Made Lots of Noise—This truck and gang from Willamette's Beta Theta Pi was one of the noisiest in a parade of noise makers on Salem streets Friday night.

Stocks Advance Irregularly

New York, Oct. 29 (AP)—Chrysler Corp. common stock raced ahead of the market today to a new 1949 high.

On top of Friday's gain of 1 1/4 points, Chrysler jumped more than 2 points at one time. All of the advance was not maintained, however.

Aggressive buying started after news of an increased dividend and an excellent earnings report.

Elsewhere a policy of cautious trading prevailed. Prices, when changed at all, showed only minor variations.

Linn Facing Loss in Taxes

Albany, Oct. 28—Linn county is faced with loss of 22,270.05 acres of forest land from its tax rolls through reclassification.

The assessor's statement is based upon the announcement of G. Spaur, acting state forester, that a hearing will be held by the state forestry department at the court house on the proposal for classifying 79 tracts of logged lands ranging from 80 to 640 acres each in extent.

According to the state forest office notice the board of forestry has proposed to classify these tracts as forest fee and yield tax or reforestation lands, which in either case will remove them from the ad valorem tax rolls.

Remonstrances, argument, objections and suggestion will be entertained at the hearing, the notice states.

Valuations are not given but on the basis of the \$1.72 valuation placed on logged off lands on the 1949-50 tax roll the prospective loss would be \$37,840.

The tracts listed are owned largely by logging and timber companies and are located mainly along the North Santiam river, upper Thomas creek and Roaring river basins, in the South Santiam area east of Foster, up and down the Calapooia river valley and along the foothills east of Harrisburg.

LEGAL will be held before the Oregon State Board of Forestry, or one or more of its members for the purpose of considering the proposal of the board to recommend for classification as forest fee and yield tax lands or reforestation lands, certain lands situated in Marion County, state of Oregon.

NOTICE TO CREDITORS Notice is hereby given that the undersigned has been appointed by the Circuit Court of Marion County, Oregon, administrator of the estate of D. C. Walker, deceased.

Students Stage Noisy Turmoil

Din, reminiscent of the clamor that marked the celebration that followed the false armistice of the first world war and that was heard for many blocks, brought to the attention of Salem citizenry early Friday night that Willamette university's 28th homecoming football game was but a few hours distant.

The uproar, caused by whistles, the clash of iron rods upon boilers of many sizes and similar devices constituted the annual "noise parade" of Willamette students. The parade, after following a route through the business section, terminated at the Bush pasture athletic field where the customary pep talks were given.

Premature burning of the bonfire, early Friday morning, necessitated the collection of a second heap of combustibles. The fire wasn't as spectacular as was planned but the accumulation of old auto tire casings, packing boxes and similar articles was sufficient to illuminate the scene.

Old grads returned to the campus in considerable numbers Saturday forenoon. Many of them took part in the luncheon tendered in their honor at noon in Lousanne hall.

Ed Averill, president of the alumni association, presided. They were to assemble in Baxter hall following the football game for an informal reception. Others were to take part in family group dinners at Salem homes.

Judging of the sorority and fraternity signs, based on the theme "A Kick in the Rear for the Pioneer" was completed Friday afternoon. Announcement of the result will be made during the dance to be held in the gymnasium Saturday night.

Scoffs at Alaskan Gold Strike Claims—Klondike Kate of Jefferson, who was the belle of the Yukon, hasn't been impressed by stories of nuggets the size of peas at Fishwheel, Alaska.

Chicago, Oct. 29 (AP)—Most grains worked a little higher on the boards of trade today, but corn lagged behind the rest of the market. Receipts of the yellow grain were fairly large and were expected to expand sharply next week.

Wheat and soybeans made fractional gains on news that restrictions on private export of these commodities had been lifted. In soybeans, however, some selling pressure developed midway in the sessions and prices slipped back.

Grain Prices Work Upward

Wheat closed 1/2-1 1/4 higher, December \$2.14 1/4-1/4, corn was unchanged to 1/2 lower, December \$1.16 1/2-1/2, oats were 1/2-1/2 higher, December 72 1/2, rye was 1/2-1/2 higher, December \$1.42 1/2, soybeans were 1/2-1/4 higher, November \$2.23 1/4-2.23, and lard was 10 to 20 cents a hundred pounds higher, November \$10.25.
