

Undeclared Crusaders Hold Top Spot in Poll

New York, Feb. 8 (AP)—Undeclared Holy Cross took a little ground to a new contender, Bradley, but stayed well ahead today for the fourth straight week in the Associated Press basketball poll.

The only major all-winning team left in the nation drew more than 50 per cent of the first-place votes, getting 73 of 118 nominations by the country's basketball writers and sportscasters. The Crusaders have won 17 games.

Bradley (19-3) received only four votes for first but enough second and thirds to nudge Duquesne (16-1) from the runner-up spot. The Ducks lost Saturday to Louisville and didn't get a first-place ballot as a result.

Holy Cross scored 994 points in all. Bradley 720 and Duquesne 598.

Ohio State (14-3) and St. John's of Brooklyn (18-2) tied for fourth and fifth with 493 points. The next five are closely bunched. The Buckeyes, 58-55 victors over Indiana last night, have moved up each week.

Long Island U. (15-2) dropped to sixth from last week's fourth spot. Neither LIU nor St. John's won one vote for first while Ohio State got two.

Kentucky (16-4) also fell from sixth to seventh, barely ahead of North Carolina State (17-3) in eighth place. LaSalle (14-2) ran ninth. Kentucky received five first ballots, Carolina and LaSalle three each.

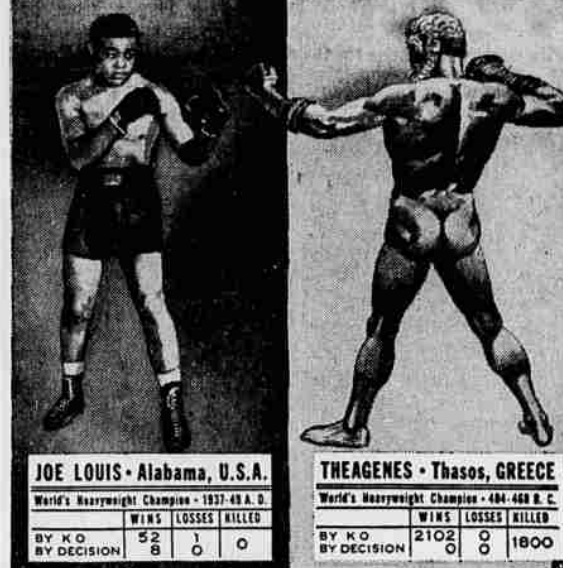

Only new member of the top ten, Kansas State (13-4) in 10th place, got six top votes, the second highest total in the group. K-State displaced CCNY (12-2) which fell to 14th.

Million Trout Eggs Given to Fish Hatchery

The Willamette fish hatchery has received its main allotment of 1,002,800 rainbow trout eggs from the fall spawning brood stock at the Rock Creek hatchery, the state game commission announces.

The commission also maintains fall spawning rainbow brood stock at the Roaring River and Oak Springs fish hatcheries. The eggs obtained from the brood trout are held at the hatchery until the eyes of the embryo fish begin to appear. Snow or ice is then packed around the trout eggs and then shipments are made to trout hatcheries throughout Oregon.

HERE WAS A FIGHTER! Theagenes Killed 1,800 Opponents

JOE LOUIS - Alabama, U.S.A. World's Heavyweight Champion - 1937-48 A.O.
TAEAGENES - Thasos, GREECE World's Heavyweight Champion - 484-488 B.C.

By FRANK ECK (AP News Features Sports Editor)

New York—Joe Louis went through 26 world's heavyweight championship fights without suffering a defeat, but he was no Theagenes. Louis never killed an opponent. Theagenes killed 1,800.

To learn about Theagenes you would have to read the writings of Pausanias, Oenomaus Dio Chrysostom, Lucian or Grombach. If you say "that's a lot of Greek" you'd be correct, excluding Grombach.

John V. Grombach, in The Saga of Sock (A. S. Barnes and Co., \$5), writes at length on Theagenes, the greatest boxer of the ancients. That was long before the three-minute rounds and Mike Jacobs. To be exact Theagenes ruled between 484 and 468 B.C.

Grombach's saga tells of the spread of boxing from Ethiopia to Egypt around 9,000 B.C., then to Crete, Greece, England and finally America. But this Theagenes is really the guy who impresses.

