## Women's Council Plans for Year

The various women's groups of Salem are appointing their delegates to the Salem Council of Women's Organization for the year 1949-50.

The first meeting of the council will be held at the Chamber of Commerce at 2 o'clock on Thursday, October 20. The speaker will be Col. O. E. Walsh of Portland, Division Engineer Corps, U. S. Army Engineers.

His address will give the highlights on the Willamette valley dams project. A conducted tour to some of these dams is proposed for members at some future date.

Both religious and secular or-

ganizations hold memberships in the council, and pay yearly dues of one dollar from each group. The presiding officer of each organization and two members appointed by her become representatives of an organization.

The advantages to be gained by such memberships are many. The council serves as a means of information regarding civic propositions; coordinates activities; avoids duplication and announces club projects. In short, it serves as a clearing-house from which delegates take back to their organizations such information as will be instructive and useful.
