Grain Prices Downward

Chicago, Dec. 19 (P)-The price trend in grains was downward on the board of trade today. Deferred deliveries lost the most ground, but even with them the extent of the decline was not large.

At times December wheat and corn moved above the previous close on short covering. Trading in all December contracts ends tomorrow. There also was some mill buying of wheat following a government request for lowing a gover At times December wheat and

By way of comparison:
Livestock marketings from the western states last year were valued at \$1,282,184,000.
Based on estimates the nation's farmers have given the department, grass and legume seed production will need to be doubled.

UNIV KEQ IICKE!

Sofia, Bulgaria, Dec. 19 (P)—Official election returns today showed that almost 99 percent of the voters in Bulgaria's capital here cast ballots yesterday for the parliamentary candidates on the only ticket offered them—that of the government's com-

And it's obvious that, for much of the increased production the department will turn to the western specialist.

"It's his dish," said Cy Briggs, mentary election indicated a mentary ejection indicated a vote of 97 to 100 percent for the of the department's production-marketing branch. "The west is Red-sponsored slate.

Thousands of voters trudged ing conditions are among the best in the country. The soil is through melting snow to polling booths decorated with pictures fertile. Moisture can be con-trolled by irrigation. "The product is light in weight, small in bulk, so transof Russia's prime minister, Jo-seph Stalin, Bulgarian flags and the dove-of-peace emblem of the Cominform's peace propaportation costs are not excesportation costs are not excessive, even for shipments across the nation."

Briggs, who started with the department as a county agent ganda campaign.

At one polling place near Sofia people stomped to the national dance while a Gypsy band played wild music.

Played wild music.

The voters included pink cheeked girls, grizzled miners and feeble old women.

As each voter entered the pollin Oregon a good many years ago, observed with obvious ago, observed with obvious pride that Oregon is the pre-mier seed producing state in the

ing place, his name was check-ed against a registration list. He was handed an unsealed enveer with 80,400 bushels last year, in perennial rye grass, with 7,200,000 pounds, in hairy yetch, 12,800,000 pounds, and lope which he carried into the secret voting booth. There he picked up his ballot, which carcommon rye grass, 49,500,000 pounds. It was second for La-dino clover, Alta and Kentucky ried only the fatherland front candidates, scaled it in the en-velope, and dropped it in a clos-ed ballot box.

Czechs Expel 12th Morman Missionary

Prague, Dec. 19 (49) -Czech government has expelled another missionary of the Am-erican Mormon church, the 12th worker for that group to be or-

ly returned from Los Angeles, worker for that group to be orwhere he attended the Western International Fur Animal show. The expussion was announced by President Wallace Toronto of three types of fur-bearning animals, fox, mink and chinchillas. The Linton chinchilla farm at Grand Ronde entered nine chinchillas and placed eight of the chillas and placed the chillas and pla ly returned from Los Angeles, where he attended the Western chillas and placed eight of the peace and security of the state. Indee, winning five ribbons and three honorable mentions. Mr Linton flew both ways on United Hed Air Lines, taking the chinchillas with him.

chillas and placed eight of the peace and security of the state. Toronto said the church had denied the charge and one of the missionaries had appealed his ouster order but "an adverse answer is expected."

Toronto said the church had denied the charge and one of their system has denied the missionaries had appealed his ouster order but "an adverse answer is expected."

An estimated 10 to 25 percent

Christmas Wish-Portland, Dec. 19-Old St. Nick hands Joan Grunden airline tickets for a surprise flight to her bed-ridden ex-husband in Los Angeles. She will fly down to Southern California Friday for the holidays when she will discuss plans for remarriage with Jack Grunden, almost completely paralyzed by a series of mishaps. Fellow hospital mates put up the money. The stewardess is Laura Johnson. (Ackroyd photo)

ent apiday ates and and the ged lingures Joopa Sopaion on the sand	S T O C K S	ness leaders in his area view 1950 with a feeling of 'tempered optimism." the tempering factors obviously are related to the problems of the areas and the nation and to what is perhaps the greatest potential danger of all: That consumers will stop buying or industry and business will retrench on plans for expansion, research and aggressive promotion because of over-vivid imaginations stimulated by timidity. Both groups have money to spend. "Three new area problems appeared in 1949—(1) A modest upturn in unemployment: (2) Devaluation of currency by some 30 nations; and (3) Area defense and decentralization of defense industries. "The former is not yet of concern but the latter two have caused some serious maladjustments, with the longer-term effects not clearly foreseeable. Women in Some Parts of N.Y. Return to Pioneer Water Days

By BARBARA BUNDSCHU

Somers, N. Y., Dec. 19 (U.S)—Residents of this tiny waterless town were sneering at New York's bathless-shaveless Friday. "I haven't had a bath since August," said Mrs. Anna Fuchs, Somers township tax receiver. Many of her neighbors haven't either. They look just as

Toronto said the church had drought which imperils New end for baths at her family's home in Ossining.

> wells and many of their springs.
>
> An estimated 10 to 25 percent of the town's 3,500 persons are from a neighbor's pond after hauling water from ponds, eart- work each evening. Sometimes ming it from luckier neighbors it takes three trips. Drinking with deep, artesian wells putting out every vessel they own est neighbor. Town Supervisor to eatch the rain, and melting it down from ice every morning to brush their teeth.
>
> Patrick V. Ryan, whose artesian well is still holding up for his own and three other families. brush their teeth.

Housewives have stopped all the water cleaning they can.

They're still scrubbing kitchen floors, but with a basin of water tioors, but with a basin of water 20-year-old airs. Taylor. "I'd first used for a sponge bath like to offer you a cup of coffee, They're skipping their afternoon but I actually don't have a cup cups of coffee or tea. They're of water in the house today." flushing the toilets as infre-quently as possible with water that's already done duty on dirty children, dirty clothes and dirty Amity Club Members

When they wash their hair, they leave the soap in it. They're planning their menus they leave the soap in it.

They're planning their menus for dishes that don't need water. Seventeen members and one Soups have vanished from the table. So have stews. Most 10 children were present. The housewives have resorted entirely to frozen vegetables—these don't need to be washed before cooking. The extra time it takes brought for mystery sisters. The hostess served refreshfrom their days is almost incal-. . .
