

### Loan Fund Is Aid to Students

If you were a member of the Salem high school student body this problem wouldn't worry you at all. Recently the Salem high girls' league set up a loan fund which is open to all students at Salem high if attending full or part time.

Loans ranging from 5 cents up to \$2 may be obtained through this fund. The funds were obtained through sales of magazine subscriptions earlier this year.

The loans are to be returned within a period of one week or the student's name is put on a black list.

If a student needs a loan to purchase glasses or needs dental repairs a larger sum of money may be borrowed from the office by consulting Miss Elizabeth Gilbert, girls' league adviser.

Miss Gilbert also heads the loan fund board committee, made up of students representing each class in the school.

The troop met at the school luncheon room with Betty and Marilyn Knepper as hostesses, with 16 girls attending. Mrs. Gerald Knepper was a guest. There was a valentine party, with the troop sending valentines to the committee members.

### Mercy Slayer On Probation

Copenhagen, Denmark, Feb. 16 (AP)—A 43-year-old woman who testified she killed her son to spare him the agony of epileptic fits was released on probation yesterday after being convicted of manslaughter.

Mrs. Agnete Soendergaard said she carried out the mercy killing by turning on a gas jet while her 17-year-old son slept in the kitchen. The next morning she called the police.

She said she decided to kill the youth, who had spent most of his life in mental institutions, after seeing his agony during an epileptic fit.

Mrs. Soendergaard was sentenced to two years in prison but was immediately released on probation. Under terms of her probation she will not have to serve the prison term unless she commits another major crime during the five-year probationary period.

### Firemen Summoned But Plumber Needed

Aurora — Clouds of steam rolling out of the attic of Mrs. Catherine Smith in Canby, caused neighbors to telephone a fire alarm which, through an error, sent the smoke eaters scurrying to Fourth and Holly whereas the scene of the disturbance was at Fourth and Knott.

Mrs. Smith herself, was not so worried, but she was annoyed because a hot water pipe had frozen somewhere near the ground and had backed up steam pressure in an attic section of the pipe. The pipe burst, filling the attic with steam, and the hot water system had to be turned off until repairs could be made.

By persistent search and door-to-door inquiry the firemen finally located the cause of the alarm and found that it was a job for a plumber and somewhat out of their line.

Dayton — Mrs. Lloyd Shawver and Mrs. Earle Coburn were co-hostesses for a one o'clock luncheon held at the Coburn home. There were five tables of bridge at play during the afternoon. The high prize was awarded to Mrs. Herman Louis and Mrs. Carl Mitchell was second high. Mrs. Charles Coburn and Mrs. Clare Heider won the special prizes and Mrs. Roy Turner was low. Special guest was Mrs. Shawver's sister, Mrs. Turner of Portland.

### Governor Tells About Oregon

Albany, Feb. 16—Noting that Valentine's day is the 91st birthday of the state of Oregon, Gov. Douglas McKay painted a glowing and inspiring word picture of the state he governs and the possibilities it holds forth, when he addressed the annual Father and Son banquet sponsored by the Men's Brotherhood of the First Methodist church at the church. He departed after concluding his speech to fill a delayed Lincoln day banquet engagement in Portland.

Governor McKay pointed to Oregon's acquisition of 600,000 additional population since 1940, more, he said, than the total population of the state in 1910. This, he said, poses to Oregonians the problem of preserving in their state the things they cherish—their way of life, their game, fish and wild-life resources and out-door recreational advantages, but it also brings to Oregon youth greater opportunity for success in life, with industries to be attracted by abundance of hydro-electric power offering future economic opportunities.

Governor McKay warned that "we must realize America has no corner on brains, and can be greatly menaced by others despite American resources and power."

"The strength of the United States depends on the character, and not the wealth of its people," he said in conclusion.

Bigelow's check represented payment of \$1 for every day he was held by the enemy and failed to receive standard food rations. (Acme Telephoto)

### Pope Improves But Still in Bed

Vatican City, Feb. 16 (AP)—Pope Pius was reported today to be substantially improved after a mild attack of influenza three days ago.

