

### Four Voyageurs on Home-Made Boat Off on 15,000 Mile Trip

Minneapolis, Nov. 17 (UP)—Four adventurous voyagers, a German shepherd dog and an alley cat named "Id" cruised down the Mississippi river, bound for Alaska today.

They set sail from Minneapolis in the "Tantalus," a home-made, 47-foot, two-masted schooner equipped with an auxiliary engine and an eight-dollar war surplus sextant.

The amateur sailors had a 50-cent book on navigation to guide them on the roundabout course to Anchorage, Alaska.

Between them and voyage's end stretched 15,000 miles of water.

They expect the trip to take nine months.

Skipper of the craft was Warren C. Christianson, 29-year-old University of Minnesota law school graduate, who constructed the schooner at a cost of \$6,000 while going to college and working part-time as a river barge hand.

With him were his dark-haired wife, Faith, 27, Richard Richards, 27, of Winchester, Ky., a self-styled adventurer; and William Keller, 25, a Nevada, Mo., newspaper man.

Also aboard were the dog and cat, pets of the Christiansons.

Christianson said they would stop at St. Louis, New Orleans, Havana, Port Au Prince, the Virgin Islands, Trinidad, and Caracas, Venezuela, before passing through the Panama canal. They hoped to drink coconut milk on some Caribbean Isle on Christmas day.

Sailing up the Pacific coast, they planned visits at Los Angeles, San Francisco and Seattle. Christianson estimated they would reach Anchorage sometime between next June and September.

Christianson plans to set up a law practice in Alaska. His two crew members intend to return to Minneapolis by plane.

"I feel like Columbus must have felt," said Christianson, "because any ocean trip is uncharted if you haven't been over it before."

### 1950 Potato Supports Low

Washington, Nov. 18 (UP)—The government today set 1950 potato support prices at the lowest level permitted by law. It appealed to producers to cut plantings to prevent another costly "wasteful surplus."

Secretary of Agriculture Charles F. Brannan announced that producer supports next year would be cut—at most—12 cents a bushel, or about 11 per cent from this year's average level of \$1.08 a bushel.

Supports were continued at 60 per cent of parity. Based on current parity data, Brannan said the support price next year would be about 96 cents per bushel. The actual support level will be set on Jan. 1 parity data.

Brannan said it could be slightly higher than 96 cents per bushel, that we would not reduce it below that level.

### Errol Flynn Picks Princess As Bride No. 3 for Next Spring

London, Nov. 17 (UP)—Errol Flynn of the movies said today that he has fallen in love with a Romanian princess and hopes to make her his third wife next spring. They are engaged, he said.

He said he met beautiful 20-year-old Princess Irene Ghica six months ago in Paris and they have been "going out together ever since."

"My engagement will come as a shock to my Hollywood friends, but not to our friends in Paris," he said in a telephone interview from his suite in London's Savoy hotel. "They know we have been in love for several months."

He said his fiancée is "independently wealthy and very beautiful, with the bluest of blue eyes and dark brown hair."

The 39-year-old Flynn has been married twice. His first marriage to actress Lili Damita in 1935 was dissolved in 1942. His second marriage, to Nora Eddington, ended in divorce last July.

Flynn said he was "very vague" regarding his fiancée's lineage, but thought she was a member of one of Romania's royal families, although not related to ex-king Carol.

Her father, Prince Jean Ghica, was killed in an air crash 12 years ago, Flynn said, and Princess Irene has been living in a luxurious flat in the Rue de Vaneau, Paris, with her mother, Madame Iby Donescu.
