Stocks Decline Irregularly

New York, Nov. 12 (AP)—Gold stocks took another beating in today's market. Golds weakened abruptly on Thursday following President Truman's decisive statement that the price of gold would not be raised above \$35 an ounce as long as he is president. Losses today ran to more than a point, with Homestake and McIntyre Forcupine off around a point each at one time. Some declined fractionally. The balance of the market puttered along more or less aimlessly. Turnover hit a rate of about 500,000 for the two-hour session. Unchanged to a bit higher most of the time were U. S. Steel, General Motors, Chrysler, Goodrich Montgomery Ward, Safeway Stores, American Telephone and U. S. Gypsum. Bally spots included U. S. Rubber, Lockheed, Radio Corp., North American Co., Anaconda Copper, Union Pacific, Texas Co., and Johns-Manville.

High Scores Counted Silverton—Awarded for high scores at the first in a series of card parties held at the parish hall of the Silverton St. Paul's Catholic parish, with Alfred Schieder as general chairman, were William Lucht, Mrs. Karl Hess, Robert Wellman, Mrs. Hubert Esser and Gregory Schimmel.

Paving Meeting Set for Dec. 8

The Marion county court has set December 8 at 10:30 a. m. as time for a conference with property owners along Southview place south of Salem to see what their reaction may be to cost estimates of a paving improvement on their platted road which has been petitioned for to be made at the expense of the abutting properties. A cost estimate filed with the county court by Dale Graham, county surveyor, shows a total estimated cost of \$3707.75 or \$2,858 per property foot on each side of the roadway. The Southview place petition is different than any others yet received as it asks for paving from curb to curb. The width of the street varies from curb to curb, the average of it being about 50 feet wide while a turn around circle in the addition runs about 30-feet wide, although it varies slightly also at the curves. However, the property is assessed as a straight \$2,858 per foot regardless of the width of the street as all property owners will enjoy the benefits and in addition all intersection costs are assessed equally against the owners.
