

# Vast Buying Power Means Savings to You!

Our organization is proud of its thirty-seven years of faithful service to the community which has enabled it to grow to the present 85,000 square feet of floor space housing fine, quality merchandise. Hogg Bros. has the largest service department of its kind serving the Pacific Northwest on all major appliances, regardless of make or model. All prices are as low or lower than offered anywhere in Oregon. Friendly interest and liberal credit terms have also helped make Hogg Bros. one of Willamette Valley's leading appliance and home furnishers.

General Mgr.

We proudly show an illustration of the unloading of a car of the new Maytag fully automatic washer and also a car of the new 1950 model Frigidaire Electric Range. They are only two of eight cars of merchandise received by Hogg Bros. in the last 30 days. By the purchase of carload shipments, Hogg Bros. buying power enables them to put merchandise of the very best quality obtainable in your hands at the lowest possible price. This means greater savings to you, making your dollar go farther on such leading nationally advertised lines as Maytag, Easy, and Frigidaire.

## Carload Purchases Save You Money!

HOWARD COE  
Mgr. Frigidaire Dept.

It is our belief that Quality merchandise and good service go hand in hand to make you a satisfied customer. With that thought in mind we have staffed our service department with the best trained personnel. Each trade-in appliance goes through a complete process of repairing and repainting. That is why we can sell with assurance to you that each appliance is tested, approved and guaranteed.

We are forced to sell our re-built washers at unusually bargain prices in order to make room for several more carloads of stock expected to arrive shortly. They'll go fast—and it's no wonder. You'll be amazed at the prices. All makes are carefully rebuilt to meet rigid factory specifications with genuine parts used. Each washer is fully guaranteed by Hogg Bros. service department, the largest of its kind in Salem.
