Salem Commended for Pure Water During '49

By STEPHEN A. STONE

A letter from Dr. Harold M. Erickson of Portland, state health officer, to City Manager J. L. Franzen commends the city for the fine condition of city water through 1949.

New Gale Fans Colorado Fire

Colorado Springs, Colo., Jan. 18 (#)—Fires flared up again to-day in the ravaged area south of here where a gale swept brush fire left two soldiers dead and three missing.

The blaze, started early yesterday, leaped over more than 50 square miles, running on winds of hurricane force. It burned much of the east face of Cheyenne mountain, singed the palatial homes in the Broadmoor district and ran across powder dry prairies nearly to Fountain, Colo.

Sprawling Camp Carson, war-time home of 30,000 troops, was

It was fighting the fire when it flared into the Carson buildings yesterday in which one sol-dier was killed. Another died this morning. There were 19 more in the post hospital, 10 of them on the critical list.

A check of personnel during 16 Inches of Snow ne night showed three missing. Names of the dead, missing and injured were not released by army authorities pending noti-fication of next of kin.

employes were working Wed-nesday morning on the runways at Salem's McNary field, hoping 81,200. to clear them so that the United

side of the runways have prevented the landing of the large planes here.

Work was started on clearing the runways Sunday. They were cleared to a width of 90 to 100 feet with a city grader, which piled snow to a depth of about three feet in some places along the edge. A maximum width of 150 feet is required before a carrier type plane can use a runway and before the city could complete its job the snow and lice had frozen too solidly to be moved by the grader.

With the strike of more than the spin of the spin of the striking dominers tightening its pinch on the nation's conomy, the retail coal merchants association said available the supplies will be rationed with spin the spin of the spin of

and the local UAL station man-ager, Hal Sweeney, reported that he thought at least one of the runways would be cleared by mid-afterneon.
