

42 Percent of Red Cross Fund, \$18,464 Is Raised

By MARIAN LOWRY FISCHER

Approximately 44 per cent of the goal of \$42,000 for the American Red Cross fund campaign in Marion county was checked in at the second report session, Friday noon at the Senator—\$18,464 being the total for the day.

Leading divisions for this report session was the educational one, this group listing \$975.30, or 88 per cent of its quota, as in. Connell Ward and Arthur Myers are co-chairmen for this group. The county division, headed by Frank A. Doerfler and Roy Houck as co-chairmen, reported \$1812.15 of its goal of \$15,000 in. At this time last year, only \$3 was in at this time of the drive for this division.

Other divisions reporting Friday listed the following: Governmental, \$2591.23, or 64 per cent; women's residential, \$3,426.02 against its quota of \$7,000; general gifts, \$364.45; special gifts, \$6,819.79; utilities, \$297; industrial, \$361.25; automobile, \$99.50; mercantile, \$243; contractors, \$400; professional, \$1078.50.

The Marion county campaign is 24 per cent ahead of the average national drive to date, stated Robert Colton, drive consultant from the area office of Red Cross. The Pacific area, including eight states, is one per cent ahead of the total at this time last year, he said, complimenting the Marion county directorate for the work it is doing. Walter Musgrave, general county chairman, urged all chairmen and workers to attend the third report luncheon on March 17.

Salem Tops Gains In Bank Debits

San Francisco, March 10 (AP)—Flow of money through banks, a measure of activity, quickened in the far west in February for the first time in eight months. The federal reserve bank reported today that February debits in the 12th federal reserve district gained 4 per cent over February, 1949. This was the first increase on a year comparison basis since last June, when there was a modest 1 per cent rise.

February debits totaled \$9,130,606,000 in the district compared with \$8,740,951,000 a year earlier. Increases ranged from 1 per cent in Stockton, Eugene and Bellingham to 25 per cent in Hanford, Calif., and Ogden, Utah, and 28 per cent in Salem, Ore. San Francisco had a 7 per cent gain and Los Angeles 4 per cent. Declines ranged from 1 per cent in Seattle and Spokane to 11 per cent in Yakima and 17 per cent in Reno.

Girl State Ward Held In Douglas County

Roseburg, March 10 (AP)—State police here reported today the apprehension of a 16-year-old girl who, they said, escaped Thursday from the state hospital for the insane at Salem. She was arrested while hitchhiking near Drain, they said, and is being detained in the Douglas county jail.

Oregon State hospital reported that the girl picked up in Douglas county Friday while hitchhiking near Drain was committed to the hospital from Hillcrest School for Girls here.

Italian Paper Prints Mosley Upside Down

Rome, March 10 (AP)—Sir Oswald Mosley arrived in Rome today and the communist newspaper L'Unita marked the occasion by printing his picture upside down. It explained, "Actually the picture is not upside down. The English fascist leader is a warm admirer of those who were hanged by their feet in Piazzale Loreto." Benito Mussolini and his mistress were executed by partisans at Dongo in April, 1945, and then hanged head down in Milan's Loreto square.

Soviet Minister Dies Moscow, March 10 (AP)—The death of Anatoli Kopytov, Soviet minister of cinematography, was reported here today. The 43-year-old minister died after a short illness.

Testimony Ends In Bridges Trial

San Francisco, March 10 (AP)—Testimony was completed today in the perjury trial of Harry Bridges.

Next week will be devoted to closing arguments and the court's instruction to the jury. Today was the 68th court day of the trial, which opened Nov. 14. There were several recesses. Bridges, president of the CIO Longshoremen's union, was indicted on a charge he lied in his 1945 citizenship hearing by swearing he was not a communist.

Federal Judge George B. Harris excused the jury until 10 a.m. Monday, after mentioning that he would spend the rest of today conferring with attorneys as to instructions he will give the jury before it retires for deliberations.

Judge Harris had a special admonition for the jurors. He urged that they take "great care to keep your minds clear and fair," so as to be able to decide the case "in the light of the arguments and the instructions."

Co-defendants with Bridges are two other Longshore union officials, J. R. Robertson and Henry Schmidt. They were his citizenship witnesses. The grand jury indicted them for conspiracy.

Aiken Guest at Noon Luncheon

Oregon boys should go to Oregon universities and colleges according to Jim Aiken, football coach of the University of Oregon, speaking before the Salem Breakfast club at a noonday luncheon Friday at the Marion hotel.

Aiken declared that if the Oregon schools were to make a good athletic record, it was necessary to recruit all the outstanding Oregon high school players, because even though Oregon is growing rapidly there are far less high schools in the state than in California and eastern states.

Aiken said that the Oregon schools did not get a fair break on schedules from California and as a result were forced to play too many games in the south.

