

Says Russians Have U. S. Gun—Col. Frank C. Lynch, wartime army ordnance officer, holds picture of a group of men looking at an American super secret, self-aiming anti-aircraft gun which he says, in a story published by the Los Angeles Times, has been in Russian hands since 1944. Col. Lynch is quoted as saying he was ordered to deliver it to the Russians from Aberdeen Proving Ground, Md. (AP Wirephoto).

Parking Restricted at Places Where Signal Lights Go in

An ordinance was enacted by the city council Monday night that will be made part of the contract with the state highway commission for installation of traffic lights at South Commercial and Owens streets and at Portland road and Lana avenue.

It provides that automobiles shall not be parked within 30 feet of the nearest curb line on any of the corners at South Commercial and Owens, or within 50 feet of the nearest curb line at Portland road and Lana. It is in the interest of safety and proper operation of the signal lights.

The council passed the bill providing for a distributors' tax on coin-in-the-slot vending machines which was amended two weeks ago to make it less burdensome on smaller operators.

One other ordinance was enacted. It gives William Krebs permission to erect and install a special wall sign.

Bills introduced, to be on the calendar for final action at the next meeting were:

Levying assessments for the cost of removing weeds, brush, etc., from property during 1949.

Changing the name of Lincoln avenue in Churchmere addition, west of the river, to White avenue. Alderman Musgrave said the West Salem city council changed the name to Van avenue a year and a half ago, and he thought the change to White would be protested. The name Lincoln is undesirable because it conflicts with a street name on the east side of the river.

Segregating the assessment for the improvement of Grove street. Providing a special setback line for a house at 1295 Fir street.

Providing for the street numbering of buildings and premises.

Petitions signed by a majority of property owners were received and referred to the city manager for the improvement of Catterlin avenue from Center to Fredrick; Fairmount from Hoyt to McGilchrist and South Summer from Judson to the city limits.

A petition for the improvement of East avenue from 14th to 15th was insufficient.

Resolutions declaring intention to pave were introduced and adopted for Willow from High to the end of Willow; 22nd street from Lee to Shelton; Hines from 12th to 13th; Madison from Church to Cottage; and 20th from Bellevue to Oak.

Referred to the city manager was a request for one-hour parking on Marion street in the 600 block from Church to the alley used by the Greyhound buses.

Three liquor licenses were approved, also these applications of licenses: Mollie B. Shepherd, apartment house; Mike Steinbock, motor vehicle wrecker; Able L. Steinbock, junk dealer; Wheeler Inn, milk, food and soft drinks; Irena A. Shattuck, auto wrecker; The Temple, the Owl club, the Pastime club, and Alfred Fox, billiards and pool.

Public hearings were set for February 13 on petition for a zone change in Block 32, University addition, and on a petition by Louise and B. Lorenz for the vacation of alleys in Yew Park addition in exchange for the city accepting a deed for other property for alley purposes.

The council accepted reports of the planning and zoning commission recommending that the city accept a deed from J. M. Herberger for property to be used for street purposes; to name a street east of Salem "Meadow lane;" for naming a street south

of the city "Lyman lane;" and a street south of Salem Heights avenue "Norris lane."

A resolution providing that parking be prohibited on Portland road between Lana avenue and the north city limits was again tabled.
