Ullman Heads Dakotans—Percy Ullman was elected president and Gibson secretary of the Dakota club at a recent meeting.

Meetings are held on the second Wednesday of each month at the Salvation Army recreation hall, 241 State street. A no-host dinner will be served December 14 with exchange of Christmas gifts of not over 25 cents value. All former Dakotans are invited to attend.

Judge Medina On Vacation

New York, Nov. 11 (AP)—Federal Judge Harold R. Medina has purchased all his Christmas presents, addressed his Christmas cards and today he set off on a four-month vacation.

The 61-year-old judge, who spent nine wearying months presiding over the communist conspiracy trial, said he and his wife "are going away with nothing on our minds except to have a good time and to have a good rest."

He refused to disclose his destination, commenting "I sincerely hope for privacy." He will return March 1.

Resignation

There was some evidence of this at the news conference Mr. Truman held yesterday, several hours before Krug's resignation. Asked about differences with Krug, and particularly whether he had written the cabinet officer a strong letter about reclamation policy, the president declined to comment.

Friends said Krug apparently felt that Mr. Truman should have "been able to do better by him than that."

The president received the letter of resignation half an hour after Krug confided to reporters that he was leaving and had "wanted to leave for a long time."

It was explained later that the delay of the letter was inadvertent.

Krug had nothing to say of his plans. He has an interest in a Tennessee textile mill—in an area where, 10 years ago, he was chief power engineer for the Tennessee Valley Authority.

Chapman likewise had no comment. His wife said he was at his office all last evening writing an address he will give at San Francisco Sunday.

Chapman has been a member of the so-called "little cabinet" for 16 1/2 years.

He became assistant secretary of the interior in May, 1933, under Secretary Harold L. Ickes. He served as acting secretary in the six-week interim between Ickes' resignation and Krug's appointment, and became undersecretary the day after Krug took office in March, 1946.

He served on navy transports during World War I and was once referee and chief probation officer of the late Judge Ben B. Lindley's famous juvenile and domestic relations court in Denver.

Virgil Pleases Salem Audience

Virgil the Magician, known in the entertainment world as The Great Virgil, delighted another Salem audience Thursday night at the high school auditorium where he appeared under the auspices of the Optimist club.

Virgil, at the go-off, did a few simple—for him—tricks that were utterly mystifying to the audience and drew big applause. These were such things as hooking goldfish out of the air and making a duck waddle and quack where there wasn't any duck before.

From there on it got bigger and better, like shooting a bullet right through the middle of the body assistant, and cutting off the old trick of sawing a woman in two, but with variations that had everybody shuddering but Virgil and the lady; and the dollar-bill trick in which the dollar was inside Virgil's cigarette when all the time the boy thought it was in his own pocket.

And—oh, well, there were dozens of others, and the crashing climax where the lady disappears in an instant and Virgil stands in her place.

The magician had the assistance of several good-humored boys and girls from the audience. Were they coached? Ask 'em, and they'll deny it. Good travelers, those kids. And the overalls youngster who consented to have his head cut off captivated the crowd.

It was a fine show.

Longshoremen Disqualify Kin

The Dalles, Ore., Nov. 11 (AP)—Circuit Judge Dal M. King of Coos Bay today was disqualified to hear riot charges against CIO longshoremen in The Dalles' "hot" pineapple case.

A motion filed by attorneys for a number of indicted longshoremen asked for another judge. They previously had disqualified Circuit Judge Malcolm W. Wilkinson of The Dalles, making the second Oregon law for a list of judges.

The longshoremen are charged with participation in Sept. 28 riots in which six men were injured while attempting to unload pineapple declared "hot" by longshoremen in connection with their Hawaiian strike.

A Bomb

"Talk like that," one authority here said, "will convince people the Russians don't have anything remotely resembling an atomic stockpile. It's silly on the face of it."

His reasons: Atomic explosives, or fissionable material, are extremely hard to come by and are extremely costly. Our first few pounds of the stuff cost \$2,000,000,000. No sensible person would dream of using it as a substitute for dynamite or TNT.

Unless, of course, you had an atomic stockpile so vast you could afford to throw it away.

Atomic explosions are big—you can't make a small one. So blasting with them would be impossible to control in the precise way that engineers demand.

A surface or subsurface atomic explosion—and presumably to move mountains you would have to do your blasting in holes bored into them—would impregnate the area with deadly radioactivity. Fission products settling with the dust would poison a great region for years. That would make rubble removal, channel clearing, and other engineering work on the site impossible unless you didn't care if the people doing it sickened and died.

Meantime, the political committee plodded toward a final decision on Italy's prewar colonies in Africa. An agreement was reached to give Libya independence by Jan. 1, 1952.

Morse Says World Peace Hinges on U.S. Foreign Policy

By JAMES D. OLSON
Hopes of winning world peace rests in maintaining a bipartisan foreign policy in congress, United States Senator Wayne Morse declared in his first fall meeting in Salem Thursday night.

Guard Units Take to Air
Several members of Oregon National Guard units are taking to the air this week-end.

Friday the National Guard band, which is the 234th Army band, was flown from Portland to Medford from where they were transported to Grants Pass to take part in an Armistice day celebration in that town.

The men were flown to southern Oregon in a C-47 of the 123rd fighter squadron of the Air Guard and a C-46 from the Air Force Reserve unit at the Portland air base.

Also in Grants Pass to take part in the celebration were the first battalion of the 186th infantry regiment, headquarters battery of the 732nd anti-aircraft artillery battalion from Ashland and company M, 162nd infantry regiment from Cottage Grove. The Ashland and Cottage Grove units went by motor convoy.

Saturday 18 men from the third battalion of the 162nd infantry regiment commanded by Lt. Col. Paul Kliever, and representing the towns of Lebanon, Corvallis and Bend will be flown to Portland in an Air National Guard C-47 to attend the Oregon State-Michigan State football game.

The men are prize winners in the National Guard recruiting contest and are being given the trip and tickets to the game for their outstanding recruiting record. The plane will pick the Bend men up at Redmond and the Lebanon and Corvallis men will board it at Corvallis.

Truman Urges

(Continued from Page 1)
"In view of the fundamental faith of this country and the clear language of our Constitution, I do not see how we can legislate other than to adopt such legislation."

The president's civil rights program calls for enactment of anti-poll tax and anti-lynching legislation, and of a law to establish a fair employment practices commission.

Yellowstone Pictures—Clayton Jones will show motion pictures taken in Yellowstone National park during next Monday night's session of the Salem Practical Nurses association to be held in the chapel of the Salem Memorial association.

The American League has won 29 World Series and the National League 17.