Vatican sources said the 73-year-old pontiff remained in bed for the third successive day. His temperature is reported to be normal each morning but still shows a slight rise in the afternoon.

The pope's doctor, Riccardo Galeazzi-Lisi, has urged him to remain in bed to conserve his energy for Sunday's beatification ceremonies for the Spanish nun Maria Lopez Vicuna. The pope, therefore, has not said mass in his private chapel for the past two days.

If he is well enough, the pope will descend to Saint Peter's basilica Sunday afternoon.

He also is scheduled to address and receive delegates to the third international congress of the Catholic press.

Should his voice not be strong enough to address the journalists copies of his speech will be distributed to them.

### Altar Society Guest

### Salem Man Speaks To Lebanon Club

Lebanon — Speaking against the establishment of a Columbia valley administration in the northwest was Ted V. Tibbutt, Salem businessman, at the Tuesday luncheon of the Kiwanis club.

Tibbutt said that the real danger in the CVA lay in the turn-about in economic thinking manifested by the government. It is a definite break with government tradition, he said.

"I do not favor this positive form of government," he continued, "in which all resources of this part of the nation would come directly under the control of a politically appointed three-man board. 'It is not the free enterprise system which made this country great,' he said.

The three-man board would have control over all the water power, land, forest, mineral, fish and wildlife, and other natural resources of the region, Tibbutt charged.

Another feature of the proposed CVA which Tibbutt spoke against was their power to regulate the size of family farms. Unless a farm is between 10 and 160 acres in size, the owners cannot receive facilities of the CVA, which means water, power or fertilizer, he pointed out.

Tibbutt pleaded for definite action based on facts to defeat the measure which is now being considered by the senate. "The CVA concerns every one of us in this room," he concluded.

### Scio School's Ground Broken

Scio, Feb. 16—A large crowd attended the ground-breaking ceremony at the Hoach athletic field. This was a long-awaited day for Scio and surrounding community, when the new union high school could be started.

The following program was presented, with Albert Wagner acting as master of ceremonies: Number by high school band, invocation by Rev. Elvin Fast, short address and welcome by Mayor Warren. Talk by Ken Purdy, who was chairman when the land was donated by Dr. J. H. Hoach. Other board members at that time included Carl Caswell and Melvin Sweet. Introduction of present chairman of the high school board, Marvin Long, who responded with a few words.

Other members on the present high school board include Walt Miller, Ralph Goller, Howard Shelton and Glen Thurston. School clerks were also mentioned, which included Eunice Barton, Letha Pynch and Rolla Shelton. Shelton, the present clerk, made a short talk.

He was a member of first graduating class after the four-year course high school was started. County School Supt. R. Bennett could not be present so Judge Ethyl Arnold gave a short address in his place. The next one to be introduced was Albert Adams of the Neuman company of Salem. Then the PTA president, Mrs. C. J. Thurston, was introduced who in turn introduced Dr. Hoach and presented him with a spade from the organization. Mrs. L. Crane read an original poem in honor of Dr. Hoach. After Dr. Hoach broke the ground, the high school band played America and several pictures were taken.

The affair was sponsored by the local PTA. The committee in charge included Mrs. Albert Wagner, Mrs. Lonnie Crane and Mrs. Glen Thurston.

### Union Bypasses John L. Lewis

Cleveland, Feb. 16 (AP)—The Cleveland Federation of Labor (AFL) wants to aid striking miners, but it doesn't want the aid to go to them through United Mine Workers union officials.

In a resolution adopted last night, the group urged all affiliated locals to make their contributions of money and food direct to the miners.

Pat Burns, carpenters' union delegate, explained, "we want to support the miners themselves in this fight, but we want to make sure that the aid we give goes direct to them. We don't want it to be sent to John L. Lewis (UMW president) or to officials of that union for distribution."

In another resolution, the CFL criticized use of the injunctive machinery of the Taft-Hartley act in the coal strike.

Silverton — Frank Pickens, president, is announcing the regular meeting of the McLaughlin community club at the school house Friday evening of this week. Planning the program are Mrs. Sievert Furrue and Mrs. Ralph Wostenberg.
