Boeing Delivers New Superforts

Seattle, Wash., Nov. 14 (AP)—New, long range Superfortresses are being delivered to the U.S. air force, Boeing Airplane company announced today.

The new craft is an advanced version of the famed "round-the-world" "Lucky Lady II." Its classification is B-50D. The huge plane has gross weight of 164,500 pounds and top speed of more than 400 miles per hour. The range is more than 6000 miles with a load.

Normal range of the new Superfort has been increased by installation of detachable 700-gallon streamlined external fuel tanks, one under each wing. The two tank fittings may be used to carry a 4000 pound bomb when not needed for extreme range. Added to normal capacity, this gives the new airplane a total bomb load of 28,000 pounds.

Installation of "in-flight" refueling equipment will make it possible for the new plane to carry greater bomb loads over ranges limited only by refueling equipment and contact points.

Oregon Paid More Per Capita For Relief Than California

Washington, Nov. 14 (AP)—Washington and Oregon spent more per resident for general assistance in 1948 than did their reputedly wealthier neighbor, California.

The figures include old age assistance, aid to dependent children and aid to the blind. Figures compiled by the joint congressional committee on the economic report show that Washington spent \$2.80 per inhabitant for general assistance while Oregon spent \$2.17 per inhabitant. California, a state in the high per capita income group, spent \$1.77 per inhabitant.

The report found that expenditures for assistance to old age recipients in Oregon amounted to \$11,950,000, with federal funds totaling \$6,055,000 and state funds amounting to \$4,127,000 and local funds totaling \$1,768,000. This made the federal percentage 50.7 the state percentage 34.5 and the local percentage 14.8.

In Washington the old age assistance to recipients totaled \$44,129,000. Of this the federal government furnished \$19,070,000 or 43.2 per cent, and the state put up \$25,060,000 or 56.8 per cent. There was no local participation.

California's old age assistance totaled \$131,524,000 with federal funds amounting to \$58,384,000 or 44.4 per cent, state funds \$62,730,000 or 47.7 per cent, while local funds amounted to \$10,410,000 or 7.9 per cent.

Aid to dependent children in Oregon totaled \$3,251,000, of which federal funds amounted to \$29,000 and state funds to \$1,625,000 while local funds were \$687,000. Washington's aid to dependent children totaled \$9,917,000, of which the federal government contributed \$2,746,000 and the state \$7,171,000.

Old age assistance in Alaska totaled \$753,000, of which the federal government contributed \$386,000 and the territory \$367,000.

Dr. H. G. Wiens, Fresno, Cal., gave the Thanksgiving message at the afternoon meeting at the Evangelical Mennonite Brethren church recently dedicated. Rev. Waldo Wiebe, Shafter, Calif., spoke at a district youth fellowship service Sunday night. Dinner was served at the Mennonite Brethren church.
