

EXPOSITION BUILDING—This is the newly built Palace of Tourism on Haiti Exposition grounds at Port-au-Prince, the capital. Building will house tourist headquarters after Dec. 8 exposition opening marking the capital's 200th anniversary.

New Projects Banned by H. T.

Washington, Nov. 17 (AP)—Unless President Truman changes his ruling, a general ban against starting new federal construction projects apparently will continue until mid 1951.

Disclosure of the president's present position was made in a letter written by Secretary of Interior Krug and made public today by the house public lands committee.

Krug, who has resigned effective December 1, recommended that the committee reject a bill which would have authorized some road construction at the Minidoka reclamation project in Idaho.

Outlining his stand to the committee, Krug explained:

"In connection with a virtually identical bill (S. 1594), the bureau of the budget advises that: 'The president's budget policy for 1951 (the fiscal year ending June 30, 1951) does not contemplate the initiation of any new activities unless required by law or urgent public need.'

Bureau of the budget officials, when questioned, said there had yet been no formal announcement of this position.

Truman Tries To Cut Weight

Washington, Nov. 17 (AP)—President Truman and two members of the White House staff are engaged in a weight reducing contest.

It is to end Thanksgiving day. After that, all bets are off. The president already has received five turkeys for next week's holiday feast.

White House officials said the contest started last month after the president had joshed Maj. Gen. Harry H. Vaughan, his military aide, and Brig. Gen. Wallace Graham, his physician, about their excess poundage.

Each is to pay a dollar—some said it was ten dollars—for each pound he remains above the set goal a week from tomorrow.

The president weighed around 180 pounds when the bet was made. And he is supposed to get down to 175. Graham and Vaughan were in the neighborhood of 220 and they are trying to slim down to an even 200.

Graham was reported in the lead today. He is down to 202. The president weighs 178, and Vaughan about 212. Their reducing systems include dieting, exercise and massage. Mr. Truman is laying off pastries and gravy in addition to exercising.

McKellar Slips in Tub; Suffers Severe Burns

Memphis, Tenn., Nov. 17 (AP)—Sen. Kenneth McKellar, (D., Tenn.), suffered severe burns Wednesday when he slipped and fell into a tub of hot water in his hotel.

McKellar was taken to Baptist hospital where physicians said he suffered second degree burns on his left arm and shoulder and part of his left thigh.

McKellar will be 80 next January 29.

Ban Combat Planes At National Airport

Washington, Nov. 17 (AP)—The civil aeronautics administrator today banned all combat-type aircraft from Washington National airport.

Dr. W. Rentzell, CAA chief, announced in a statement that the action was taken "because of the increasing congestion" at the capital's only major civilian landing field.

The restriction does not apply to military transport planes such as those operated by the military air transport service.
