Skiers from 32 Nations To Vie at Aspen Meet

Aspen, Colo., Dec. 16 (AP)—Skiers racing down steep mountain slopes at 70 miles an hour. Then spine tingling leaps through the air—as far as 140 feet—in daring lunges to sail even faster.

That's what's in store when skiers from 32 nations come here next February for the first giant slalom and slalom world championship races to be held in the United States. The slalom events are downhill races against time. They're being held after the jumping and cross country events at Lake Placid.

The Federation Internationale de Ski (FIS) the world governing body of the sport, is sponsoring the events.

The championships—always held in Europe before—start with jumping and cross country events Jan. 30 through Feb. 5 at Lake Placid, N. Y. Then they shift to this little onetime mining camp deep in the heart of the Rockies.

Here at Aspen the giant slalom and slalom races—tests of a skiers' skill to make sharp turns on a steep slope—will be held for four days starting Feb. 13. The next day will be for the women's downhill races on the silver queen run. Feb. 18 will bring the climax—the men's downhill events.

Approximately 100 entries will take the lift to the top of Mount Aspen—11,000 feet above sea level. One by one, racing against time, they'll pitch forward down a narrow, tightly-winding trail newly cut for the championships to test their skill and daring to the utmost.

Invitations were sent to 31 nations by the National Ski Association of America, the host group. Official acceptances have come from Norway, Sweden, Italy, Austria, Canada, Chile, Yugoslavia,

Leich-Tenstein, Israel, France and Switzerland.

Those which have indicated they are considering accepting before the Jan. 1 deadline are Russia, Greece, Great Britain, Argentina, Bolivia, Australia and Belgium. Expected to accept but giving no indication yet are Bulgaria, Czechoslovakia, Denmark, Finland, Holland, Hungary, Iceland, Lebanon, Poland, Portugal, Romania, Spain and Turkey, all FIS members.

Find out for yourself in 3 minutes!

If you are one of those men who believes electric shavers take too long, and won't shave a beard like yours CLOSE enough—please do this:

Skip a shave and visit your Sunbeam dealer with a good 24-hour beard. He will be glad to let you shave any time with the sensational new Model "W" Sunbeam Shavemaster.

It takes the average man about 7 minutes to lather and shave with soap-and-blade. That same man will get a better shave with the new Shavemaster in 3 minutes.

Even if you've got the toughest, heaviest beard, plus a tender skin, you'll shave with Shavemaster in LESS TIME than it takes with soap-and-blade. You'll get a closer shave—more comfortable—no nicks or cuts, muss or fuss, this new, easy way.

There's no 10-day "trial period" necessary with the new, revolutionary Model "W" Sunbeam Shavemaster. You can find out in 3 or 4 minutes how the new Sunbeam can give you a cleaner, closer, faster shave than you ever thought possible. Try it at your Sunbeam dealer's. Most dealers are prepared to have you try the new Shavemaster in their stores.