"If we can beat them we won't have to bow to them," he declared.

Aiken was introduced by Alderman Howard Maple. Decision as to whether the club will meet at breakfasts, or at luncheons will be decided within the next two weeks, it was announced. Due to the high school basketball tourney in Eugene next week, the club will cancel its next Friday meeting.

Stork Visits Chennaults Hong Kong, March 10 (AP)—Mrs. Claire Chennault, wife of the former American major general who led the wartime Flying Tigers, gave birth to a 7½-pound daughter today.

Central Howell Unit Has Meeting at Anglin Home

Middle Grove, March 10—The Central Howell home extension unit held an all day meeting in the home of a Middle Grove member, Mrs. John Anglin, Sr., on Silverton road. In the absence of the chairman, Mrs. Theodore Kuenzi the vice chairman, Mrs. Lewis Patterson conducted the business meeting.

The Azalea house chairman, Mrs. Frank Way, was given the unit's annual gift of \$20, for this project. The Associated Country Women of the World chairman, Mrs. Earl DeSart, gave her report and Mrs. Way read a letter from her second pen pal in England, this one in a different part of the country. This was the first letter from her and she is superintendent of an orphanage in England.

The publicly chairman, Mrs. Harry Phillips, reported on the work being done on the scrapbook. The 4-H report was given by Mrs. Patterson. Members voted to enter the centerpiece contest which will be representative of foreign countries, and used on the tables for the festival luncheon. Three choices for project demonstration at the festival were selected.

The unit will sponsor a cosmetic demonstration by Mrs. Robinson at the home of Mrs. Norman Fletcher the evening of March 14. Ten percent of the proceeds up to \$50 will be for the unit treasury and 15 percent for all over that amount. There were 29 members, sev-

Mother Has Three Babies In Three Days

Jonesville, La., March 10 (AP)—A baby a day for three consecutive days—that's the way the 36-year-old wife of a fisherman gave birth to triplets.

Watching the newcomers gurgle milk from their bottles today, Dr. N. G. Nasif, who delivered the babies over the three-day period, said, "I've never heard or read of such a case before."

(In Chicago, the American Medical association said it has no record of any previous triple birth over a three-day period.)

The tired worn-looking mother, Mrs. Lister Hardie, propped herself up on an elbow and smiled at her new son and two daughters.

"They are the last," she said. "Ten children are enough." She has seven other children, all living.

The triplets' birth was an ordeal for the entire town.

First of all Hardie just narrowly beat the stork as he piled full throttle to his motorboat bringing Mrs. Hardie to Dr. Nasif's clinic from their houseboat home anchored several miles up the swollen Ouachita river.

Thirty minutes after their arrival at the clinic, five-pound Jodie Lee, the boy, was born. This was 8 a.m. March 17.

At 9 a.m. the next day six-pound Julia Mae arrived.

And about 1 a.m. yesterday seven-pound Judy Mae was born.

"This is going to crowd us up some," said the father thinking of his tiny three-room houseboat—the residence of the Hardie family which now numbers 12 in all.

"I haven't checked into it," said Dr. Nasif, "but it's the first time I've heard of triplets with different birthdays."

The upset father is 35.

Advise Use Of Psychology

Paul Wolf, manager of the Salem Montgomery Ward stores, urged members of the Salem Credit association Friday to bring the teachings of psychology into their business life.

The former Vienna businessman pointed out that the most important science in the modern world was psychology and that the application of that science to business was as new as the modern world.

He explained that business men, operating under pressure, should consider the human elements which are constantly working to balance out the pressures of our society.

Every person, Wolf said, should ask himself if he were happy in his job, if he lives his working hours in a balanced manner without having to push himself, and if his attitude and approach to life is an art.

"Social peace cannot be achieved as long as we are at war with ourselves," Wolf warned. He said that all persons could be happy, balanced and satisfied if they applied themselves properly to their work.

Pastor Accepts Post

Oklahoma City, March 10 (AP)—Dr. W. Ward Davis, associate pastor of First Presbyterian church here, resigned yesterday to take a similar position at Portland, Ore. He and Mrs. Davis plan to go to Portland in mid-April. Dr. Paul S. Wright, who was pastor of the church here several years, is pastor of the Portland church.

Realtors Adopt Parking Plan

The Salem Board of Realtors Friday noon adopted the automobile parking plan as suggested during a recent meeting by Mayor Robert L. Elfstrom. The action was taken following a report by Coburn Grabenhorst, member of the realtors, without a negative vote being cast.

During the discussion that followed Grabenhorst's report, it was pointed out that private enterprise should not be discouraged in connection with the providing of off street parking space. The streets were primarily laid out for transportation lanes and the city is in no way obligated to provide free parking, said one member.

It was urged that employers provide off street parking for their employees and that "meter feeding" should be discouraged.

