Bronx Battler Fails to Show As Contender

New York, Dec. 3 (AP)—Ezzard Charles is safe on his NBA heavyweight throne. Young Roland La Starza, unbeaten Bronx butcher boy with 37 straight wins, isn't quite ready.

For two rounds last night at Madison Square Garden, La Starza seemed to have arrived. He was an aggressive stalker with punishing power against Argentine's Cesar Brion. Then he went back to his old patient counter-punching.

Maybe flaming youth ran out of steam. For the next eight rounds these two 22-year-old youngsters put on a tame and crude exhibition. La Starza won, to be sure, by a unanimous decision but the bout dragged to an uninspiring end.

There was mild dissatisfaction from some of the 12,035 who paid \$40.02, but nothing serious. La Starza, a 5 to 9 favorite, handed out the more punishment with his effective counter-punching while Brion wasted his power with wild whistling rights. Brion weighed 192 1/2, La Starza 187.

Broncos Favored In Potato Bowl Game Saturday

Bakersfield, Calif., Dec. 3 (AP)—The Bucking Broncos of Boise, Ida., junior college probably will rule a seven-point favorite to defeat Taft, Calif., junior college here in their Shrine Potato Bowl game here tonight.

Undeclared in 30 games, the Boise team finishes its drills today, confident of bowing over the Cougars from nearby Taft. Some 10,000 fans are expected to jam into the field for the contest, sponsored by Kern county Shrine for its crippled children's fund.

Four Notre Dame Players Chosen All-Catholics

Milwaukee, Dec. 3 (AP)—Four Notre Dame players were chosen for the All-Catholic All-American football team today by Coach Frank J. Murray of Marquette. Murray chose the team for the Catholic News service with the help of several other coaches from Catholic schools.

Hawaii Gridders Wallop Fresno

Honolulu, Dec. 3 (AP)—University of Hawaii swept aside an undermanned Fresno State college football team last night, 41-14. The Rainbows took the visiting California eleven without breaking their warmup stride for a Dec. 16 clash with unbeaten, untied College of the Pacific.

Constipation (Colitis) Is a Symptom, Not a Disease. Rectal Alliments Are the Underlying Factor. Hemorrhoids and other colon ailments must be corrected.

Stocks Advance Up to a Point

New York, Dec. 3 (AP)—The stock market made new progress today but with a little less sparkle than displayed on Thursday and Friday.

Gains of fractions to around a point were spread through the entire list. The improvement followed yesterday's rise to a 13-month high in the fastest trading of the year.

Rapid business lifted sales to the highest figure for any Saturday this year. Turnover was at the rate of about 900,000 shares for the two-hour session.

The present move, a continuation of a rise that started back in mid-June, was sparked by news that John L. Lewis, coal labor leader, had ended a short-lived strike and ordered his men back to work.

Railroad issues, which dominated market action during the past two days, moved along with the rest of the market today without putting on any fireworks.

The bond market was on a steady footing, with rails bought on a selective basis.

Patrol Boys Shine—And they shine in more than one way now. The smiles on their faces came when they were given bright new yellow raincoats by Juvenile Officer Allan McRae and Bob Mason of the Junior Chamber of Commerce.

Coal Walkouts' Starting Dates

Pittsburgh, Dec. 3 (AP)—Here are the starting dates of the 1949 coal walkouts: March 11—John L. Lewis ordered two-week "memorial" strike in protest against the impending appointment of Dr. James Boyd as federal director of mines.

June 13—Miners began one-week strike to "stabilize" the industry. Lewis said miners' magnificent production "made stockpiles too big."

July 5—Miners started 3-day work week as Lewis abandoned traditional policy of "no contract, no work."

Sept. 19—Soft and hard coal miners walked out under Lewis order for "no-day work week."

Anthracite miners returned to work Oct. 3. Bituminous miners returned Nov. 10 under three-week truce.

Dec. 1—Fourth soft coal walkout begins—called off.

Grain Futures Show Strength

Chicago, Dec. 3 (AP)—Grain markets threw off early hesitancy and moved up briskly in late dealings on the board of trade today. The advance was led by wheat, which jumped more than 2 cents at times.

