

Unitarians to Sponsor Forum

The objectives of three major organizations whose mutual purpose is a better relationship among the nations of the world will be explained at an open meeting, sponsored by the Salem Unitarian Fellowship, Sunday night.

The meeting will be held in the downstairs hall of the YWCA at 7:30 o'clock and the public is invited to attend. Howard Teeple is fellowship chairman.

Carlisle Roberts, assistant to the state attorney general, will represent Atlantic Union. The aims of the United World Federalists will be given by John Hakanson, and D. Russell Gochmour will explain the functions of UNESCO (United Nations Educational, Scientific and Cultural Organization). The talks will be followed by a question and general discussion period.

Teeple stated that the topic "Religion and the World Community" is the first of a monthly series of meetings on topics of general interest to be sponsored by the Unitarian group in answer to the question, "Is Religion Facing Modern Issues?"

Max D. Tucker Rites Saturday

Portland, Ore., Feb. 4 (AP)—Funeral services were held today for Max D. Tucker, 59, president of the Cascade Plywood corporation and prominent Pacific northwest lumberman.

Tucker formerly was associated with the Evans Products company at Coos Bay. He went to Coos Bay to head the Evans operation here in 1932. In March, 1944, he bought the Evans Plywood mills at Lebanon and the company became known thereafter as the Cascade Plywood corporation.

Tucker headed the finance committee of the Harold E. Stassen presidential campaign in Oregon.

His death here Thursday was attributed to a blood clot following surgery for a gall bladder condition, according to attendants at St. Vincent's hospital.

Tucker's body will be sent to Michigan after the funeral. He is survived by his wife and several nephews and nieces living in Michigan.

Henry Semon, Veteran Legislator to Run

Klamath Falls, Feb. 4 (AP)—Henry (Hank) Semon, who has served nine terms in the state legislature from Klamath county, will give it another try.

Semon said today he would file for the office in Salem.

He is a registered democrat although over the years has had little support from the local democratic organization.

The prominent Henley spud farmer was first elected in 1932 as an independent, and ranks along with Dean Walker of Independence in seniority in the legislature.

Orchestra Defies Death Music

Los Angeles, Feb. 4 (AP)—The 88 members of the Los Angeles Philharmonic orchestra emerged from a performance of Tchaikovsky's "Death Symphony" Friday—all alive.

Defying the superstition that the pathetic symphony is fatal to its players, the orchestra planned to present it again at a matinee today.

"I told them before the concert," Conductor Artur Rodzinski said, "that if anyone drops dead it will be me."

And Rodzinski took a fond look at pictures of his wife and

son in his dressing room before he went on stage last night. But he said he felt fine when the 42-minute piece was over.

"Any calls for the undertaker?" a stagehand cracked during the intermission. There weren't.

An aura of superstition surrounds the music from which was taken the popular song "This Is the Story of a Starry Night."

Tchaikowski wrote it with a foreboding of death and died a few weeks after finishing it.

Some English orchestras refuse to play it because of frequent deaths coincident with it.

And in Stockholm last week, after conductor Johannes Norrby announced he would prove the pathetic "does not murder musicians," clarinetist Ludwig Warschewski dropped dead halfway through the following number.

THE CHRIST OF PALESTINE

One of the dark centuries of the past comes the prophetic voice of Jesus in warning to this generation. He foretold the dismal future of Palestine and of the Jews. He tells WHY the Jews are afflicted and exterminated. He tells us what OUR fate will be if we follow their example. Hear this amazing address by Pastor R. G. Schaffer.

Judge Hardy Next Speaker

"God, the Supreme Court and Us" will be the topic of an address by Judge George W. Hardy before members of the Salem Knife and Fork club at the Marion the night of February 17.

Hardy, judge of the second circuit appellate court of the

state of Louisiana, is widely known in the southeast as a jurist and platform speaker. He has long been interested in public affairs and during his career as mayor was instrumental in bringing many needed reforms to the city of Shreveport.

"Are we in danger of losing religion by zealous pursuit of the letter of the law," is one of the questions which Judge Hardy will endeavor to provide an answer during his discourse.

THE LION'S SHARE

The fellow who can roar the loudest and bite the hardest usually gets what he wants.

That's the way it is in the animal kingdom, and sometimes the system creeps into man's world too!

Most of us have too much religious awareness to believe that such a system is the best one. We would rather live in a world in which kindness and peace and unselfishness were the rule.

Our Churches can help us build such a world. They can turn our religious awareness into spiritual growth.

On Sunday morning, the man in the armchair knows just as well as the man in the pew what is wrong with the world. But the man in the pew will be busy doing something about it!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