Under the Elfstrom plan, certain downtown streets would be widened to provide head-in parking and city owned lots would be developed for parking purposes.

MILITARY MEN AND VETERANS

Friday, March 10 Organized Seabee reserve and volunteer Seabee reserves at Naval and Marine corps reserve training center.

Must Have Records Filed Army Reserve Officers are being reminded by the Army that they have until the first week in April to fill-out and return their qualification record blanks to Oregon Military district headquarters.

The forms are now in process of being printed and mailed to approximately 4,000 officers in the State of Oregon. Their purpose is to give the army up-to-date information on the qualifications of its reserve officers and of the officers' desires in order to make intelligent plans and proper assignments.

The officers are further reminded that they should show the date of their most recent appointment in the ORC and not date of acceptance and that they must complete all items, because the record is largely in the nature of a statement of preferences and future assignments will probably depend upon it. These forms or one similar to them are completed and submitted each year during the first week in April.

In event that reserve officers do not receive the necessary forms they can be secured from the Chief of the Oregon Military District, 225 U. S. Courthouse, Portland, Oregon.

Tax Exemptions Disabled veterans and veterans' widows entitled to a \$1000 property tax exemption must apply at their county assessor's office by April 1 to receive the exemption for the coming fiscal year, the Oregon Department of Veterans' Affairs reminded this week. The exemption is available to any Oregon resident who meets one of the following conditions:

1. He is an honorably discharged union veteran of the Mexican war, the Civil war or the Indian wars.
2. He is an honorably discharged veteran of any other American war and is certified by the veterans administration as having a disability of 40 percent or more, regardless of the amount of compensation or pension he receives.
3. He is an honorably discharged war veteran with a disability of 40 per cent or more which has been certified by a licensed Oregon physician but not by the VA, provided he has not received more than \$2000 in the past calendar year as pension or retirement pay from the government for his military service.
4. She is the unremarried widow of an honorably discharged war veteran.

This benefit must be applied for annually. The exemption applies to the taxable value of the real or personal property which the applicant owns or holds under a recorded purchase contract.

Veterans claiming on the basis of disability must submit a certified statement from either the VA or their doctor, depending on their category. Those certified by a doctor also must submit a statement of pension or retirement income. Widows must submit evidence of the husband's service and a copy of the death certificate.

Musicians to Defend Titles

Salem high school's vocal and instrumental soloists are preparing to enter the district music contest at Lebanon, Saturday, March 11. Last year the Viking musicians walked off with 22 superior ratings out of 34 entrants.

Returning to defend their ratings they received last year are Bonnie Litchenberg, violin; Alice Lehman, clarinet; Loren Bartlett, clarinet and saxophone; Jim Todd, trumpet; Lea Holgate, bass; Ann Gibbens, oboe; Charles Dahlen, baritone; Wayne Mercer, marimba and drums; Max Morris, bass; Celia Weaver, saxophone; Jerry Gillespie, saxophone; Bob McConville, trumpet; Glenn Benner, trombone; Bobby Graham, violin; Mary Ann Wall, violin; Maureen Gustafson, violin; Marvina Langeland, French horn.

The vocal division, under the direction of Howard F. Miller, will send high sopranos Sonia Anderson, Barbara Calloway, Ada Hudson, Lila Krater, Herdis Mickelson, Joyce Younger; medium voice, Wilma Bie, Pebble DeSart, Alice Waters, Carol Woodroffe; low voice, Marilyn Power, Pat Elfstrom, tenor, Jack Nelson, and baritone, Bud Gregson.

Ensembles planning to attend the affair are a trumpet trio composed of Bob McConville, Jim Todd, Dennis Hancock, clarinet quartet composed of Alice Lehman, Loren Bartlett, Ray Conder, Leona Todd. Also a trombone quartet of Glenn Benner, Malcolm Peeler, Bob Doughton and Gary Tippets will enter the contest. Vocal ensembles groups attending the convalesce for competitive honors are the Seniorsettes, Valyries, Melodettes and the boys' quartet composed of Salem high students.

Federal Housing Bill Again Revised

Washington, March 10 (AP)—Senator Maybank (D., S.C.), told the senate today that an omnibus federal housing bill has been revised and reduced "so it will not be the least bit inflationary."

Maybank, chairman of the senate banking committee, opened debate on the measure which includes a chopped-down version of President Truman's proposal to provide housing for

Trade Bureau Not Sponsors

Sponsorship of a questionnaire being circulated in Salem on off-street parking is by a private enterprise, and not the Salem Retail Trade bureau as stated in the Capital Journal Thursday.

The questionnaire, which goes into the subject of off-street parking quite thoroughly, is being circulated among business houses to get information to help the sponsors decide whether they will establish a parking lot in the downtown district.

As in nearly every other growing city in the country the car parking problem is a vital one in Salem, and methods used in various cities are being closely studied.