Yank Cindermen Fail in Distance Olympic Heats

By HUGH FULLERTON, JR., New York, Feb. 8 (AP)—It has been 42 years since an American runner has won an Olympic race longer than 800 meters. In 1908 Mel Sheppard won the Marathon... Since then our guys haven't done so well at the longer distances—but there may be a change if Curt Stone, Fred Wilt and Horace Ashenfelter keep running against one another... All three were under nine minutes for two miles—the first time that ever happened to three Americans—when Stone won in 8:55.1 at Boston last Saturday... And it's the com-

petition that brings improve ment. As Curt explained: "Ash has been testing various paces to see what will kill me off." Stone just refuses to be killed.

SHORTS AND SHELLS
Don't be surprised if the college all-star football team trains somewhere in Wisconsin for the 1950 Chicago game instead of in Evanston, Ill.... Saddest guy in Lake Placid over the weekend was the one who spent two months laying out an ideal cross country course for the world championship skiers only to have them depart for Maine when snow didn't arrive... When Jim Wetherall, 225-pound Oklahoma tackle, lost his first college wrestling match because he ran out of steam, he moaned: "Coach why don't we use the platoon system in wrestling?"... Washington State is planning an all-out welcome for its new football coach, Forest Evansheviski, with everything from brass bands to stage coaches... How about a couple of good tacklers?

DOTS ALL, BROTHERS

The Ezzard Charles publicity dept. points out that when Ezzard defends his title against Freddie Besore in Buffalo, Feb. 28, he'll be one month ahead of Joe Louis, who made his third title defense a little more than nine months after he won it...

Practicing trick basketball shots the other day, six-foot-nine Clyde Lovellette of Kansas drop kicked the ball through the basket... Probably it was the first time Clyde ever booted one without getting a howl from his coach.

Programs Needed to Show Mid-Winter Coach Switches

By STAN OPOTOWSKY (Special Press Sports Writer)

New York, Feb. 8 (AP)—To heck with the players, you can't even tell the coaches without a program today.

Although winter traditionally is the season for the shuffling of football professorships, the changes reached a record high as 17 major colleges promised new tutors for 1950 and five professional teams likewise made switches.

The latest developments came when Art Lewis of Mississippi State was hired at West Virginia; Gene Ronzani, formerly of the Chicago Bears, was named head coach of the Green Bay Packers of the National American professional league; Art Valpey quit at Harvard to become head coach at Connecticut, and Henry Luecht resigned at Washington and Jefferson.

These left vacancies not only at Harvard and W.J., but also at St. Bonaventure, Iowa, Pittsburgh and St. Mary's.

Len Casanova of Santa Clara said he is "considering" an offer to take the Pitt post, and will make up his mind within a few days. Iowa was reported to have turned to the east for its man, and was due to interview Denny Meyers of Boston College today or tomorrow. Jim Tatum of Maryland also was linked with the Iowa position, but he denied he had discussed it.

Stojack Snares Shot at 'Title'

Frank Stojack flattened Tony Ross, the "Great Atlas" and Leo Wallick to gain first place in Tuesday night's wrestling tournament at the armory. He will be awarded with a crack at the so-called junior coast heavyweight title.

Although Stojack has been tossed out of the ring while striving with Wallick, the latter was disqualified because he had caught hold of one of the ring ropes. Later he tried to walk away with the trophy put up for first place, but he finally had to yield the hardware.

Silverton Drips Spoil Police Club Ring Gloves

Silverton—When the recreational youths of the Police Athletic club went to the Washington Irving building to try their boxing gloves for a wet-out a disappointment met the group.

Four sets of gloves hanging from hooks on the wall were completely filled with water. Ruined for sports use. Just another casualty of sub-zero weather.

The water tank installed for the Chamber of Commerce rooms, burst from the freezing of the water content and "leaked" the gloves full of water.

Vic Grossnickle, chief of police and supervisor of the athletic club, reported the loss of the gloves at least \$26.

A Silverton business man, generous, and always among the first to help in any project that is for the betterment of the youth of town, presented the club with a check.

The club had worked hard for equipment and a place for sports contest and practice for the young folk of the home town. Any setback is deplored by those favoring this activity.

Water seeped into other rooms and into the basement causing considerable damage aside from the gloves. Some tape and gauze was also ruined.
