

SF Business Man Falls to Death

Seattle, Nov. 16 (AP)—A San Francisco Bay area business executive fell to his death from his eighth floor hotel room window at 2 a.m. today.

The coroner's office identified him as Kenneth Edwin Larsen, 35, Pacific coast manager of Lakeside Laboratories, Inc. His home address was listed at 2926 S. Court St., Palo Alto, Calif.

Officers were mystified as to the cause of the fall. He landed on a roof at the second floor level. He was clad only in underwear and socks. Coroner's deputies said the bed covers in his locked room were turned back as though he had been preparing to retire. His window was open and the venetian blind up.

He had plane reservations for a flight to Portland today for a business conference.

Britain Offers to Buy NW Apples

Portland, Nov. 16 (AP)—Northwest apple growers have been invited by British exporters to offer their fruit for shipment to the Isles in January and February.

The western marketing office of the department of agriculture said bids from Washington, Oregon and California growers were to be filed with the northwest horticultural council, Wenatchee, Wash., until Nov. 21.

The offer prices are to be for shipside at Seattle. The British hope to buy about two million boxes.

Bond Issue Voted
Milwaukee, Nov. 16 (AP)—Voters in a special election here yesterday approved a charter revision permitting a \$200,000 general tax bond issue. The funds are for a sewage disposal plant and system.

The vote was 255 for and 101 against. A bond proposal a year ago, tied to a water users' levy, was defeated.
