Cost of Multnomah Stadium

Cost of Multnomah Stadium The stadium management does take quite a nice piece of change out of the gross receipts, but probably no more than the investment warrants. The rental is \$2000 for the first 10,000 paid admissions, \$1000 for each 10,000 additional, plus the pay of field employes, gatemen, ticket sellers and the like. Should Oregon State go ahead with its program of the new athletic field, it is probable all thoughts of a plant somewhere between Corvallis and Eugene will be dropped. Oregon already has de-cided upon a scheme for bettering Hayward field and bids for the purchase and wrecking of the horseshoe stands along the north end have been asked. If the 1950 tilt with Oregon is moved to Portland, it is likely Stanford will engage Kip Tay-lor's squad on Bell field, rather than in Multnomah stadium. The Beavers will opepn the season against Michigan State at The Beavers will opepn the season against Michigan State at East Lansing.

Truth Will Out

Ted Chambers, well known Oregon State alumnus, div ulged the real reason for the Beavers win over Oregon this fall. At least it is his version of the triumph. During Fri-day morning's session of the Breakfast club, Ted, attired in a straw hat and red bandanna around his neck, arose to ina straw hat and red bandania about this neck, arose to mi-troduce "Bump" Elloit, the explained that Oregon students had grown wise and no longer accuse the Beavers of being chambermaids to the cows. So, he claims, it was a group of O.S.C. students who brought the cow onto Hayward field between halves and proceeded to experiment in the art of extracting milk from a bovine. "It wasn't a pep talk by Kin tracks considered the Beaver between halves it by Kip Taylor that arroused the Beavers between halves, it was that cow that turned the trick," Chambers asserts.

Win or Else

Resignation of Phil Sarboe as head man of the W.S.C. Cougar, mercly emphasizes the long recognized fact in high collegiate circles that a coach must win or move along. While the W.S.C. "thletic council will not act on the resignation, it would be unusual indeed if Sarboe was asked to remain. The Cougars have had one of their most disastrous seasons and the coach gets the the blame. It could be that Sarboe didn't have the material. But that isn't considered when the coach walks the plank.
