

Fire Hits Silverton—The Charles Case home in Silverton at 701 N. First street was completely destroyed by fire recently with the family forced to flee in their night clothing. Case, who was seriously burned in leading his wife and children to safety, is in the Silverton hospital. Friends are providing clothing for the family. (Photo Silverton McEwan shop).

Grain Prices Bound Higher

Chicago, Jan. 19 (AP)—Grains bounded higher today in a second day reaction to the government's new farm export plan. The trading pace was fast in all pits and the market had to meet several selling flurries. These pushed prices down to around the previous close, but were followed in each case by substantial rallies. Many traders doubted that the government's offer to sell 1948 feed grains to exporters would have much influence on prices. Wheat drew strength from sales of the bread cereal to Great Britain and Holland overnight. Wheat closed 1 1/2-1 3/4 higher, March \$2.15 1/2-3/4, corn was unchanged to 1 1/4 higher, March \$1.28 1/2, oats were 3/4-1/2 higher, March 71 1/2, rye was 1/4 lower to 1/2 higher, May \$1.38 1/2-3/4, soybeans were 1/4 to 2 cents higher, March \$2.31 1/2-3/4, and lard was 7 cents lower to 5 cents a hundred pounds higher, January \$10.55.

Went Berserk—Apparently maddened by an impending divorce, Felix Samas (above), 27, according to police, went berserk and shot or stabbed to death his wife, two children and another couple at Hammond, Ind., then set fire to his home and killed himself. (Acme Telephoto)

Stocks Decline Irregularly

New York, Jan. 19 (AP)—A slow-motion rally chipped away at early losses in the stock market today. Price swings either way were limited to less than a point in most cases. Business dropped to the smallest volume in around seven weeks. Turnover hit a rate of around 1,100,000 shares for the full session. Among those issues showing recovery tendencies were General Motors, U. S. Rubber, J. I. Case, Douglas Aircraft (helped by an extra dividend), Emerson Radio, Du Pont, Santa Fe, Illinois Central and Johns-Manville. Not doing so well most of the time were U. S. Steel, Chrysler, Sears Roebuck, American Smelting, Dome Mines, United Air Lines, and American Tobacco.

Naming of New Ambassador To Vatican Is Being Studied

Washington, Jan. 19 (AP)—President Truman said today a decision on whether to name a new ambassador to the Vatican is under study. The president told a news conference that the question of continuing representation at the Vatican and appointing a successor to Myron C. Taylor are both under study at the state department. Taylor resigned yesterday after 10 years as the president's special envoy to Pope Pius XII. The announcement of Taylor's action brought to a fresh boil a controversy that has been hot before. Taylor, an Episcopalian, had held the job since it was created. During most of those ten years, there has been strong Protestant pressure to call him home. Only Tuesday a group of 15 Protestant clergymen called on the president to abolish the "alleged legation at the Vatican."

MYRON C. TAYLOR

But such a decision probably would result in equally vigorous dissent from American Catholics. In congress, there was some sentiment — especially among Catholics — for naming a successor to Taylor. Most lawmakers backed away from the question. Mr. Truman himself offered no indication of his plans. He accepted Taylor's resignation with "deep regret" and high praise for the job done by the 76-year-old businessman. Diplomatic officials said that in deciding whether to name a new presidential envoy to the seat of the Catholic church, Mr. Truman must weigh among other things the intelligence value such an outpost has for the state department in the cold war.

Firemen Hurt in Smashup—A smart alec with a distorted sense of humor is responsible for this wreck, in which Fire Battalion Chief J. Webb was critically injured and his driver, George McGraw, lost a foot and suffered a possible fractured pelvis in San Francisco. The firemen were responsible to a call when their car swerved on the wet street and wrapped itself around the pole. The call was a false alarm. (Acme Telephoto)

Youth Problems Are Discussed

Mill City—"Major Problems of Adolescence" was the round table topic discussed at the Parent Teachers meeting with Mrs. Robert Veness, association president presenting the questions. Taking part in the discussion were three high school teachers, Principal Henry Bayless, Frederick Rhue and Miss Helen Baney, also two parents, and one high school student, Mrs. Floyd Jones, Charles Wolverton and Miss Marlene Verbeck. During the short business meeting the president called for reports from the new P.T.A. treasurer, Mrs. Charles Harmon also the membership committee chairman, Mrs. Charles Wolverton who announced 59 paid-up memberships to date, Mrs. Wolverton signed up a good many more for membership during the evening. Announcement was made by Mr. Rhue that his chemistry class would put on the program for the next meeting of the P.T.A. Also announced was that an auction would be held the latter part of March on wood craft work that has been made in shop by students this year. The student body plans to try this idea this year instead of annual carnival. Preceding the round table discussion was entertainment by eight high school boys from the advanced group in tumbling supervised by Coach Burton Burroughs, who instructed the boys as follows: Lawrence and Leo Poole, Ollie Muise, seniors, Verle Moberg, junior, Bob Baltimore and Delmar Skillings, sophomore, Leroy Podrabsky and David Syverson, freshmen. At the close of the meeting refreshments were served in the high school recreation room by Mrs. George Veteto, Mrs. Telmar Iverson and Mrs. John Swan. There were about 60 teachers and parents attending the meeting even though the night was stormy.
