Offers Girders—Guy W. Conner, Inc., Portland firm, has written the county court that it has purchased the railroad steel and accessories above the Detroit dam and that among the properties is a turntable. The girders on this, says the company, are of steel 4 1/2 feet wide and 6 1/2 feet at the center which might serve as inexpensive girders for some county bridge and the concern is willing to dispose of them to the county. The matter has been turned over to Bridge Foreman Ted Kuenzi.

Farms Make Filing—Steen and Swearingen Farms have filed articles of incorporation with the county clerk with a capital stock of \$25,000 and incorporators named as W. Lowell and Katherine Phillips Steen and Marshall and Beth Swearingen.

Gas Fumes Escape—First aid was called Wednesday night to attend Mrs. Ruth Dempsey, 635 South 18th street. She called first aid and said she was almost overcome by gas fumes. It was found that a gas stove burner had been turned on accidentally.

Increasing Cloudiness—Some cloudiness, combined with a little fog and smoke during the morning, threatened an end to Salem's ideal fall weather of the past few days. And the weather bureau did not help matters much with its forecast for increasing cloudiness Friday. Thursday's minimum here was 35 degrees, following a maximum yesterday of 68. Salem had one of the cooler temperatures in the valley yesterday. Portland reached a high of 71 degrees, only two degrees below the all-time November 2 high of 73 degrees registered in 1880.

Abandoned Bike Found—A patrolman found a double bar frame, blue bicycle abandoned in the 3200 block on Portland road and returned it to police headquarters.

Eola Club Busy—The Willing Workers club of the Eola community met this week at the home of Mrs. Paul Schwynoda to tie quilts and make potholders for the fall festival to be given the afternoon and evening of November 19. The next meeting will be November 15 at the home of Mrs. William Rowe.

Escaped Girl Found—A 15-year-old Salem girl who escaped from the juvenile detention ward at Salem Memorial hospital Wednesday was arrested shortly before dawn Thursday and lodged in the women's section of the county jail. The girl was originally taken into custody after she was found going through purses of other students at Salem senior high school. She had been held for investigation after being unable to explain her activities. The arrest after her escape was made at 5:15 a.m.

Dr. Sword Talks On Future India

If Nehru, India's top official, now in this country is unable to give his people quickly those things which were promised at the time that country gained its independence from the British empire, they will turn to communism or socialism, predicted Dr. Victor Hugo Sword as he spoke to the Salem Lions club Thursday noon.

Dr. Sword, interim pastor of Calvary Baptist church, Salem, a missionary to India for 20 years states that India is making great strides toward becoming a real country. He states that Nehru is extremely aggressive and an astute politician who was educated in England and Russia.

Efforts by Dr. Sword to induce Nehru stop in Oregon proved futile and the Indian representative passed over this country yesterday en route to Seattle.

The speaker said India was a great producer of cotton, jute, wheat and tobacco but is badly in need of industrialization.

During the luncheon copies of the book "World's Greatest Doers," a story of Lionism, was presented to representatives of the state, city and Willamette university and of Salem high school.

Portland Fireman Jailed for Forgery

Portland, Nov. 3 (AP)—A Portland fireman, Wesley J. Myers, 24, was in jail today charged with forgery in connection with loans from the City Employees Credit union.

Day is farm representative of the Newberg branch of the First National bank, and is well known in Newberg and the surrounding area.

Day announced that the new Memorial hospital campaign goal is \$250,000.

"Last year's drive was suspended because not enough people appreciated the seriousness of our needs," he said. "We are grateful for the support already received but this hospital is not a problem for the few. It must have the support of every man, woman and child in this area!"

The Memorial hospital campaign has offices in the City Hall, Newberg. Within a few days, Day plans to announce the appointment of committee chairmen.

Call for Detroit Housing Bids Off

Portland, Nov. 3 (AP)—The Portland district corps of engineers today cancelled a call for bids to build 15 permanent residences at Detroit dam.

Plans for the housing now are being revised by the office of the chief of engineers, Washington, D. C., and will be re-issued in about six to eight months.

