

Aga Khan's 17-Year-Old Son Asks Ballerina to Wed

By SALLY SWING

Paris, Oct. 6 (AP)—Beautiful Ethery Pagava, youngest ballerina of the grand ballet De Monte Carlo, said today that Prince Sadruddin Khan, 17-year-old son of the Aga Khan, had asked her to marry him.

But the 17-year-old ballerina said she did not plan on becoming a sister-in-law of Rita Hayworth for at least ten years. "I can't possibly make up my mind for at least 10 years," she said.

The dancer lives in a small Paris apartment with her father, Georgian Prince Levan Pagava.

Seeks to Enjoin Painters Union

Complaint filed in circuit court here by Don F. Steppe vs. Brotherhood of Painters, Decorators & Paperhangers of America No. 724, Salem, and Warren P. Bigelow, Sid Prairie, James Cutler and W. L. Barnett, seeks to enjoin the defendants from preventing members of the union from working for plaintiff or in any manner preventing plaintiff from hiring union painters.

Steppe alleges in his complaint that November 1, 1947, acting through the Painting and Decorating Contractors of America as its agent, he entered into a contract with the defendant union whereby the defendant agreed to furnish at plaintiff's request skilled workmen journeymen painters and decorators from the membership of the union.

Replying upon this working agreement, he says he entered into contracts with third persons for work grossing a sum in excess of \$25,000.

On September 2, this year, he says that the defendant union breached the contract by prohibiting the union from furnishing journeymen painters from its membership to work for plaintiff and sent him a notice stating he was not to have union painters for a period of six months. "This action," he says, the notice advised him, "came as a result of your having been found guilty of working with non-union painters at the Yeater Appliance Co."

Defendant James Cutler is named as business agent of the union, Warren Bigelow, president; Sid Prairie, financial secretary, and W. L. Barnett, recording secretary.

Sarcastic Note Traps Burglar

Marshall, Mich. (AP)—A young burglar's sarcasm led to his arrest.

Eighteen-year-old Maynard Miller left a note which told store manager Neil Smith: "Next time don't leave a broken window for me. It was too easy to get in."

Smith recognized the handwriting and Miller was arrested. He confessed robbing the store of \$67.

Social Security Expansion Bill Passed by House

Washington, Oct. 6 (AP)—Riding a triumphant 333 to 14 house vote, legislation vastly expanding the nation's social security program moved over to the senate today.

It would add 11,000,000 to the 35,000,000 workers now covered by old age insurance.

Its sponsors voiced hope it would lessen strikes and strife over labor demands for pension plans financed wholly by employers. In the federal program, workers and employers share equally the cost of the benefits the workers later receive.

Senate approval is considered virtually certain—some time before the 1950 fall elections.

Chairman George (D., Ga.) of the senate finance committee said the senate is bound to vote for higher security benefits, but will not be able to act before the second session of the 81st congress convenes in January.

The new bill would raise the minimum old age benefit from \$10 a month to \$25 a month. It would increase the maximum benefit for an elderly couple from \$85 to around \$126 a month. Benefits are based on a person's average wage and the number of his working years during which he paid payroll taxes into the program.

In addition to blanketing new millions under old age and survivors insurance, for a total of 46,000,000 covered workers, the 201-page bill would:

1. Boost benefits by 70 to 80 per cent or more.
2. Create new disability insurance, to take care of persons who by illness or accident can never work again.
3. Increase the payroll taxes on employe and employer. The tax would go up from the present 1 per cent on each, to 1 1/2 per cent next year; 2 per cent in 1951; 2 1/2 per cent in 1960; 3 per cent in 1965; and to 3 3/4 per cent on each in 1970.

The tax would be collected on the first \$3,600 of a person's
