting salaries under the house bill would be \$2,900.

Bridge Delay May Bring Suit

Possible claims for damages against contractors for the Marion-Polk county bridge at Independence will be discussed with Marion county and state officials, according to Judge C. F. (Jack) Hayes, of Dallas. He will be accompanied by W. E. Knowler and C. L. Burbank, Polk county commissioners.

Delay is blamed by the Marco Construction company, contracting firm, upon lack of steel which is now being fabricated and not expected to be available until the first of the year with the construction with the completion of the project by December 31.

Operation of the Marion-Polk county ferry near the bridge site costs the two counties around \$7000 a year, Judge Hayes points out, and also the delay will cause some other damages in the delivery of logs and farm products which cannot be handled by the ferry.

Train Hits Auto; None Injured

Geneva, N. Y., Oct. 1 (AP)—While a train bore down on them, Mrs. Fenton Stevens of Stanley, N. Y., and her four young children huddled in their automobile last night.

Stevens tried in vain to push the stalled car off the grade crossing.

The locomotive struck. The car overturned and slid onto another track.

All lived to tell about it.

Mrs. Stevens, who is expecting another child, said she kept the children in the car because she feared the train would run over them if they jumped out. The children range in age from one to five.

The 25-year-old mother and the children were taken to a hospital. Attendants said no injuries were apparent.

Stevens was not hurt.

Revised Bids for Keizer School

A revised bid of \$32,648 offered by E. E. Batterman, Salem contractor, was accepted for additions to the Keizer school at a meeting of the school board Friday night. He had been low bidder on the original project at \$66,877 with H. G. Carl bidding \$74,135 and the Johnston Construction company \$88,389.52.

The new bids were asked of the three firms after the originals had exceeded available funds. Johnston's revised bid was \$42,970.21 with Carl not submitting a second offer.

The board eliminated plans to move and relocate the old school building on a corner of the school lot, construct one classroom and library and add two doors to the old structure and roof a play area.

Batterman will construct three

They're just a couple good

"Holly" Says:

I don't know which word to use "congratulations" or "condolence" ... and no dictionary. Anyway our friends and neighbors around the corner, Dr. Ed Boring and Dr. Sam Hughes are leaving the old home-stead on Court St. and moving into their new building "on the other side of the tracks." No, I guess it's just this side of the tracks—anyway it's up on Center street just opposite the new shopping center and if the Mrs. will let us use the car some afternoon we're going up and see what an up-to-date super-duper eye testing emporium looks like. Good luck fellows, and when you start buying diamonds remember my address "Holly's Diamond Shopping Center Center of Salem in the Center of the Willamette Valley."

Alcatraz Art Display—Twenty-one Alcatraz prisoners contributed works to the third annual outdoor art show of the San Francisco art commission being held in Union Square. A small part of the thousands of visitors who thronged to the show view some of the prisoners' interpretations of what they see from their cell windows. The work of the convicts appearing in the show is on sale and selling briskly. Proceeds will be deposited to the artists' prison accounts. (AP Wire-photo.)

Subjects Varied In Adult Program

A wide variety of subjects have been made available for persons who wish to take advantage of the adult education program of the Salem public schools.

The fall term will open Monday night with classes being conducted at the senior high school building with George D. Porter as director. The program will operate in four classifications: Adult education (less than college level); extension classes by the Oregon state system of higher education; related training (apprentices and on the job trainees); youth employed and under required attendance.

Courses which are organized to meet the needs of the students are contingent on an enrollment sufficient to warrant them.

Persons in the 16 and 17 year age group who are employed full time, must attend night school, unless they can arrange part time attendance in the day school, or have previously graduated from high school.

Classes for adults in flower arrangement, foods, dressmaking, home decoration, leather craft, metal and plastic craft, and many kindred subjects will be formed if there is sufficient demand.

The extension work will include courses in Geography of South America, History of the Pacific Northwest, Individual Problems in Public School Music, lower division painting, Diagnostic and Remedial Instruction in Reading and Literature, Elementary Mathematics, Contemporary Problems.

Reds Name Peak For Paul Robeson

Moscow, Oct. 1 (AP)—The Soviet Alpinist society today honored American Negro singer Paul Robeson by naming a mountain peak "Paul Robeson Peak."

The mountain is in the Tau range on the northern border of the republic of Kazakhstan.

Prior to the California gold rush, more gold was mined in North Carolina than in any other U.S. state.

Boy Breaks 'em All

Los Angeles (AP)—Traffic Judge Roger Pfaff groaned as he spotted a familiar face in the front row.

Then to the courtroom at large, he said:

This boy (a minor) before me got a car three months ago. Since that time, he has broken every traffic law in the book. Yesterday, on the advice of this court, he sold his car.

The judge nearly choked as he looked at the citation: "Two dollars fine for jay-walking."

Church Groups Meet

Silverton—The Zion Circle meets Tuesday afternoon in the Fireside room. Hostesses are: Mrs. Oliver Becken and Mrs. Edwin Overlund. The Ladies Aid meets Thursday at 2 o'clock with hostesses Mrs. M. N.