Besides the residences, the original invitation for bids included utilities, garages, streets and driveways.

Japanese and American Scientists Get Nobel Prizes

Stockholm, Sweden, Nov. 3 (AP)—Two scientists—a Japanese and an American—were awarded Nobel prizes today.

Dr. Hideki Yukawa, the first Japanese ever to be given a Nobel prize, received the physics award for his contributions to atomic physics. Yukawa, 42, has been a professor of theoretical physics at Columbia university, New York, since last September. He was educated entirely in Japan.

Dr. William Francis Giauque, 54, professor of thermo dynamics at the University of California, was awarded the chemistry prize for his studies in the behavior of matter in temperatures close to absolute zero. The world's foremost expert on cold, Giauque developed methods of his own to create lower temperatures than any scientist had ever attained before him.

Each award is \$5,289 Swedish crowns (about \$300,000).

The Swedish academy decided to shelve the 1949 Nobel prize for literature, because it was deadlocked over the top candidates, including Winston Churchill and Italian philosopher Benedetto Croce. Thirty-five persons have been nominated.

Both Giauque and Yukawa are so-called pure scientists, interested in learning the secrets of nature, leaving the practical application of discoveries to others.

The academy's deliberations are in secret. Churchill's candidacy presumably was based largely on his two books of world war II memoirs. Croce, 83, is the author of many works on philosophy, esthetics and history.

The others in the final round were not identified, but outside observers had considered the American novelist, William Faulkner and Carl Sandburg, poet and biographer of Lincoln to be possibilities.

Newberg Plans New Hospital

Claude Pearson, presiding at a meeting of the steering committee of the new Memorial hospital at Newberg, announced the appointment of Ed Day, as general campaign chairman.

Day is farm representative of the Newberg branch of the First National bank, and is well known in Newberg and the surrounding area.

United States Senator Guy Gordon, left, who will be the main speaker at the state republican convention in Salem Friday and Saturday. Senator Gordon will speak at a banquet at the Chamber of Commerce Friday night. At right, Representative Walter Norblad of the first congressional district, who will be the convention speaker Saturday morning at the Senator hotel.

Oregon Republicans Open Convention Here Friday

Advance delegations were due to arrive here late Thursday for the opening of the 16th annual convention for Oregon Republican clubs, Friday. The convention continues through to Saturday noon.

Plans for the 1950 state primary election and the November state general election will be gone over by party leaders at this conclude, and featured especially on the program is a forum on Columbia Valley administration, set for 3 p.m. Friday, Robert Ormond Case of Portland presiding.

Registration gets under way at 10 a.m. Friday at the Senator hotel, headquarters for the convention. Leonard I. Lindas, Oregon City, state president, is among those due to arrive here this evening.

Senator Guy Gordon of Oregon is slated to get into Salem Friday afternoon. He is the featured speaker for the convention banquet Friday evening at 7 o'clock in the Chamber of Commerce. Rep. Walter Norblad, first congressional district, is expected Friday also, reports Dr. E. E. Boring, general convention chairman. Congressman Norblad is on the program to give a talk Saturday morning.

Sessions of the convention formally open at 2 p.m. Friday at the Senator. Highlights for the two-day conclude follow:

Friday, registration at 10 a.m.; noon luncheon, at Senator, republican state officials and leaders in the party to be introduced for greetings; convention called to order for business at 2 p.m.; forum on Columbia Valley administration, about 3 p.m., Robert Ormond Case of Portland presiding; 5:30 p.m., reception by Marion County Republican club, Senator hotel; 7 p.m., convention banquet at Chamber of Commerce, Senator Gordon as speaker.

Saturday, convention business session at 9 a.m.; reports, nomination and election of officers; address by Congressman Norblad, about 11 a.m. For the convenience of those remaining in town following the close of the morning convention session, Saturday, a no-host luncheon is arranged at the Senator.

In addition to Senator Gordon and Congressman Norblad, Congressman Harris Ellsworth, fourth district, Congressman Homer Angell of the third district, are both expected to be here for some of the sessions, as well as Ralph H. Cake, republican national committee man, and Mrs. Marshall E. Cornett, republican national committeewoman.

