Far West, Class D, Baseball league became more than a pos-BASKETBALL sibility Tuesday when the Lane county court voted unanimous-ly to grant a special permit to George Solberg for the construc

tion of a ball park in the Bethel district north of Eugene. The park will be laid out on a 10-acre tract and A. A. Had-ler, who owns a franchise in the Far West league, will operate the ball club.

The Bethel site was secured after negotiations for use of the Lane county fairgrounds had failed. Permit to operate in the Bethel district was given over the protests of some 75 residents who live in the area involved.

It is expected the plant will be available for the opening of the 1950 season next spring.

The granting of a permit for the construction of a ball park north of Eugene for use of A. A. Hadler apparently elimi-nates the possibility of a Western International league club being operated there next season. Joe Gordon, Cleveland Indian infielder, recently was in conference with Bill Mul-ligan of Portland concerning the purchase of the Salem

Suggests League Of Independents

Portland, Ore., Dec. 7 U.S.— Father Robert Sweeney, chair-man of the athletic board of control at the University of Port-land, said today there was a pos-sibility of linking six or seven prominent Pacific coast inde-pendent schools in a new con-

Pilot Official

Sweeney said he conferred recently with University of San Francisco officials and that the proposal was approved by USF President Father William Dunn and Athletic Director Joe Kurharich.

"We all feel that such an organization would be beneficial for all schools involved," Sweeney said.

Other schools to be con-sulted on the proposed circuit are Santa Clara, St. Mary's, San Jose State, Loyola, Col-lege of Pacific and Nevada, he

"But many practical problems involved in the formation of the league remain to be worked out, although we do expect some con-crete moves soon," he said.
