Convict Weeps Over Applause

Big Spring, Tex., Oct. 3 (AP)—A life term convict stood in the wings of a stage yesterday and cried. He was hearing—for the first time—his musical history of Big Springs. Frank Grandstaff, on a six day furlough from the Tennessee State prison, then slipped quietly into a front row seat. But minutes later he was pushed to the stage—the center this time—to receive the applause of hundreds. The one-time piano salesman in west Texas, a man described as having unusual talents, was given a warm, heart-felt ovation, for a work composed in a prison cell. Grandstaff's cantata, "Big Spring," was sung by a male chorus, as part of the west Texas town's 100th birthday celebration. "I'm happy, I'm very happy," was all Grandstaff could say. "Yes, it sounded just as I thought it would." "Happiness is a town named Big Spring," he told a crowd estimated at 2,000 persons just before the program in the municipal auditorium began. "Everyone here has gone out of his way to make my stay here one to be remembered." "You need not worry about me while I am here," he said in a low, emotion-choked voice.

Non-Communist Oath Now Signed

Berkeley, Calif., Oct. 3 (AP)—The president of the University of California academic senate (faculty) has signed the non-communist oath. "Now there is no pistol at the head." Dr. Joel Hildebrand, who had been critical of "imputations of disloyalty" in the expansion of the oath of allegiance formerly required of instructors, said he expected all faculty members now would sign the new oath "or its equivalent." The university board of regents this year demanded all employees sign a new oath. Hildebrand said the "pistol at the head" had been removed by Saturday's action of the board of regents in allowing faculty members to reward the pledge. Dr. Robert Gordon Sproul, university president, said 60 per cent of the teaching force had signed. Although, in the western world, octopuses are used mostly for fish bait, many people find them good eating.

Act of Aggression Assert Nationalists

Canton, China, Oct. 3 (AP)—Soviet recognition of the Chinese communist regime is "not only an act of aggression against China but also a threat to peace and security of the Far East," Nationalist Foreign Minister George Yeh declared tonight. Yeh summoned Vladimir Varsov, Soviet charge d'affaires, to the foreign office at 9:30 p.m. and read him a written statement containing this assertion. The statement described Moscow's recognition of the Red "boxer regime" at Peiping as

Soybeans Lead Grain Upturn

Chicago, Oct. 3 (AP)—A strong market developed in grains on the board of trade today. The upturn was led by soybeans, which jumped more than 3 cents at times. Eastern commission houses were good buyers of beans. Wet weather in the mid-west influenced both soybeans and corn. Gains in wheat were led by the May and July deliveries, both of which made new seasonal highs. Reports that producers in the southwest were seeding less acreage to 1950 winter wheat spurred demand. A northwest elevator was a heavy buyer of December wheat. Wheat closed 2 1/2-3/4 higher. December \$2.14 1/4-3/4, corn was 1 1/4-1 1/2 higher, December \$1.18 3/4-5/8, oats were 1 1/2-3/4 higher, December 67 1/2-3/4, rye was 1 1/4-1 1/2 higher, December \$1.47 1/4, soybeans were 2 1/2-3 1/2 higher, November \$2.31 1/4-1/2, and land was 5 to 18 cents a hundred pounds higher, October \$11.45.

Ban on Pickets Withdrawn

The Dalles, Ore., Oct. 3 (AP)—Circuit Judge Malcolm W. Wilkinson today dissolved a temporary restraining order against CIO longshore pickets of The Dalles where the "orphaned" marga Honolulu, with a load of black-listed Hawaiian pineapple, remains moored. In a brief hearing, Judge Wilkinson said that it appeared that "the port of The Dalles has decided not to permit unloading of the barge at this time and therefore it is unlikely that there will be any recurrence of picketing or violence." He said the parties to the restraining order had agreed to dissolve it. Gunther Krause, attorney for the Hawaiian Pineapple company, said his firm had no immediate plans for unloading the \$800,000 cargo of "hot" pineapple which last week was the center of a picketing dispute which broke into violence Wednesday. CIO longshoremen, on strike in Hawaii, picketed the dock when a non-union local crew began unloading the barge. Six persons were injured when the pickets broke through a police line and attacked truck drivers on the dock.

