

East Salem Deer Hunters Back With Prowess Proof

East Salem, Oct. 6—The men of East Salem with others from surrounding communities are highlighting the news this week with their deer hunting trips. One group made up of Ralph Hein, and Stanford Hein of Lancaster drive, George Crump, Jack Hein, Corwin Hein and John Ritter left Salem on Friday for the area near Bend, and returned with every man having his deer, six of them.

Others from Swegle community who are hunting are Mr. and Mrs. Edward Rennaude, A. D. Hofstetter, E. E. Brandt with Claude and Lee Edwards from Middle Grove. Others from Middle Grove who are out this week are Melvin Van Cleave and Virgil Perrine; William Massey, Robert Bartruff, John Van Laanen, and Dale Van Laanen who are in the Silver Lake basin; Paul Bassett, and his father and Donald Bassett are in the Metolius, and going out just for the weekend Garry Keppinger in the Abiqua area, Cleo Keppinger to the Silver Creek basin and Earl and Orville Malm above Silverton. Glenn Larkins of Park avenue is in the Bend territory. Moving this past week into the former Bahnsen home on Lancaster drive, Swegle district, were Abner J. and Bessie Cobb from Turner.

New home under construction on East Garden Road, Swegle district, are two being built by E. J. Welty and Homer Welty with the E. J. Welty home being built for their own new home; and the Reinhart Jink family, who recently came to Oregon from Nebraska, all on the same new division.

Central Howell—The first of Marion county's 28 home extension units which are in communities east of Salem, held their initial meeting Tuesday, October 4 in the home of Mrs. Theodore Kuenzi beginning at 10:30 a.m. Members in this unit live in both Middle Grove and Central Howell districts. There were 20 women who have been members present, and two new members, Mrs. William Massey and Mrs. Norman Fletcher, both from Middle Grove. Mrs. Fletcher is new in the community.

Mrs. Kuenzi, the new chairman, presided at the business meeting. Required standard projects selected were adopting the constitution, recreation and 4-H work. The unit will sponsor the 4-H sewing club to be organized by Mrs. Lewis Patterson and Mrs. Harry Phillips and will provide a one half scholarship for some club from Middle Grove or Central Howell.

Mrs. Frank Way, a member of the county council, Azalea house chairman, announced an apron sale for some time in December and the unit will provide some aprons for the sale. A jar will be provided for the pennies to be given each month to be used for the pennies for friendship by the ACWW chairman.

Hostesses for the dinner hour were Mrs. Anna Kuenzi, Mrs. Earl DeSart, Mrs. Lewis Patterson and Mrs. Ted Kuenzi. The project discussion was given by Miss Eleanor Trindle on "Unifying Home Furnishings."

The ancient Greek physician Pedanius Dioscorides recommended dried rose leaves in wine for headaches, pains in the eyes, ears and gums.

Need in U.S. Schools: 'Teach Democracy'

Buffalo, N.Y., Oct. 6 (AP)—Teaching of democracy and its principles is one of the greatest needs in American schools today says Mrs. John E. Hayes of Twin Falls, Ida., president of the National Congress of Parents and Teachers.

Mrs. Hayes was here to attend the annual convention of the New York state session of the congress.

"We have no assurance that our civilization will be endangered even if Russia does have the atom bomb," declared the leader of more than 5,000,000 parents.

"We must redouble our faith in people and our confidence that the future is worth building strong and free and work to attain for every child the fullest possible growth toward useful citizenship," she said.

Mrs. Hayes declared that one of the organization's main aims during 1950 will be to strive for enrollment of the "brightest and finest" students in teacher-training schools.

Call for Dam Bids Soon

Seattle, Oct. 6 (AP)—Initial contracts for work at Chief Joseph dam on the Columbia will be let next month, the district army engineer's office said yesterday. Others will be let as rapidly as work progresses.

Seattle-Fairbanks Road to Cut Mileage

Seattle, Oct. 6 (AP)—Fairbanks, Alaska, will be 500 miles closer to Seattle next summer by automobile.

Completion of the John Hart highway—from Vancouver, B. C., to Dawson Creek, the Alaska military highway bridgehead—will cut that many miles from the trip by eliminating the long jaunt from Seattle to Edmonton, Alta.

The highway, named for the former British Columbia premier, runs from Vancouver through Chilliwack, Clinton, Williams Lake and Prince George to Dawson Creek. It already is passable except for 24 miles.

Hey! Wake Up! Yer Dreamin!

Now folks, as we were sayin, heres a store that saves you money. do your buyin here and watch your savins pile up. everything is sold lower'n anywhere else, in fact our customers hafta watch themselves or their money piles up on em til they almost stagger carryin it. the reason we can sell less'n cost is we sell so much of everything. "Hey, Wake up!" Huh! Ho! Whatcha say? "We said wake up, yer dreamin. You don't hafta write yer dreams. All ye gotta do is tell the folks the facts about these markets... like, fer instance, all the good things to eat are to be found right here and they can have it delivered if they like. Why man alive I could go on ravin about how easy it is for the women folks to set a better table and as to prices, our prices quality for quality is right down there where they belong. one store sellin' cheaper'n everyone else is a lot of malarkey, just tell the folks to come in and see for themselves.

We are reducing the cost of living to our customers ENORMOUSLY. For instance, this week we are reducing the price of shortening way down, and we're doin' it our own little selves. BAH! folks, that's a lot of bologny! We have a lot of Crisco, Snowdrift and Spry and we got a tip the price was coming down, so not to get caught with our... oh, never mind, just buy whatever amount of Spry, Crisco or Snowdrift you need. We're gonna have it all the time and the price is going to be right, of that you can be sure.

Meat Dept.

This week we are going to have dressed young frying chickens. When we showed this to our top butcher boys they said in unison, "Well, what's so unusual about that... everybody's got fryers. Why don't ya tell 'em what kinda chickens we got? Some chickens we've seen offered for sale have a neck on 'em longer than a giraff or whatever that long-neck animal is, and they still have their feet hanging on, too, about a foot of useless skin, bone, and besides they still got all their innards in 'em and they are blue like they'd been... never mind... just say these fryers we have are young grain-fed Rhode Island Reds, weighing 2 1/2 to 3 1/2 lbs. They are perfectly dressed and drawn and when we say they're fine eating, we're blabbin' no secret!"

2 1/2 lbs. to 3 1/2 lbs.
per lb. 63c
Swift's Premium or Cascade

CHOICE VEAL

Roast Steaks
or
CUTLETS
GROUND GRADED BEEF
per lb. 39c
Pure Pork Sausage or Link Sausage and oodles of other quality meats to select from.

Overheard in our vegetable and fruit department... sounded authoritative, too! You know says onea our vegetable department men to a lady customer, take citrus fruit, now do you know if folks would just realize how healthful they are. Now take our ad writer for instance, he's had the FLEW you know. Walked around here like there wasn't a thing in the world after him, his face was longer than the necks of somma chickens our butcher was tellin us about. I just come plain out and told him, I says, you get yer self a bag of those juicy oranges and george yerself, or what ever it is when you drink a lotta anything and you'll be over that FLEW of yours in no time atall. Did he do it, the little lady wanted to know? Heck, we don't know, a feller that writes like that you dont know what he's apt to do, but I showed him all the different priced fruits, nice juicing oranges 19c a doz., or those over there, 3 doz. for 89c then theres those two big sizes the first one there 49c and those over there are 69c per dozen and for grapefruit I showed him this size, a nice one too, 2 for 23c, or this other size, 3 for 33c. Lemons are used a lot for colds and the FLEW too, we told him, a dozen nice lemons for 49c.
