

Stromboli Out At McMinnville

McMinnville, Ore., Feb. 16 (AP)—A motion picture exhibitor said today he would not show the film "Stromboli" here. M. W. Mattheck, co-owner of the company which controls all three picture houses here, said adverse publicity in "the Ingrid Bergman-Roberto Rossellini affair" prompted the action. "It is high time," Mattheck said in a statement, "that exhibitors refuse to play pictures starring persons who bring discredit to themselves and the motion picture industry."

Spokane, Feb. 16 (AP)—The city motion picture censor board recommended Tuesday that bookings of the Ingrid Bergman film "Stromboli" be cancelled here. Commissioner Carl Canwell said the film had not been banned. He said the board's recommendation was made to theater operators on the basis that showing of the film here would not be "in the best interest of the community." The Motion Picture Producers' association in Hollywood was advised of the board's recommendation. "The censor board wishes to be fair with the distributor and exhibitor of the film," Canwell said. "For that reason, we first are requesting that they volun-

tarily cancel the booking at Spokane theaters." The film is scheduled for its first showing here Friday.

Rossellini Protests Censoring of Film

Rome, Feb. 16 (AP)—Roberto Rossellini said today he felt "afraid" for the future of his film "Stromboli," starring Ingrid Bergman. "The RKO studios in Hollywood made so many changes," he complained. The picture has its U.S. premiere today in more than 400 theaters simultaneously. Asked to comment on the first public showing of "Stromboli," Rossellini referred a reporter to his news conference statement

of last week claiming the picture as shown in America "is not my own." He said RKO had proposed to his attorney that "Stromboli" be shown first in the studio's revised version. "If it is not a success," he added, "then they (the studio) would put out my original version." "I think this is a little childish," Rossellini snorted. Willamina — The annual Blue and Gold banquet of the Cub Scouts is being planned for next Friday evening at the Church of Christ. Mrs. Ross Wright has charge of arrangements. "Boy Scout Sunday" was observed at the Willamina Church of Christ honoring Boy Scouts and Cub Scouts.

Dallas Mayor Tells of Cost

Dallas — Mayor Hollis Smith has issued a statement to clarify minds of Dallas voters as to why anticipated cost of a sewage disposal plant here is approximately double of that expected at some other nearby towns. The question was raised when he recently pointed out that the state sanitary authority had ordered the city to have a new plant in operation by the end of 1951. Some of the voters asserted that Independence and other towns along the Willamette were constructing or anticipating construction of plants at half the \$175,000 cost estimated for Dal-

las or less. Reason for the difference is simple, Mayor Smith states. It is due to the fact that the neighboring cities are fortunate in being located on the Willamette river and have a large quantity of water at their disposal. Dallas has no such large body of water to help with the disposition of its sewage, and when the sewage is treated, the water that goes back into LaCreole creek must be pure. This requires the complete digestion by a class A plant. On the other hand, because the large Willamette river can absorb a certain proportion of sewage, the neighboring cities are required only on construct the much less expensive class B plant. The matter of sewage disposal is Dallas' most pressing problem at the present time. It is

FBI Search For Briefcase

Knoxville, Tenn., Feb. 16 (AP)—The FBI and other law enforcement agencies are looking every which way for a briefcase containing up to a half-million dollars in negotiable government purchasing orders. The briefcase disappeared yesterday after it was left in a hotel lobby by its owner, Arthur G. Huey of Minneapolis, Minn., regional engineer for the U.S. fish and wildlife service. Huey said he set the case down in the lobby and stepped into the hotel's dining room. "When I returned it was gone," he said. Two men who left the hotel shortly before the loss was discovered are being sought. "It might have been a mistake," Huey suggested. He added that the purchasing orders amounted to "a blank check signed by Uncle Sam." Huey was on his way to the nearby Oak Ridge atomic plant on business. He said it was unlikely that the orders would be accepted for any large amount unless a person seeking to use them could provide identification.
