## \$770 Million For Northwest

Portland, Nov. 9 (AP)—The three Northwest states are listed for reclamation work totaling some \$770,000,000 in the next six years, Michael W. Straus said here today.

Straus, commissioner of reclamation, said Montana and Wyoming projects bring the total to \$883,000,000.

The total figure was listed yesterday in the interior department's "Package" report from Washington. It was a summary of the various works in contemplation, listed separately in the past, but lumped together now in one package for a convenient over-all picture of what the department has in mind.

Straus said the reclamation projects by states had this break-down: Washington, \$300,000,000, to irrigate 335,000 acres, give supplemental water to 24,000 acres and add 893,000 kilowatts of power; Oregon, \$181,

000,000, to irrigate 14,000 acres and provide supplemental water to 15,000 acres; Idaho, \$289,000,000, to irrigate 45,000 acres, provide supplemental water to 959,000 acres and add 155,000 kilowatts of power; Montana, \$109,000,000, to irrigate 7,000 acres, provide supplemental water to 25,000 acres.

Straus, who took a look at Bonneville dam today and plans to go to Medford and Klamath Falls tomorrow en route to California, heard a central Oregon delegation ask for expansion of the Crooked river project. Present plans call for a dam 20 miles southeast of Prineville. A delegation asked him to consider a site 13 miles south of the same city. Irrigation of some 15,000

## 1950 Model Car Prizes Offered

Detroit, Mich., Nov. 9—The 1950 model car competition of the Fisher Body Craftsman's Guild is offering \$65,000 in cash awards and university scholarships to the nation's best teenage model automobile designers and builders, it was announced today by J. J. Cronin, vice president of General Motors, general manager of the Fisher Body Division, and Guild president. Enrollments already are being taken for the competition by Guild field representatives who personally are visiting many of the public and parochial schools throughout the country, Cronin said.

Any boy in the United States between the ages of 12 and 20 is eligible to enter the competition and may obtain an enrollment card by writing to the Fisher Body Craftsman's Guild, General Motors Building, Detroit 2, Michigan.

A booklet on model car design and construction, the only textbook of its kind for youths wishing to learn about automobile design, will be sent to each boy enrolling in the Guild, Cronin said.

The awards for the best models entered in the Guild competition again include eight university scholarships for the national winners of the Junior (12 through 15 years old) and Sen-

ior (16 through 19) Divisions of the competition. In each age group the award will be: 1st—\$4,000 scholarship; 2nd—\$3,000; 3rd—\$2,000; 4th—\$1,000.

There will be 14 awards in each state and the District of Columbia, seven in each age group as follows: 1st—\$150 cash; 2nd—\$100; 3rd—\$50; and four Honorable Mention awards of Model Builder's Tool Chests. For judging purposes, the states and District of Columbia will be grouped into 20 regions, each of which will send a junior and senior division winner expense-free to the national Guild convention next August.

## Convicted Red Loses City Office

New York, Nov. 9 (AP)—The communist party has lost its only major public office in the United States.

Benjamin J. Davis, Jr., Negro member of the New York city council, lost his re-election fight yesterday to Earl Brown, Negro magazine writer. Brown was backed by a democratic-republican-liberal coalition. He polled 63,030 votes to Davis' 21,962. Davis is one of the 11 communist leaders convicted of conspiracy to advocate overthrow of the U.S. government in the recent conspiracy trial. Sentenced to five years in prison, he is free in bail pending appeal.

"To the end that you work for democracy, peace and security of the people, you can count on my support," Davis telegraphed the victor.
