

Abdel Krim, Lion of Morocco, Plots Return From Exile

By SAM SOUKI

Cairo (AP)—The old Lion of Morocco is rumbling and pawing the earth again as he lopes through the narrow confine of his caged cage.

Emir Abdel Krim, that almost legendary figure of Morocco, who fought French and Spanish armies with his Riff warriors in 1925, is living in exile in Egypt, and not liking it.

He came to Egypt in 1947 when he abandoned his ship at Port Said while the French were escorting him from his exile in Reunion Island to France, there to spend his remaining days.

But North African nationalists persuaded him to jump ship, and once again take up the cudgels for North African freedom.

The "old lion," aged by more than 20 years in exile, shuffled through the halls of the Arab League and the Egyptian government, hoping that he would get at least the moral support of his Arab brethren.

But they were all busy with Palestine, and when Palestine ended in defeat, the Emir snorted in disgust at the poor fight and sank into a frustrated silence.

The veteran Riff leader realized that the time was not propitious for any North African campaign, military or political.

Now, two years after the Palestine affair and with the Arabs trying to stage a comeback on the international scene by constructive social and political plans, the old lion is stirring.

He has been meeting people, and preparing a new drive to get better conditions for the North Africans.

Recently Emir Abdel Krim visited Egyptian Premier Hussein Sirry Pasha to thank him for Egypt's support of North Africa at the United Nations. The Emir wants a United Nations inquiry commission to investigate conditions in North Africa.

All indications point to the Emir being determined to carry out some decisive moves in favor of North Africa.

Crown Zellerbach Sales Down Slightly

San Francisco, Dec. 1 (AP)—Crown Zellerbach Corp. reported yesterday sales, including subsidiaries, of \$81,430,311 for the six months ended Oct. 31, first half of its fiscal year. This compared with \$85,049,716 in the similar period last year.

Net income, after deducting a currency devaluation adjustment of Canadian working capital of \$354,777, was \$8,656,913 or \$2.77 share. This compared with net of \$10,266,039 or \$3.29 share in the similar 1948 period.

The report said results of its second fiscal quarter showed an improvement in sales and earnings compared with the first quarter.

The indictment said Kostov intended to attempt to deprive Bulgaria of "her national sovereignty, territorial integrity and independence, by her annexation to Yugoslavia, and first of all by tearing away the Pirin (Macedonia) region in favor of Yugoslav Macedonia."

Bulgars Indict 12 as Tito Spies

Sofia, Bulgaria, Dec. 1 (AP)—Former Communist Vice Premier Traicho Kostov and 10 others were indicted today by Bulgaria's communist-dominated government on charges of treason, spying and economic sabotage.

They were accused of having worked with Yugoslav agents and American and British intelligence services.

(Kostov's trial on such charges long has been expected. Similar trials in other countries in the Soviet sphere have been aimed at weeding out "Titoism"—support of Premier-Marshall Tito of Yugoslavia. Hungary recently executed her former communist foreign minister, Laszlo Rajk, convicted on similar charges.)

The government published a 20,000-word indictment which said that "with the knowledge and agreement of the English intelligence service, Kostov got in secret criminal relations with Yugoslav leaders."
