An Apple a Day . . .

Apple and Cheese Spread—Dessert Specialty

AF Newsletters
Make use of the late-harvested Winesap, now available in good supply. An all-purpose apple, it's delicious baked, in cooked dishes, or just as is for dessert. The Winesap also has the advantage of being an excellent keeper.
For dessert serve the apples with an assortment of cheese. I like to mix a bowl of cottage cheese to go with the crunchy fruit. Cream (sweet or sour) and walnuts, pecans, or filberts go well with it; so do slivers of dates and preserved ginger and pineapple. Or add a little lemon rind, lemon juice, sugar, and a few raisins, or spice up the bland creamy cheese with cinnamon and nutmeg. It's fun to make your own combinations.
And here's a ham and apple dish that's good pickings for lunch or supper.

Deep-Dish Ham 'n' Apples
Ingredients: 3 cups ground cooked ham, ½ teaspoon dry mustard, 1 tablespoon grated onion, 1 egg, ½ cup milk, 1 cup soft bread crumbs, 3 Winesap apples (peeled and cored), ¼ cup firmly packed brown sugar, 2 tablespoons butter or margarine (melted).
Method: Mix the ham, mustard, onion, egg, milk, and bread crumbs together and turn into a greased baking dish. Slice the apples about ½ inch thick and arrange over ham mixture, overlapping slices around edge of dish. Sprinkle apples with brown sugar and melted butter or margarine. Bake uncovered in a moderate (350° F.) oven for about 40 minutes or until apple slices are brown and tender.