Of interest locally is report that Dr. Boring will be a candidate for state president of the group, the elections being slated for Saturday morning.

Typhoon Kills 200 in Negros

Manila, Nov. 3 (AP)—The Manila Chronicle tonight reported 200 persons were killed or drowned at Kabankalan, Negros island, in the Philippine's worst typhoon in years on Oct. 31.

The report, the newspaper said, was given to the provincial governor's office by Esteban Abada, a senatorial candidate who came from Kabankalan today.

"Your earnest efforts to bring the coal strike to an immediate end are hereby solicited," Youngdahl wired, "so that subsequent acute suffering in our severe winter climate can be avoided."

The only coal negotiations that have been going on of late—between the miners union and southern operators—were broken off yesterday by the operators. UMW talks with northern and western operators ended without result last month.

There are almost a million men on strike in the coal and steel stoppages. The steel strike has been going on since Oct. 1. Lewis Again Appeals

John L. Lewis today asked Governor Henry Schricker to renew his effort for a separate coal strike settlement in Indiana—a proposal rejected by the state's mine owners yesterday.

Such a settlement might break the way for ending the nationwide strike of 400,000 United Mine Workers.

10-Year Plan

For the type of projects to be listed on the program Franzen and committee members favor special millage taxes rather than bond issues for the reason that they are less burdensome and avoid long-term indebtedness. A "pay as you go" plan is preferred.

Park development was discussed Wednesday night in a tentative way, and another conference on parks will be held Friday night of next week. Most of the talk was about Bush Pasture park, but it was stressed that the city is under obligation to develop parks in other parts of Salem, particularly Kay park or some other area in the north-east part of the city.

Bush Pasture Park

As the first project for development for Bush Pasture park it was suggested that the park be asked next May to apportion financing for laying out picnic areas in the park and completion of seeding the grounds. The suggestion, however, was tentative and some other development might be chosen. The manager said he believed three picnic places could be developed for use next summer.

A systematic plan for overall city development is necessary, the manager said, because of rapid growth of the city.

Looking ahead through the next 10 years, the manager told the committee that the city will be in need of several small public buildings located at convenient places. These should house additional fire department substations, needed with city expansion, possibly a branch office for collection of water bills, and branch public library, the purpose being to save residents the inconvenience of going downtown to transact certain business with the city. Also under the same roofs could be small community halls for the public meetings.

The government called 49 witnesses, many of them well-known physicians from several Oregon cities, in presenting its case.

Judge Studies Medics Anti-Trust Testimony

Portland, Ore., Nov. 3 (AP)—Federal Judge Claude McCulloch today was studying testimony and documents presented by the government in its anti-trust suit against Oregon doctors and medical societies.

The trial here was recessed Tuesday to give Judge McCulloch a chance to look over the voluminous documents presented in support of the government's contention that eight Oregon doctors, the Multnomah County Medical society and others conspired to deny medical society standing to doctors accepting tickets from certain group medical plans.

The government called 49 witnesses, many of them well-known physicians from several Oregon cities, in presenting its case.

Polio Incidence in State Up 66 Percent

Portland, Nov. 3 (AP)—The state board of health reported today that the incidence of polio in Oregon this year is 66 percent higher than a year ago.

Thirteen new cases were reported last week to bring the state total of 262. Clackamas county reported two cases and Clatsop, Hood River, Klamath, Lane, Linn, Malheur, Polk and Yamhill one each.

Ballentine

An aviator and wartime hero of the Pacific campaign, Ballentine was a naval academy classmate of Sherman. He is a native of Hillsboro, Ohio, and like the new CNO is 53 years old.

In the Mediterranean he will be under Admiral Richard L. C. Conolly, commander of naval forces in the eastern Atlantic and Mediterranean. Conolly is due for shore duty and his post in London has been offered to Denfeld.

The new chief of naval operations, swinging into his first full day on a tough job, said there will be no great shakeup "if I have anything to say about it."