Made in Yugoslavia—For summer use only, this roofless car, shown at a trade fair in Zagreb, Yugoslavia, has a five-horsepower engine and can travel 35 miles an hour.

It is estimated there are more than 43 million motor cars on U. S. highways.

MARKET QUOTATIONS

Table of market quotations including: Salem Livestock Market, Lumber, Flour, Cotton, and various commodity prices.

Stocks Advance In Narrow Range

New York, Oct. 3 (AP)—Prices edged higher today in a moderately active stock market. Trading was at the rate of around 800,000 shares for the entire day. The upturn came late in the day after the market had ebbed along quietly in a narrow range. Radio and television shares stood higher all day. Gold shares also kept to the upside for the most part, although some of these gains were shaved down. Steels switched a little higher after being mostly unchanged to lower. Motors followed a like pattern. On the higher side were Youngstown Sheet & Tube, General Motors, Chrysler, Good Year, Santa Fe, Admiral Corp., Philco, Kennecott, Union Carbide, American Woolen, Standard Oil (NJ), and U. S. Gypsum.

Delegation Alert on UAL

Senators Wayne L. Morse and Guy Cordon and Representative Norblad are all alert to the United Air Lines and West Coast Air Lines case as it affects Salem, according to work received by the Chamber of Commerce from all three. "Formal hearing will probably not occur for several months," says a wire from Senators Morse. "I have received some excellent supporting data which I hope to use to the best advantage in supporting appeal for continuance of United Air Lines." Referring to data furnished by Manager Clay Cochran of the Salem chamber to officials of the civil aeronautics board in support of continuance of the UAL here, Senator Cordon writes that "I made similar recommendations to the CAB last week, and have asked to be kept advised of the board's action." "I shall continue," writes Norblad, "to make every effort to have the public hearing held on the west coast."

Hurricane off Coast of Texas

Corpus Christi, Tex., Oct. 3 (AP)—A 100-mile-an-hour hurricane moved slowly toward the industrial-studded Texas Gulf coast today. All along the crescent-shaped coastline from Corpus Christi to Galveston, about 250 miles, preparations were made for a big blow late today. Tides already were running high and torrential rains drenched the whole area. Nearly four inches of rain had fallen at Galveston. Corpus Christi, site of the big naval air training center, ordered schools closed. Thirty-five four-engine bombers took off in a rain squall for safe haven at Goodfield field at San Angelo, in west Texas. Merchants were busy boarding up plate glass windows. Low land dwellers were ordered away from the coast line. At 7:45 a.m. (PST) the hurricane was centered about 125 miles east southeast of Brownsville, on the extreme southern tip of the Texas coast. The U. S. weather bureau said it was increasing in intensity as it moved eastward. It estimated the wind velocity had increased from 90 miles to 100 miles an hour during the morning. Octopuses have an ink sac from which they can squirt a colored fluid which they use as a kind of smoke screen. Rockefeller Center's tallest building—the RCA Building—is 850 feet tall.

Stocks

State Police Arrest Student Rioters

Portland, Ore., Oct. 3 (AP)—State police have arrested three Portland high school students and are seeking 27 others involved in a teen-age "riot" that caused \$300 damage to the Jennings Lodge Community club building Saturday night. Dishes, chairs, furniture and wall partitions were broken during the melee. The students reportedly were from Grant and Washington high schools. Fighting broke out between rival factions after the students rented the club for a dance. When the party got out of control, the entire crowd was dispersed. Windows were smashed and draperies torn. The National Safety council says horse travel was more dangerous than automobile travel today with about 30 fatalities per 100 million miles of horse travel in 1909 (the peak of such travel in the United States) compared with seven deaths today for each 100 million miles of auto travel.

Obituary

- ROSA D. RODGERS: Final services for Mrs. Rosa D. Rodgers, 68, of 608 Jefferson, who died in Salem Saturday night, will be held from the memorial chapel of the Roman funeral home at 2 o'clock Wednesday.