All old crop wheat contracts made new seasonal highs. A little short covering and lifting of hedges against export sales of cash wheat contributed to the bread cereal price advance.

Very little selling pressure was exerted against the market. Some traders felt prices would have to advance further to bring out much cash wheat from the country.

The rest of the market mainly followed the advance in wheat. Receipts of cash corn and oats continued small. Both soybeans and lard were influenced by stronger prices for vegetable oils.

Polk Clubber Given Award

Dallas — Zora Ann Heibenthal, Bridgeport, was recently selected as the winner of the Oregon Wool Growers' auxiliary prize. This award is given each year to the outstanding first or second year 4-H club member in the county.

The award is \$10 to be used for improving her sheep project. Polk county 4-H club members are eligible this year to participate in the wheat League 4-H fat stock show and sale, which will be held at The Dalles in early June.

Half of the grain ration must be composed of wheat and full records must be kept. This would be a good show for some of the older Polk county 4-H club members to enter, especially those enrolled in sheep, Stanley Forrester, county extension agent, points out.

Lambs must weigh between 175 and 230 pounds to grade choice. However, hogs weighing up to 250 pounds may sell through the auction.

Stayton School Age Children Increase

Stayton—Mrs. Rose Bell, who has taken the annual census of children of school age in School District No. 77 reports there has been an increase in the number of children between the ages of 4 and 19 years, over last year.

Total number was 573, of whom 306 were boys and 267 were girls. This is an increase of 34 over last year's census, which showed 539, of whom 271 were boys and 233 girls.

Home Ec Club Has Election

Sidney—The November H.E.C. meeting of Ankeny Grange was held at the home of Lois Zellner with Edith Miller and Doris Zellner assisting hostesses.

Pray for Me?—Betty Marbury, 10, pauses in a Memphis, Tenn., hospital room between X-ray treatments of hand infection. She wrote a newspaper (Commercial Appeal) that the hand might have to be amputated and she asked the paper to publish the letter. So its readers could pray "that I may not have to lose my hand." (AP Wirephoto)

Thousands Answer Plea to Pray to Save Girl's Hand

Memphis, Tenn., Dec. 3 (AP)—Thousands of people of all faiths today gave their answer to a sick little girl who wrote pleadingly to a newspaper here asking "Don't you think praying will save my hand?"

All over Memphis and for miles around, churches and individuals sent up their prayers for 10-year-old Betty Lou Marbury, who suffered from a malignant bone disease which threatens to take her right hand and perhaps her life.

The Memphis Commercial-Appeal published a letter from the frail little blonde girl yesterday. She wrote that doctors had told her they would probably have to amputate her hand to stop the spread of the infection.

"I want those who may read this letter, if you publish it, to pray that I may not have to lose my hand, and that I may soon completely recover. I believe the Lord will answer their prayers," Betty Lou wrote in her childish scrawl.

Clergymen of all creeds were unanimous in their response and said they were sure that thousands would pray for Betty Lou.

Betty Lou has the best in medical care and her physician, a bone specialist, said that "cases of this sort are curable."

"But," he added, "the odds are long. It is an unusual neoplasm of the finger which probably will not get well without amputation."

The brown-eyed girl with a shy, crinkle-nosed smile, suffers from a malignant bone sarcoma on the middle finger of her right hand.

The condition might eventually prove fatal, doctors feared. A "bridge" in a radio program is a device, musical or otherwise, to cover a gap between two sections of a broadcast.

Hospital Patient Commits Suicide

While four criminally insane inmates of Oregon State hospital were making their escape from the institution Friday night an unnamed woman patient committed suicide by hanging.

Harried attendants, occupied by the escape, said the woman took her own life while they had their hands full with the escapes.

Hospital Superintendent C. E. Bates said the woman had been showing improvement and that "none suspected she had suicidal tendencies."

Name and personal details about the woman were withheld by the hospital to conform to a policy concerning suicides, Dr. Bates explained.
