Stocks Advance In Active Day

New York, Oct. 4 (P)-Fresh demand streamed into the stock market today, lifting the general price level around the high for the year.

Leading issues - including a couple of steel stocks-advanced fractions to more than a point, some 1949. of their best prices for

Business was almost double yesterday, turnover was at the rate of around 1,300,000 shares for the full session. Bidding for radio and televi-

sion stocks was particularly vi-gorous during the morning.

The steel strike and the tie-up in the coal industry evidently had little affect on price trends. Higher prices were paid for Bethlehem Steel, Youngstown Sheet, General Motors, Chrysler, Admiral Corp., Santa Fe, Goodrich, Montgomery Ward, Doug-las Aircraft, General Foods and General Electric.
